### WHAT NEXT?

Two English bankers having bagged \$10,000,000 of United States gold because of their willingness to buy \$65,000,000 of United States bonds and to "protect" the people's treasury for a few months, it might reasonably be supposed that they had had enough of a good thing. But this seems to have been merely in the nature of a taste. The two bankers have smacked their lips over it and their opinion seems to be that a little more would do no harm.

Consequently, they have surrendered their control of the treasury and left the way clear for their brethren to rush into the treasury and cart away the gold. Just at present there is a lull in this business, but we may be sure that the treasury will be again raided whenever the foreign bankers think that the time has come for them to rake in a few more millions.

The performance of the two British bankers in "guarding" the treasury has proved too much. It has proved that a few financiers are able to corner all the available gold in this country and in London, and in that way control the exchange market. From February to September, the syndicate performed this feat, and it is a feat that ought to open the eyes of the people to the ability of the money power to manipulate the available money supply of this country to its own profit and to the loss of those who produce the wealth of the country.

In the face of the so-called "prosperity" which the people are now said to be enjoying it is safe to say that we are on the eve of some very interesting developments.—Atlanta Constitution.

We are greatly pleased with the Kelly-Messenger, a weekly newspaper just issued by the deaf and dumb at the new Asylum at Morganton. We take very much interest in the welfare of this class of people, and watch their course with much interest. We are at once drawn to this little publication because one of the compositors at work on it worked in the office of the PRESS AND CAROLINIAN and learned the business with us, Mr. Oscar Yoder. This class of work is just the very thing for deaf and dumb people. It is suited to them and is the very best aid possible to their becoming informed on matters and things in general as well as in particular. They learn to set type very readily. It is an ocular lesson and conveys some idea of the thing or subject under consideration. We are glad to note the appearance of this paper, but would suggest that they get some ink.

Mr. Westinghouse of Pittsburg, Pa., seems, like Mr. Edison, to be an alleviator of the woes of mankind. He has brought to a successful conclusion investigations whereby coal is to be made a generator of motive power from what may be termed the "first process." His new invention proposes to make a motive power of coal without its generation into steam. This will revolutionize the business and make him the first citizen of the World.

### WHAT DOES IT MEAN.

It is now rumored—and the rumor has gone as far as Madrid—that the administration has notified the Spanish minister at Washington that Spain should act promptly in her efforts to crush the insurrection in Cuba.

That is denied in Washington, but not on the authority of any one connected with the administration. An anonymous newspaper correspondent merely gives it out as his belief that it is highly improbable that such a hint could have been given to Spain.

If the hint has been given, it would be interesting to know what it means. It is open to two constructions. One is that the administration wants Spain to make haste to conquer the Cuban patriots so that it may not be called on by congress to recognize the belligerent rights of those who are making an effort to establish self-government. The other is that the hint is in a nature of a warning to Spain that unless the patriots are promptly conquered and destroyed this government will be compelled by the popular voice to recognize their belligerent rights.

The people of the country are making things very uncomfortable for the Tories. They are beginning to discuss the Venezuelan question in no pleasant way, and in all parts of the republic they are making demonstrations of sympathy for the Cubans.

When congress meets we think the desires of the people with respect to Cuba will be carried out.—Exchange.

### EXCHANGE OLIO.

Mr. Tom Reed's boom would be bigger if it had a man like a Quay to inflate it.

The Washington Post insinuates that Teddy Goosemelt is a pot-hunter.

Editor Watterson is not rushing to the support of Wat Hardin with the vim that is characteristic of an old-fashioned democrat. Meanwhile Hardin is marching right along to victory.

It is thought that the wires of the McKinley boom are crossed.

There is more misery in the mind of one presidential candidate than there is in the minds of seventeen inmates of a charity hospital.

Secretary Carlisle has made a tour of Boston, not on government service. Will he draw his salary for the time he is absent? In the lingo of Shakespeare, "Aye, aye!"

The democratic victory in Indianapolis rather caves in Mr. Harrison's grandfather's hat.

Sackville's attack on Bayard is uncalled for. Bayard is a more loyal Britisher than Sackville himself.

The British newspapers have already begun to defend Mr. Bayard. And he richly deserves it.

### Indianapolis Democratic.

The Republicans of Indianapolis, Ind., suffered the heaviest defeat in the history of the city in the municipal election on the 8th inst. Fairly complete returns show that Thos. Taggart (Democrat) is elected Mayor by about 4,000 plurality and the rest of the Democratic ticket by about 3,200.

Two years ago the Republicans carried the city by 3,100 and last year the city went Republican by 2,479 on the State ticket. This change of 6,500 in the result is accounted for by about 4,000 stay-at-home Republicans, and from 1,200 to 1,500 Republicans voting the Democratic ticket.

It is an old story about tramps, yet it is a fact that Charlotte never before saw the like of them. The tide is flowing southward. The tramps come into town on the main line of the Southern. They leave the cars at the stopping point of the incoming trains at the crossing near the Air Line junction, and scatter about town. A resident near the embankment place wants the city to post up a big notice warning tramps to keep straight on, or tarry awhile with the chain gang.—Ex.

### Sarah Lenoir Hall.

Miss Sarah Lenoir, daughter of Hon. J. G. Hall and Annie Jones Hall, died at her home in Hickory, N. C., on Friday the 11th inst., at 9 o'clock in the evening. She was born Oct. 29, 1881, was baptized in the Episcopal church by the Rev. John Huske, March 26, 1882, and was confirmed in private, being unable to sit up, by the Rt. Rev. Dr. Joseph B. Cheshire, on the 17th day of June, 1895. Bishop Cheshire came to Hickory at her especial request and the reception of the holy rite of confirmation was a source of infinite comfort and strength and happiness to her. Though young in years she was rich in faith and hope and love. Her sufferings were very great, but she bore them with marvelous, it may be with unexampled patience and fortitude. Not a word of complaint, not a murmur escaped her. She felt that God was her Father, who had afflicted her not in anger but in love. She was at all times resigned to His holy will, even when her sufferings were most acute. She had no fear of death. Perfect love had cast out fear. I never saw a braver, humbler, gentler, more heroic sufferer. "Out of weakness" she "was made strong." The church should thank God for the gift of such a life as this, as brief as it was. It will ever be an inspiration, a comfort and a blessing to me and to all who knew her. On Saturday afternoon at 1 o'clock, a portion of the burial service was read at the residence of Mr. Hall by the Rector of the Parish and the Rev. E. A. Osborne, of Charlotte. Mr. Osborne made a few comforting, touching remarks, after which the body was carried to the station, attended by many sorrowing friends, preparatory to its removal, for interment, to Caldwell county. On Sunday morning she was buried in the cemetery of the Chapel of Rest in the Happy valley. The service was read by the Rev. James A. Weston to a very large congregation, many of whom could find no seats in the church. The sermon was preached from the text, "She hath done what she could."—St. Mark xiv:8. We left her in God's Acre, seemingly consecrated by Nature to holy uses near the graves of her grandparents, General and Mrs. William F. Jones—asleep in Jesus.

—Blessed sleep  
From which none ever wake to weep."  
J. A. W.  
Hickory, N. C., Oct. 15, 1895.

### Fine Him if he Breaks the Law.

The Rutherford Democrat this week says: "We are informed that President Cleveland has accepted an invitation from Col. Frank Coxe to spend several days with him at his delightful Green River farm shooting quail. Mr. Cleveland will stop over with Col. Coxe as he returns from Atlanta about the 25th."

25th of what? October? If so, and the President kills any "quail" before November 1, some cross roads magistrate ought to haul him up and fine him \$5 fine for each bird killed. "Quail" sounds heightened, but they all know that it is nothing more nor less than our ordinary every day "partridge."—Charlotte News.

Rev. J. M. Lyerly will assist the pastor in the fall communion at Pilgrim, Nov. 3rd. In connection with this service the annual protracted meeting will be held continuing several days. Bro. Lyerly and the pastor were college class-mates.—Corinthian.

Are you taking SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES?" That is what our readers want, and nothing but that. It is the same old friend to which the old folks pinned their faith and were never disappointed. But another good recommendation for it is, that it is BETTER THAN PILLS, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons Liver Regulator.

Be sure you get it. The Red Z is on the wrapper. J. H. Zeilin & Co., Philadelphia.

### County Commissioner Connelly Resigns.

The County Commissioners met last Monday and Tuesday and among other business, Commissioner Horace W. Connelly, of Connelly's Springs, resigned as a member of the Board. We regret to chronicle this fact, as it is a loss to Burke county of an efficient official and a respected citizen, and also a surprise to Mr. Connelly's numerous friends who will miss him. Mr. Connelly will leave this county for Greensboro, N. C., where he goes to live. His action, we understand, is on account of his daughters' education. They are at Greensboro Female College and Mr. Connelly wants to be with them, so he will move to Greensboro. He leaves Connelly's S rings next week for his new home. Horace Connelly is too well known here to need comment of any kind on his life, everybody knows him for a broad minded, progressive, christian gentleman, and any community will be better off by having him in it. He has served as a Commissioner of the county of Burke for several years and has always given entire satisfaction. We regret to give Mr. Connelly up, and the only consolation to his friends is, that in a few years, at most, he will return and be with us again.—Morganton Herald.

### HOW TO MAKE A FORTUNE

\$100.00 for every \$10.00 invested  
can be made by our new  
SYSTEMATIC PLAN OF SPECULATION

\$10.00 and more made daily on small investments, by many persons who live away from Chicago.

All we ask is to investigate our new and original methods. Past workings of plan and highest references furnished. Our Booklet "Points & Hints" how to make money even when on the wrong side of the market and other information sent FREE.

GILMORE & CO., Bankers and Brokers,  
Open Board of Trade Bldg., Chicago, Ill.

## DUKE CIGARETTES

### Corean Queen Killed.

YOKOHAMA, Japan, Oct. 11.—The latest advices from Corea confirm the original report of a recent serious uprising in Seoul. It is supposed that the Queen of Corea has been killed by the Anti Reformers, who headed by Tai Reon, Kin, the King's father, forced an entrance into the palace at the head of an armed force.

There is great excitement, which has caused the Japanese troops to take possession in view to restore order.

### Notice!

Having qualified as Executor of the will of Eaton Hiltcock, deceased, I hereby notify all persons having claims against the estate of my testator to present them to me on or before the 15th day of October, 1895, and persons indebted to the said estate will make settlement with me. Dated this October 17th, 1895.

E. B. CLINE, J. E. HATHCOCK, Attorney. 42-61
