DOWN TO ONLY 106 LBS; REGAINS 10 ON RETONGA

Mrs. Kennedy Says She Felt About As Weak And Run Down As Anyone Could And Keep Going. Retonga Far Beyond Her Expectations.

MRS. T. L. KENNEDY

Thousands of weak, undernourished, underweight men and women are gratefully praising Retonga for the relief this noted medicine gave them. For instance Mrs. T. L. Kennedy, 211 E. Green St., Wilson, N. C., happily states:

"When I started taking Retonga I weighed only 106 pounds. Now I weigh 116 and I feel splendid. For two or three years I felt about as weak and rundown as a person could and keep going. My appetite was very poor and nothing I ate seemed to give me any strength. My nerves were easily upset, and I suffered badly from sluggish elimination. I suppose I was very toxic for at times I had aches and pains throughout my whole body. My weight started going down, and nothing I tried seemed to help. Retonga gave me relief far beyond my expectations. I have a real

appetite, and I have regained ten pounds. My nerves have settled down, I sleep fine, and even that terrible sluggish elimination is relieved. I feel lots stronger and my housework is again a pleasure. Retonga is simply grand." Retonga is intended to relieve distress due to Vitamin B-1 deficiency, constipation, insufficient flow of digestive juices in the stomach, and loss of appetite. Accept no substitute. Retonga may be obtained at Roxboro Drug Company. Adv.
