PERSONAL MENTION.

Mr. C. M. McDowell returned Monday from a visit to the south. Mrs. C. P. Snodgrass, of Raleigh, is visiting kinfolk in this county. Esp. N. P. Beck has gone to Johns Hopkins Hospital for treatment. W. C. Newland, Esq., of Lenoir, was in town Tuesday and Wednesday. Mr. Ed Hallyburton left on yesterday for a visit to kinfolk in McDowell. Miss Rosa Milner, of Taylorsville, is visiting Miss Lizzie Avery on Cannon creek. Ex-Sheriff E. P. Moore, now of Chester, S. C., is on a visit to his son, Mr. T. P. Moore. Prof. E. Walter Sikes, of Wake Forest College, is in Morganton in the interest of the college. Miss Flossie Little, of Greensboro, is a new inmate at the Hospital. She has several acquaintances here, who trust to see her speedily recovered. News From Western Burke. Tony Winters and wife are visiting kin and friends on Cannon and Linville. Miss Lura Lackey, daughter of ex-Sheriff Lackey, is teaching our public school. Mr. R. P. Nantz is teaching the public school at the academy at Table Rock. Mr. James Winters, of Quaker Meadow, with his family, are visiting on Linville. Miss Hattie Alexander, of Winston, daughter of the late Pink Alexander, is visiting relatives in Burke. The health of this community is very good; not a single case of fever up to date, and we hope there will be none. Miss Winnie Patton, daughter of Rev. R. L. Patton, is teaching the public school at the Will English school house. Some of the boys of Irish creek scared a big bear to death one day last week. There is fresh meat a plenty on the creek now. The Mormon elders are still representing their church and enjoying the hospitalities of the woods. It is about time for them to leave this neck 'o' woods. Capt. C. A. McGimpsey is pushing his new house to completion. He has four hands at work on it, and if no accident occurs, by frost he will warm his shins in a new house. Mr. S. W. Haney, of Philadelphia, is paying his fine farm on Linville a visit. He came in time to see his crop of wheat threshed, which was a good one. He made an about 20 acres 28 1/2 bushels, the largest crop on the river so far as heard from. The weather is extremely hot up here now, and judging the future by the past, will be until frost. Corn is looking fine and it continues to rain every few days for a month there will be one of the largest crops ever grown in this country. Wheat is about all threshed and the yield is good. There are but few farmers who did not make more than they did last year, and some more than they ever made in their lives. July 25. P. W. Patton.
