Quite an addition to the beauty of the western part of the city is the elegant brick residence being erected by Mr. Geitner.

The residence being erected by Mr. Jim Martin in the northwest part of the city is neat, stylish and comfortable. It will soon be completed.

Mr. H. E. McComb has greatly improved the appearance of College avenue by building a beautiful residence thereon. It is almost ready for occupants.

## Read and Profit.

One day last week Mr. B. F. Sprinkle, of Yadkin, was in Statesville, and on his way home found in the road, between Davis' mill and town, a pocket-book containing \$600. The pocket-book also contained a Landmark subscription receipt bearing the name of Mr. C. S. Holland, of Olin, who had passed that way a short time before. Arriving at the mill Mr. Sprinkle took out one of his horses and put out in pursuit of Mr. Holland, caught up with him and turned the pocket-book and money over. Mr. Holland may well congratulate himself that his pocket-book fell into the hands of so honest a man as Mr. Sprinkle, and he may further be thankful the Landmark receipt was in it, insuring its prompt return.—Statesville Landmark.

This shows that every man should carry a PAID UP receipt for his newspaper in his pocket.

A little case in the mayor's court Tuesday night has told some very careless parents where their "wandering boys" were on a certain night puffing cigarette smoke through a window in the face of a lady. When people turn their young heathens loose on the public is it not time for the city authorities to preserve the peace of society by running the little animals in when dark comes? The small boy and his cigarette will make his mark in this town some of these nights, if some precautionary steps are not taken very soon.

The Farmers' Exchange is a new candidate for newspaper patronage in Fayetteville. It is published in the interest of the Farmers' Alliance, but does not propose to engender bitterness or strife between the farmers and other classes of people, for it realizes that every class is interdependent, one upon another, and the interests of society and true prosperity require that all should work together as a harmonious whole.

We extend our best wishes for success.

The elections in the four new States seem to have gone Republican, except in Montana where Toole, Democrat is elected Governor and the Legislature is in doubt. Both the Dakotas voted prohibition in their constitutions which is comforting to good citizens everywhere.

## FATHER BOYLE CONVICTED!

SENTENCED TO BE HANGED  
NOVEMBER 29TH.

### An Appeal Granted.

The Catholic Priest, Father Boyle, who has been on trial, in Raleigh, for his life for the heinous crime of defaming the good character of a young girl, 17 years old, has been sentenced to receive his just deserts. His sentence was that he should be hanged on the 29th of November. A new trial, or an appeal, has been granted, but we hope the higher court will sustain the verdict rendered.

Boyle's coolness and impertinence during the trial and his evident perjury on the witness stand, added to the crime he has committed, makes him a fit subject for the gallows.

## N. C. Industries.

## New York Wins.

New York has won the championship of the National Base Ball League after the most exciting finish ever known to the League's history. For the past month, New York and Boston have been neck and neck for the lead, and it was not until the final game was played Saturday that the championship was decided.

If gossips—and every person knows when they gossip—knew how well they are known and how they are despised by all classes except their own, we think there would be less of it. We know some who think themselves hidden, but they had as well wear placards labeled, "hypocritical gossips."

There were two convictions for manslaughter in Yancey county at the last term of court. A mere lad goes to the penitentiary for two years, and John Murphy for killing John Hughes gets 20 years.

## In Their New Store.

The new and handsome brick building put up by Mr. Henry Wagner has just been completed and was last Tuesday occupied by the new firm of Wagner and Killian. The store-room is 80x25 feet and is finished up in our natural pine wood. It has a glass front with large show windows and withal is a beautiful building, elegantly finished and is now well stocked with goods by this enterprising firm. Call on them in their new building and you will get great bargains.

## New Residents.

On last Thursday morning there arrived at the residence of Mr. C. C. Bost, Mr. Bost, Jr. He is a fine boy and the pride of his family.

A beautiful young lady, Miss Field by name, arrived at Mr. T. E. Field's last Wednesday night.

These people are new and we hope when they are grown all the gossips will have died.

The Monroe Register is a new venture on the sea of newspaperdom in the growing town of Monroe. It doesn't expect to please everybody, but will present its views so as to avoid offense to fair-minded men, even of contrary views. It says:

"In politics the Register believes in and will advocate the principles of Democracy, but reserves the privilege of criticising and condemning all measures it may consider detrimental to the interests of the people, no matter from what source they may originate."

It is \$1.50 a year and we hope for it success and long life.

Big preparations are being made for the Fayetteville Centennial celebration November 22nd and 23rd. Mr. Jule S. Carr is Chief Marshal and his staff is selected from the most distinguished men of the State. Mr. J. G. Hall has been invited by Mr. Carr to be one of his staff.

## A Correction.

MR. EDITOR:—A few words in correction of the notice of the death of Rev. P. G. Henkel, D. D., in last week's paper, reproduced from the Globe, will not be inappropriate.

As to his age, he was sixty-nine years, one month and six days old.

His father, the Rev. David Henkel, was not the founder of the Tennessee Synod in 1848; neither was said synod founded then, but in 1820. Rev. David Henkel was not present at the formation of the Tennessee Synod; and though during his life time he was an able member and warmly attached to that synod, he was never promoted to any preferment among them. The appellation "Henkelites" was a reproachful epithet cast upon the members of the Tennessee Synod by their opponents, who found the Rev. David Henkel a most formidable antagonist to all error which they cherished in their respective synods. The term "Hinkelites" is not known to us.

The Rev. P. C. Henkel was, during his life, a warm supporter of the doctrines of the great Reformer, which he believed to be in accordance with the teachings of the Bible. His father was an able theologian, whose extraordinary intellectual vigor was inherited by his son.

Let this suffice, as there will be a further account of the doctor's death, etc., by another writer.

## McDowell Court.

Judge Phillips is holding court in Marion this week. His charge to the grand jury was lengthy, pointed and forcible. For certain local reasons he dwelt upon the crime of compounding felonies, and it would be no surprise if some presentments on that line were made. There were 75 cases on the State docket and a number of others bound over to the term.
