

### Following Men In Service Around the World

This column is devoted to news of men serving their country. Such news is solicited from parents and friends of these men. When writing, be sure to sign your name.

Pvt. Darrow B. Gillis Writes To Mother, Mrs. D. L. Gillis

Here's a few lines to let you hear from me. This leaves me o. k. and I hope it finds you the same. Well, we are away out here in California. I saw the ocean this afternoon; we are about one fourth of a mile from it. They are going to teach us how to swim while we are here.

Since leaving Little Rock I have seen some pretty scenes. It is really worth any man's money to travel over the roads I went over. After we left Texas we were in the mountains all the way. They were covered with snow right over the top and down in the valley the grass was pretty and green. I have been in sixteen states and the most beautiful one is California. It has nothing but rolling hills covered with green grass.

I hope I can see Allen D. while I am here.

Well, I have to close. Write soon.

Mc. Woodrow B. Davis Writes To Mother, Mrs. J. B. Davis.

I am still in the state of Luxembourg. Don't know where, however, I think I will be moving soon.

I am still eating good. We don't get very much sweet foods, I wish we would get more.

I haven't seen Bob yet. I still hope to. There is lots of snow here, the paper says that it is thirty six inches, however, it is over our heads in lot's of places. Write soon.

### LEGAL NOTICE

#### EXECUTORS NOTICE

Having been duly qualified as executor of the estate of William G. Rogers, deceased, late of Person County, North Carolina, this is to notify all persons holding claims against the said estate to exhibit them to the undersigned executor, or executrix, on or before January 15, 1946, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This January 16, 1945.

Thomas R. Rogers, Executor.

Georgia R. Crumpton, Executrix.

O. Carver, Attorney.

All persons indebted to said estate will please make immediate payment.

This February, 19, 1945.

J. R. Huff, Administrator.

Feb. 19, 26, Mar. 5, 12, 19, 26 pd.

### Rescued After 12 Days on Raft

Strong hands lift Lt. Comdr. Robert Hoyt Price, USN, of Shelbyville, Ill., aboard a carrier in Task Force 58. Price, an air group commander, was attacking a Japanese cargo ship when anti-aircraft fire clipped his oil line and forced him to land in the water. Price spent 5 hours in the water wearing his life jacket before another fighter pilot dropped him a one-man raft and a note promising that a Kingfisher OS2U plane would be sent out for him next morning. The Kingfisher came but failed to find him. Twelve days later a destroyer found him, picked him up, and rushed him to a carrier.

### Four-H Clubs Help War Work

#### Produce Enough Food For 25,359 Soldiers.

Raleigh, Feb. 14.—North Carolina 4-H club boys and girls produced enough extra food to feed 25,359 members of the army services, or the equivalent, last year and the 93,119 members are again striving to do their best in food production, says L. R. Harrill, state club leader of the State college extension service.

In addition to the work of the farm and home agents in assisting the 4-H members, he points out the fact that 8,185 rural men and women served as local leaders in directing the work of the boys and girls. "Without the help of these unselfish individuals, who have

worked so hard in encouraging farm youth, the 4-H clubs could never have made the outstanding record which they achieved in 1944," Harrill says.

Vegetable gardening was one of the features of the 1944 4-H plan of activities and this work is being expanded this year, with 9,140 acres being planned by the members. Harrill explains that Uncle Sam is calling for an extra 1,500,000 gardens this year over last and that the 4-H members can be counted on to contribute a large share in filling the need.

Other featured activities of the 4-H program last year were producing eggs and milk; growing beef cattle, pigs, and poultry, and making crops of corn, potatoes, cotton, and tobacco.

The girls prepared 362,080 nutritious meals and canned 1,248,441 quarts of vegetables, fruits and meats. They not only took special studies on home planning and management, but also followed many activities which normally are hand-

led by boys. Some of the best competitors in the dairy and beef cattle shows were girls.

The 4-H club members collected 3,217,154 pounds of scrap last year, purchased and sold bonds valued at \$3,993,750, wrote many letters to the members of the armed services, and took part in all wartime campaigns. They were honored in the christening of two Liberty ships.

Harrill points out that the boys and girls are rendering a great service to the livestock industry through the use of many purebred animals in dairy production, in beef cattle, and in hogs. By the means of pig-club chains, thousands of registered pigs have been distributed in all sections of North Carolina.

The club boys have also taken an active part in the production and testing of hybrid corns. Their work reveals that average yields of corn in North Carolina can be greatly increased if growers will merely put into practice the plans for better seed, rapid and shallow cultivation, more plants per acre, and improved methods of fertilization.

The 4-H members have also specialized in poultry, growing out during the past year a total of 564,100 chickens, which was a good increase over 1943. Excellent egg production records were made by the flocks of some of the members.

Wild life studies, forest fire patrols, and home and farm safety programs were some of the other activities of the boys and girls in their varied work throughout the year. Leadership meetings in the regular club meetings was especially emphasized.

Last spring 9,541 members took an active part in conducting services in 720 churches and these activities will be repeated again this year.

### Will Rogers Promoted

With the U. S. First Army, Feb. 21.—Former Congressman Will Rogers, Jr., has been promoted to first lieutenant and awarded the Bronze Star for heroism in the December battle of the Belgium bulge, it was announced today.

Rogers, from Beverly Hills, Calif., is a platoon leader in a reconnaissance company of a tank destroyer battalion attached to the Seventh Armored Division. He led a patrol against a German force which threatened to cut off part of the division's withdrawal from St. Vith.

**HEADACHE**  
Capudine quickly relieves Headache and soothes the resulting nerve tension. Acts fast because it's liquid. Use only as directed. At all drug stores. 10c, 20c, 50c sizes.  
**Liquid CAPUDINE**

### Navy Officer Says Wedding Ordered Asks Annulment

San Francisco, Feb. 21.—Lt. Clyde Monaghan, 30-year-old Navy air service pilot, has a suit on file in Superior Court here to annul a marriage which he charged was forced upon him by his commanding officer and the commanding officer's wife.

This is the story set forth in Monaghan's petition, filed Feb. 16. Monaghan was a house guest at the home of his commanding officer in Atlanta, Ga., in November, 1943. A girl identified as "Nancy" went to him, said she was to become a mother, and demanded that he marry her.

The commanding officer's wife backed up the girl's demand by telling him that unless he married the girl "that day" he would "suffer the humiliation of being court-martialed."

The commanding officer said transfer papers which Monaghan asked would not be signed unless he complied. Other officers refused to sign the papers.

Monaghan married the girl, took her to Washington, but did not live with her. Furthermore, the petition asserts, he is not the father of her child.

In Washington, Mrs. Nancy Hillberg Monaghan, 20, yesterday termed "ridiculous and absurd" her husband's charge that he was forced to marry her under threat of court martial.

She said she would contest the suit.

"I wish to make no further statement at this time except to say that he is the father of my child and that the whole thing is perfectly ridiculous and absurd," Mrs. Monaghan said. "I don't know when

the suit will start, but I will contest it."

Mrs. Monaghan is the daughter of the late Comdr. W. R. Hillberg, killed in an airplane crash in 1939.

### RESCUEE RESCUES RESCUERS IN BURMA

CALCUTTA, Feb. 11.—An American rescue party which became lost in the Burma jungle while searching for a missing flier recently was rescued by the very man they were looking for.

Pilot Lt. James P. McGuire, 27, of Fitzgerald, Ga., had bailed out over territory where Japanese pa-

trools were active.

Hours later while walking along the road toward American positions, McGuire found a tired and ragged group of Americans, including medical officers, who had been searching for him. He guided them back to the road and to American positions.

It's a good time now to have cotton seed tested for germination so as to make sure they are satisfactory for spring planting.

In recent months, France experienced its worst floods in 50 years.

### ABLE TO EAT AGAIN FARMER THANKS RETONGA

#### Headaches And Sluggish Elimination Also Promptly Relieved, Feels Fine Now.

"Of all the medicines I ever used Retonga comes first," declares Mr. R. M. Cockrell, well known farmer of Route 1, Elm City, N. C. Mr. Cockrell is one of the best known farmers in his section. Discussing Retonga he gratefully stated:

"My appetite was so poor that many times I would eat only a few mouthfuls for a meal. Even then my food seemed to rest as heavy as a wedge in my stomach. I had regular old sick headaches that were hard to relieve, and I couldn't begin to say the amount of laxatives I have had to use. I slept so poorly that I dreamed to see night come for I knew I would get up feeling so tired and drabby I could hardly pull myself into my clothes.

"Retonga gave me prompt and full relief. I relish hearty meals without discomfort. I haven't had one of those sick headaches in

MR. R. M. COCKRELL

weeks; and the constipation has been relieved too. I feel like a different person. Retonga deserves everything good I can say about it."

Retonga is intended to relieve distress due to Vitamin B-1 deficiency, constipation, insufficient flow of digestive juices in the stomach, and loss of appetite. Accept no substitute. Retonga may be obtained at the Roxboro Drug Co.

# Tennessee MULES

The Kind That Are Ready To Start Dragging A Plow Right Now

## Bennett & Winstead

At Camp Fertilizer Plant

Tom Bennett

Bill Winstead

### Somebody should tell Mrs. Brown

Look, Mrs. Brown, you don't have to hoard electricity — no matter how much you value its convenience.

We make it fresh every minute and we keep plenty on tap all the time. There haven't been any shortages and there won't be.

And as for price, that's been coming down steadily through the years. What's

more, it has stayed low, while other living costs went up with war.

Better fold up that big box, Mrs. Brown, and save it for scrap salvage. You can depend on our folks to deliver all the low-priced electricity you'll ever need for all those wonderful post-war appliances. And they'll keep the service friendly.

• Hear NELSON EDDY in "THE ELECTRIC HOUR" with Robert Armstrong's Orchestra. Every Sunday afternoon, 4:30, EWT, CBS Network.

### CAROLINA POWER & LIGHT COMPANY

DON'T WASTE ELECTRICITY JUST BECAUSE IT ISN'T SATISFIED

Guard that valuable tobacco crop!  
Blast flea beetles and hornworms with **Kryocide** Natural CRYOLITE.  
Check the ravages of those tobacco flea beetles and hornworms the effective way. Battle 'em with Kryocide. This safe, economical insecticide can be used either as a dust or spray according to the advice of your local experiment station.
