NEWS OF THE STATE.

Items of Interest from North Carolina.

The fig trees in all parts of the State were destroyed by the severe winter.

Receipts at the Winston post-office have more than doubled during the past year.

Mr. B. L. Perry will have charge of the Atlantic Hotel at Morehead City this summer.

The Enterprise says work has begun on an extension to the Newton Cotton Mills. A cotton warehouse, 30x80, will be built.

The Gazette says that as many as seven victims of the tobacco habit in Gastonia have taken the Kewley and have renounced the weed and the smoke thereof.

The Record says Grant Poe, a married man of Chatham county, eloped with the wife of Eli Beal a few days ago. Poe left a wife and five small children and the woman left a husband and two children.

The Young Men's Christian Institute, erected by the colored people at Asheville, assisted by Millionaire George Vanderbilt, has been opened. A concert was given by the colored people. Mr. Vanderbilt and party attended.

The Landmark says that work on the Statesville Cotton Mill, begun Tuesday last week, and that the Morgan Manufacturing and Trading Company has secured the contract to furnish frames and sash for the new mill.

Mrs. George Smith, of Mecklenburg county, recently gave birth to three children, all girls. They are doing well. Six months ago Mrs. Victory Brawley, a neighbor of Mrs. Smith, gave birth to triplets, says the Charlotte News.

Hardy Hines, a thrifty colored farmer of Halifax county, had laid up eighty dollars in gold, and the proceeds of several bales of cotton. A few nights ago he was awakened by a house and took these savings of a life time, in all about two hundred dollars.

The Oxford Ledger says there are 10 persons in the Granville county work house and last month it took 360 pounds of meat or 36 pounds to each inmate to run the institution. The Ledger thinks this is feeding a little too high and calls for an investigation.

The Goldsboro Headlight is responsible for the following: The champion egg eater of this county is Lynn Bass, in New Hope township. Last Saturday he devoured three dozen hard boiled eggs, a quart of peanuts and drank a quart of wine, all on a bet. Will Long, of the same neighborhood, attempted to do likewise but only got away with one dozen boiled and one dozen raw eggs.

There is a man at Redlands, California, by the name of David McCoy, who will soon celebrate his 104th year if he lives a few days longer. He was born in Burke county, N. C., on the 2nd of May 1790. He is hale, hearty and is looking to many more years for this life. He served in the war of 1812. He left North Carolina in 1811. He has lived in Kentucky, Maryland and Missouri, and now lives in California. —Wilmington Messenger.

Mr. W. T. Tucker, a one armed veteran of Polkton, went out squirrel hunting Tuesday morning. In jumping across a branch he dropped his gun, which went off, tearing his left foot literally to pieces. He lay in this condition for an hour, not being able to attract any one's attention. Finally he crawled a mile and a half with one foot and one arm, his other foot mangled and bleeding profusely. His recovery is thought almost impossible. —Charlotte Observer.

The Greensboro Record has been shown the plans for the Holt monument soon to be erected at the Guilford Battle Ground. It is to be a handsome piece of work; the base is five feet square and two feet high. The next piece is four feet square and fourteen inches high, the die is to be three feet high and three feet square, surmounted by a cap fourteen inches high. There are to be two bronze plates costing \$185. On one is to be the coat of arms of the State; on another will be inscribed: Erected by Gov. T. M. Holt, 1893, while suitable historic inscriptions will be placed on the others. The whole is to be of Mt. Airy granite.

A vast deal of money will be set afloat in Gaston county this year. In addition to the money already in general circulation, there are enterprises on hand and to be developed during the year which will largely increase its volume. The Trenton Cotton Mills now building will require from \$50,000 to \$75,000, a large portion of which will be spent right at home. The Gastonia Cotton Manufacturing Company have just let the contract for 1,000,000 brick for the new building to go up this summer, which all told will cost upwards of \$10,000; a weaving mill will probably be built in the fall by the same company, which means not far from \$20,000 more; the High Shoats syndicate will probably invest a quarter of a million to start with. These are all big enterprises for Gaston county and we extend them our cordial salutations and most hearty good wishes. —Gastonia Gazette.

North side of the river a mile and a half from Kinston.

THE LUMBER AT KINSTON.

A Destructive Fire Last Friday Afternoon.

A LOSS OF \$15,000 ENTAILED.

A Church and Ten Other Buildings Destroyed—Goldboro and New Bern Called Upon for Help.

KINSTON, N. C., April 21.—Fire started this afternoon in a colored church, near Kinston Lumber Company's plant. The church and ten other buildings were destroyed.

The residences were those of A. Mitchell, E. M. Hodgins and Mrs. Potter. The large gin house and fertilizer mill of A. Mitchell was also destroyed. Several of the buildings were occupied by negroes. The total loss is about \$15,000. The colored church was insured for \$700. Mitchell had \$3,500 insurance on his residence and \$2,000 on his mill. The wind was very high but in a favorable direction though it shifted a little at one time but not enough to cause further destruction. Fire engines were telegraphed for and Goldsboro, but the fire had expended its fury and it was not considered necessary to unload them. Our people appreciate the willing response to the requested aid in our time of danger. It is fortunate that no more destruction was done. The cause of the fire is not known for certain. —News and Observer.

The Boston Bridge Cases Compromised.

All the suits against the Richmond and Danville Railroad, growing out of the wreck at Bosman's bridge, near Statesville, on the 27th of August, 1891, in which 22 persons were killed and 30 wounded, have been compromised. There were 13 of these cases in Ireddell Superior Court and the following amounts have been allowed in each case:

Death claims—J. C. Brodie, \$5,000; W. M. Houston, \$5,000; Chas. G. Weber, \$2,000; Miss Ophelia Pool Moore, \$2,000; Mrs. Susan Pool, \$2,000; Hugh K. Linster, \$2,500; A. Davis, \$1,200; Rev. J. M. Sikes, \$3,500.

Claims for injuries—J. F. Holler, \$2,000; Mrs. Naomi Hayes Moore, \$1,500; Miss Louella Pool, \$1,500; O. W. Larson, \$1,000; G. W. Bowley, \$1,000.

Messrs. Bingham & Caldwell and R. Z. Linney were attorneys in the Linster and Davis cases and ex-Judge D. M. Furches in the case of Rev. J. M. Sikes. Messrs. Armfield & Turner were attorneys in the other ten cases.

There were a number of suits entered at Asheville, Salisbury and other places. We understand that all of these have been compromised. The Lexington Dispatch understands that A. L. Sink and wife have been allowed \$3,000. This case was in Davidson Superior Court. We have not learned what amounts were allowed in the other cases, but it is safe to say that the wreck, first and last, cost the Richmond and Danville Railroad at least \$100,000.—Statesville Landmark.

Deputy Marshals Appointed.

Marshal Allison has made the following appointments of deputies for the counties named:

Caldwell—D. T. Day, W. L. Swanson.

Allegany—Jas. F. Kendall.

Wilkes—N. W. Gray.

Catawba—N. W. Jones.

Randolph—C. C. Moffitt, Jno. F. Jones.

Davie—J. B. Ford.

Burke—Chas. Campbell, Shuford S. Lane.

Watauga—N. N. Colvard, David Norris.

McDowell—Decatur L. Dares, Geo. S. Sandlin, J. S. Finley.

No appointment has yet been made for Ireddell.

Mr. E. M. Goolsby, who was a clerk in the marshal's office under Mr. Glenn, remains with Marshal Allison for the present. He is here this week and will move his family to Statesville in a short time. Mr. J. B. Armfield, whose appointment as chief clerk has been already noted, is exactly suited for the place and is fast becoming familiar with the duties of the office. —Statesville Landmark.

Hard on the Fortune-Tellers.

A bill has been approved by the House judiciary committee of the Illinois Legislature and will, it is said, become a law, which is designed to put an end to fortune-telling, mind-reading and other like supernatural performances for pay. A person who undertakes to tell, by any means, his fortune or other matter will under this law be deemed a common swindler and pay a fine from \$25 to \$100 for each offense. Not only so, but publishers of books and papers who insert the advertisements of the seers are to be fined.

This is hard on the prophets, but it is hard also on persons who are impatient about the coming of that "dark complected gentleman" or that "beautiful lady with sandy hair." Soon all the romance will vanish out of sight if coffee grounds and furrowed palms are not to be allowed to reveal the pleasant things the future has in store for us. —Baltimore Sun.

Some Strange Misconceptions.

Much of the Russian leather comes from Connecticut. Barkers, who come from California, Illinois, Kentucky, French lace from New York, and Spanish mackerel from the New Jersey coast. Dr. Pierce's Golden Medical Discovery comes from Buffalo, N. Y., but there is nothing in its name to criticize for it is truly golden in value, as thousands testify. Consumption is averted by its use, and it has wrought many positive cures. It cures torpid liver and kidneys, purifies the blood, banishes dyspepsia, restores the system as nothing else will do. What is more, it is guaranteed to do all this, or the price is refunded.

THE HERALD Office for Job Work.

MR. DAVIS'S REMAINS.

Schedule of the Proposed Stages of the Funeral Train.

TO STOP IN RALEIGH.

A Letter from Governor Carr, of North Carolina—The Excursions to the Richmond Crematorium.

The Richmond Dispatch of April 20th says: The meeting of the Jefferson Davis Memorial Association was held yesterday afternoon at 5 o'clock, with the president, Hon. J. Taylor Elliott, in the chair. The following members were present: General Peyton Wise, Hon. George L. Christian, Colonel John R. Cory, Messrs. J. S. Elliott (treasurer), Messrs. W. B. Chesterman (secretary).

At the suggestion of the president the following stages of the funeral train were agreed to:

Leave New Orleans 7:30 p. m., May 28th; leave New York 10:30 a. m., May 29th; arrive Montgomery 8 a. m., May 29th; leave Montgomery 11 a. m., May 29th; arrive Atlanta 4:30 p. m., May 29th; leave Atlanta 8 p. m., May 29th.

Brief stop at Greenville, S. C. (It will be late at night).

Reach Greensboro 8 a. m., May 30th.

Arrive at Raleigh 12 m., May 30th; leave Raleigh 3 p. m., May 30th.

Arrive at Richmond 9 p. m., May 30th.

The Association is desirous, if possible, of avoiding the detour from the main line to Raleigh, but it realizes the obligation to do that which our North Carolina friends may consider most agreeable in their efforts to honor the memory of President Davis, and therefore, on motion of Mr. Elliott, it was resolved that the president be requested to communicate with the Governor of North Carolina and to have the North Carolina demonstration at Greensboro located at Raleigh. It has been found altogether impracticable to stop at Charlotte for any such demonstration, inasmuch as the funeral train arrives there at a very late hour of the night.

TO RAISE MONEY.

Great efforts are being made in this city on the 1st and 2d days of June to raise money for the benefit of the Davis monument fund, and it is agreed that at the next meeting of the board of trustees would be appointed to solicit contributions from our citizens on those days and to make their report to this board on June 3d, which is Mr. Davis' birthday.

The resignation of Major Lewis Ginter as vice-president of the association was presented by the secretary and accepted.

On motion of Mr. Elliott, Col. John B. Parrell was elected a member of the board to fill the vacancy.

GOV. CARR WILL COMPLY.

The following letter was received yesterday:

RALEIGH, N. C., April 17, '93.

Gen. Thomas J. Braxton, Commanding Confederate Veterans of Virginia, Richmond, Va.

Dear Sir:—Replying to your letter in reference to the transportation and reinterment of the remains of President Jefferson Davis, I am instructed by Gov. Carr to state that your request will be complied with and results carried out as far as practicable.

I have the honor to be, yours, very respectfully,

S. F. TELFAIR, Private Secretary.

The resolution referred to above was passed by the executive committee of the R. E. Lee Camp, C. V. No. 1, to arrange for the reception and reinterment of the remains of President Jefferson Davis at a meeting recently held, and is as follows:

The Governor of each State through which the funeral train passes is requested to accompany it on its passage through his State.

THE INVITATIONS.

The invitations to the evening exercises are now being prepared under the supervision of Captain Elliott. On the first page is a vignette likeness of President Davis surrounded by a black border 2 of an inch wide. On the second page is the invitation, on the third the list of committees, and the fourth the order of exercises.

These invitations will be sent out as soon as finished to all Confederate camps, officers, and privates of the Confederate army, as many, so far as their addresses can be obtained, and the relatives and friends of President Davis's family.

The reinterment of Mr. Davis's remains will take place on the 31st of May, Hollywood Memorial Day, has been postponed from the 30th to the first named date.

ATLANTA, Ga., April 18.—It is announced to-day that the body of Jefferson Davis will be in Atlanta here on the 23rd day of May, while enroute to its final resting place at Richmond. It is officially announced by the committee on Fulton County Confederate Veterans' Association, of which Mr. Davis was one of two honorary members, Henry W. Gandy being the other, that the body would leave New Orleans on the night of May 28th, accompanied by an escort from the Louisiana veterans on the morning of the 29th.

The funeral train will arrive in Atlanta about 4 o'clock on the afternoon of the 29th and the body will be conveyed to the State Capitol, where it will remain until 7 o'clock, leaving at 8 o'clock for Richmond. The Confederate Veterans' Association will be in a body, meet the funeral train and accompany the remains to the Capitol and back to the depot. A committee will go on to Richmond with the committee from New Orleans and Montgomery.

Very interesting North Carolina facts.

Think of it—In North Carolina there are forty-three mountains 6,000 feet and upward. There are eighty-two more than 5,000 feet and closely approximate 6,000 feet high. There are innumerable mountains that are 4,000 feet high and approximately 5,000 feet.

There are over eighty streams in North Carolina. Total length between 3,000 and 4,000 miles. Total water power 3,250,000.

There are 67,000 in number of small lakes, the largest with an area of ten miles.

There are a great number of woods and bays. Two are large. Pamlico being 25 miles in length and from 15 to 25 miles wide, and Albemarle is miles long and from 5 to 15 miles wide.

The forests of North Carolina are extensive. In extent, variety and value they are of great importance. It is a fact not generally known that many of the trees and shrubs now familiar to European ornamental and economical uses were introduced from North Carolina. To see how remarkable the variety remember this:

12 species of oaks in the United States; 19 are found in North Carolina; 4 species of pine in the United States; 5 are found in North Carolina; 2 species of spruce in the United States; 4 are found in North Carolina; 2 species of hemlock in the United States; 2 are found in North Carolina; 2 species of magnolia in the United States; 5 are found in North Carolina; 2 species of yew in the United States; 2 are found in North Carolina; 2 species of cypress in the United States; 2 are found in North Carolina; 2 species of cedar in the United States; 2 are found in North Carolina; 2 species of juniper in the United States; 2 are found in North Carolina; 2 species of redwood in the United States; 2 are found in North Carolina; 2 species of white pine in the United States; 2 are found in North Carolina; 2 species of larch in the United States; 2 are found in North Carolina; 2 species of spruce in the United States; 2 are found in North Carolina; 2 species of fir in the United States; 2 are found in North Carolina; 2 species of pine in the United States; 2 are found in North Carolina; 2 species of oak in the United States; 2 are found in North Carolina; 2 species of maple in the United States; 2 are found in North Carolina; 2 species of birch in the United States; 2 are found in North Carolina; 2 species of ash in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apple in the United States; 2 are found in North Carolina; 2 species of pear in the United States; 2 are found in North Carolina; 2 species of peach in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apricot in the United States; 2 are found in North Carolina; 2 species of almond in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of maple in the United States; 2 are found in North Carolina; 2 species of birch in the United States; 2 are found in North Carolina; 2 species of ash in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apple in the United States; 2 are found in North Carolina; 2 species of pear in the United States; 2 are found in North Carolina; 2 species of peach in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apricot in the United States; 2 are found in North Carolina; 2 species of almond in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of maple in the United States; 2 are found in North Carolina; 2 species of birch in the United States; 2 are found in North Carolina; 2 species of ash in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apple in the United States; 2 are found in North Carolina; 2 species of pear in the United States; 2 are found in North Carolina; 2 species of peach in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apricot in the United States; 2 are found in North Carolina; 2 species of almond in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of maple in the United States; 2 are found in North Carolina; 2 species of birch in the United States; 2 are found in North Carolina; 2 species of ash in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apple in the United States; 2 are found in North Carolina; 2 species of pear in the United States; 2 are found in North Carolina; 2 species of peach in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apricot in the United States; 2 are found in North Carolina; 2 species of almond in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of maple in the United States; 2 are found in North Carolina; 2 species of birch in the United States; 2 are found in North Carolina; 2 species of ash in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apple in the United States; 2 are found in North Carolina; 2 species of pear in the United States; 2 are found in North Carolina; 2 species of peach in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apricot in the United States; 2 are found in North Carolina; 2 species of almond in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of maple in the United States; 2 are found in North Carolina; 2 species of birch in the United States; 2 are found in North Carolina; 2 species of ash in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apple in the United States; 2 are found in North Carolina; 2 species of pear in the United States; 2 are found in North Carolina; 2 species of peach in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apricot in the United States; 2 are found in North Carolina; 2 species of almond in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of maple in the United States; 2 are found in North Carolina; 2 species of birch in the United States; 2 are found in North Carolina; 2 species of ash in the United States; 2 are found in North Carolina; 2 species of hickory in the United States; 2 are found in North Carolina; 2 species of walnut in the United States; 2 are found in North Carolina; 2 species of cherry in the United States; 2 are found in North Carolina; 2 species of plum in the United States; 2 are found in North Carolina; 2 species of apple in the United States; 2 are found in North Carolina;
