On last Friday morning this

The saw mill, which was the scene of this awful tragedy, was located on the Gragg prong of and Bowman was an employee. These two occupied a rude board their rough cough, little dreaming them their souls would be dashed into an awful eternity. About 12 Gragg went down to the mill to work and the scene that was presented to him was appalling. He soon spread the news of the tragedy. The Coroner and the Sheriff at his farm just above the Globe was met by a messenger who in-

formed him of the affair. Coroner Deal, Dr. Houck and Major Ballew went to the scene on sleepers and the floor, to sink Friday evening. They found the shanty a total wreck, its walls and roof piled together in one mass of ruins. The body of Bowman was thrown about 10 feet from the bed in which he was sleeping, with his feet and legs across some timber of the wrecked cabin, and his head hanging over into a little race of water used for conveying the dust from the saw, and Moore's body was lying across Bowman's feet. light the fact that there had been a hollow chestnut log under the shanty with the hollow end immediately under the corner in which namite had been placed in this
