Revival At Roxboro Baptist Church Closes

Great Throngs Attend Each Service. With More Than Twenty Conversions and Additions to The Church.

The revival services which had been in progress during the past week came to a close with the evening service last night. Pastor Brooks, who did the preaching at each service, was greeted by a large crowd. He did not resort to any of the modern evangelistic methods, but gave them the old time Gospel, placing especial emphasis upon repentance and faith, and his efforts were rewarded with more than twenty conversions. Many of them presenting themselves for membership to the church.

The song service was under the leadership of A. E. Lynch, of Campbell College, with Mrs. Wallace Woods at the organ and Mrs. Joe B. Curran and Fred Bishop alternating at the piano. The choir was aided by a number from the large choir of the town, and was a large factor in the services.

Altogether it was a delightful series and the church people were greatly blessed spiritually, with as above stated, numbers making public profession of their faith. Rarely have we seen the people more interested, and many expressed their regret that the service could not continue.

IN MEMORIAM
In remembrance of my dear husband, Jim Briggs.

Just a few days ago the death angel visited our home and took away my loving husband, Jim Briggs. His stay on earth was sixty two years. Oh, how short it seemed to me, but the Lord giveth and the Lord taketh, blessed be the name of our Lord. I loved him, but God loved him best, if He had not I don't feel like He have taken him from me.

Jim became ill about 10 o'clock that night. I often think of how he suffered but nothing could be done to ease his pains. He suffered patiently. I know he is at rest. Truly a splendid character has gone home.

He had a quiet personality and was a great lover of every one and a devoted loving father and husband. He was loyal, generous, and noble and an ideal father to all of

Every Kind of Surplus... Except TELEPHONES

• The armed forces have released a staggering amount of surplus war goods for re-sale to civilians. But in all this tremendous variety... there is practically no telephone equipment. Telephone equipment is still a vital weapon of war and none can be released.

We are doing our best to serve those on our waiting list for new installations as quickly as possible.
