There's Nothing Like Travel To Effect Meetings

Men Train In Same U. S. Camp But Fail To Meet Until They Reach Hawaii.

Two Person men who trained at the same camp in the United States and tried vainly to see each other while they were in the U. S. A., had to go clear to the Hawaiian Islands before they could get together, according to a story reported here today.

Pfc. Howard N. Brooks, son of Mr. and Mrs. R. B. Brooks, and Pvt. Arthur T. Clark, son of Mr. and Mrs. W. H. Clark, both of Semora, have met in Hawaii. Pfc. Brooks entered service in September and Pvt. Clark in November of last year. Both boys took training at Camp Robinson, Ark. and tried to see each other there but never could.

Brooks went overseas in March and Clark went over in April. Both boys were determined to see each other after they found out they both were in Hawaii.

They found each other, and said words could not express how happy they were.

The boys incidentally are cousins.

Hyde Park Will Become Shrine

Hyde Park, N. Y., July.—Postmaster General Robert E. Hannegan said today Hyde Park will become as much a symbol of the late Franklin D. Roosevelt as Mount Vernon is of George Washington.

In an address prepared for the opening sale of the One-Cent Roosevelt Memorial stamp, at the Hyde Park Post Office, Hannegan asserted:

"Americans are a home people. They visualize their great men more readily in their home surroundings than in the scenes of their triumphs. They visualize Washington more readily at Mount Vernon than at Yorktown. It is hard for them to picture Jefferson in the French Chancery. They see him clearly at Monticello.

"And so, the Post Office Department, seeking properly to portray Franklin D. Roosevelt, the citizen, was careful to see that his Hyde Park home should be represented on the postage of the United States."

Veterans Will Be Aided By FSA Plan

Half of the \$50,000,000 authorized for the Farm Security Administration's farm ownership loan program for the 12 months ending June 30, 1946 has been allotted among states and territories, Person F. S. Supervisor Joe Y. Blanks announced this morning.

The remaining \$25,000,000 is earmarked for World War II veterans. No formal allocation will be made to states and territories, but a proportion will be allotted to Person, says Mr. Blanks. The demand and opportunities for making desirable loans will determine when and where the funds will be used.

Mr. Blanks emphasized that the \$50,000,000 appropriated through FSA is for regular loans made through the program, and has no connection with assistance a veteran may obtain under the GI Bill.

Distributed on the basis of farm population and the prevalence of tenancy, the half allocated will be used in the regular FSA program under which loans are made to tenants, sharecroppers, and farm laborers for purchase of family-type farms. Congress increased the funds by \$10,000,000 over last year.

North Carolina was allotted \$1,490,403, Mr. Blanks said. It is estimated that about 317 tenants purchase loans can be made from this sum. The loans can cover the full purchase of a family farm. They are repayable over a 40-year period and bear 3 per cent interest on unpaid principal. FSA is continuing its pol-

Roxboro Kiwanians To Get To Work Early Thursday Morning At School.

Final Kiwanis sponsored tonsil clinic for this year will be held Thursday morning at 7:30 at Person County Training School, where from twenty-five to thirty patients are expected to report for operations to be performed by Dr. B. W. Fasset, of Durham, it was reported by the Person Health Department.

The clinic Thursday will be for Negro children, a clinic for white children having been held last Thursday at Roxboro Grammar school, where fifteen operations were performed. Three other cases had to be delayed because of physical conditions of the applicants, it was reported. Only one of the white children had to have serious medical attention during the night after the operations were performed.

Negro applicants who expect to take advantage of the clinic this Thursday are requested to first report to Mrs. T. C. Wagstaff, director of Public Welfare, who will see the applicants today, tomorrow and Wednesday. No applications may be made on Thursday. Purpose of the clinics, according to the sponsoring club and health authorities is to make it possible for less fortunate children to have tonsil operations, especially those who cannot pay regular hospital fees.

Assisting with the program are members of the Person Health Department staff, including Dr. W. S. Rogers, who administers ether. No other clinic is expected to be held this year, although it was at first thought that a second one for white children would be held August 9.

Mrs. Catherine Hidy, of the Health Education Service, and Miss Evelyn Davis, Senior Staff Nurse, have been in charge of making up the records. At least fifty-five cards have been mailed to possible Negro patients and a still larger number was sent to prospective white patients. It has been suggested that the white clinic should run next year for at least two consecutive days.

Legion Meets

Lester Blackwell Post, the American Legion, had its end of the month meeting Friday night at the Legion Hut, according to Joe Y. Blanks, commander, who reported that attendance was comparatively small. This was the first trial of the second meeting plan, instituted because some members have found it inconvenient to attend the regular Saturday meetings.

Secretary of Agriculture Clinton P. Anderson says that soap to civilians will be increased. He plans no rationing and urges orderly buying.

Still Taken

A two hundred gallon copper still in Bushy Fork township near the Orange County line was taken and destroyed yesterday and one thousand five hundred gallons of mash, according to a report received today from Person Sheriff M. Assisting Sheriff Clayton with the afternoon raid were Deputies Baxter Dunn and Bob Whit, together with George Walker.

Stimson May
Resign When He
Returns To U. S.

Washington.—Speculation grew today that a seventh and possibly an eighth Cabinet change are in the making.

The most imminent new departure from the official family President Truman inherited last May appears to be that of Secretary of War Henry L. Stimson. Another possibility is Secretary of the Interior Harold I. Ickes.

Secretary Stimson, veteran of two previous Cabinet posts, generally is expected to resign shortly after he and Mr. Truman return from the Potsdam "Big Three" meeting.

Names heard most often as a possible successor include fellow Republicans Robert P. Patterson, now Undersecretary, and Assistant Secretary John J. McCloy. The latter reportedly has strong administration backing.

Also mentioned is former Senator Sherman Minton of Indiana, now a Federal Circuit Judge. Judge Minton also is considered a possible choice for the Interior portfolio should Secretary Ickes retire.

Secretary Ickes is known to be planning a showdown with Mr. Truman on his status in the Cabinet.

Army and stationed in the Philippines, who is the husband of Mrs. Rachel Stephens Forth, of Roxboro, but the trouble has been that until recently Dr. Forth has had no opportunity to practice his profession in its highly specialized field.

Y., but the other day according to the story, he had a chance to do a bit of fox-hole hospital work and save the life of an eighteen-days old infant, victim of pneumonia.

Bain Confers At City Hall Today

Beer Retailers Are Attending Regular Conference This Afternoon.

The meeting began at 2:30 o'clock, and, according to Col. Bain, will be concerned with routine matters, including interpretation of new laws regulating the sale and distribution of beer.

Similar meetings are held throughout the state, according to Col. Bain, who says that dealers will be asked to renew their pledge of cooperation with the Foundation, an organization interested in the interpretation and the enforcement of laws regulating beer sales and practices.

Few violations have been reported here, according to Col. Bain, who said he planned to visit one alleged violator during his stay here. The dealers have not issued a request for this particular meeting, which is on regular schedule. Col. Bain was here about two years ago by request, however, when alleged violations were reported from a cafe.

Ralph Fox Leader

Ralph Fox, of Collins and Aikman, was leader of the group which last week painted the Roxboro USO Service Center. It was reported today by Dr. Robert E. Long, director, who said that attendance yesterday at the Center was large, despite cloudy weather.

Along The Way

R. D. Bumpass, popular proprietor of one of Roxboro's eating establishments, several years ago promised a nice steak to anyone who made a hole in one on the Roxboro golf course. Back in those days you could get steak every now and then. Well—a few days ago Jack Strum made a hole in one and was thereby entitled to a steak. Now R. D. is up against a real proposition. He doesn't mind donating the steak but he doesn't know where to find it. He wants to keep his promise but as you know there is a war on and steaks are mostly things that we remember—not have on hand.

On top of that he wants to be sure that Jack actually made the hole in one without the assistance of his caddy's foot. I think that he is having that angle investigated.

Maybe if the investigation turns out alright Jack will compromise for a fried chicken dinner.

Unanimously elected to membership was J. R. Adair, of the Dan River Conservation Service. Presiding was Dr. Jehn Fitzgerald, president.

Chief business was the turning down by the club of the suggestion that Rotary districts should be divided, it being decided that vote of the Roxboro club shall be for postponement of such division until a later time, say next July, if then sentiment of the local club is against division at all.

Few of the reporting committees at the club Thursday had definite suggestions to offer, but all pledged their cooperation with the new officers.

Pickens Reported Chosen Head For Veterans' Board

Board Withholds Announcement, But Reported Choice Is From Lincolnton.

Raleigh, July 25.—The State Veterans' Commission, concluding a two-day meeting in Raleigh yesterday, adopted a tentative budget calling for expenditures of \$136,000 annually and elected a full-time director but did not announce the identity of the man chosen for the post.

In refusing to announce the name of the newly elected director, members of the commission stated that the director now is serving in the armed forces, and that it would be "embarrassing to announce his appointment until he has been discharged from the Army."

It is understood from reliable sources that the new director is Lt. Col. Wiley M. Pickens of Lincolnton, who recently returned from the European Theater of Operations. Colonel Pickens served as State commander of the American Legion in 1936-37.

The Advisory Budget Commission, at a meeting last month, set the salary range of the director of veterans' affairs at \$4,200 to \$5,000.

The \$136,000 budget adopted yesterday by the Veterans' Commission is subject to the approval of the Council of State and the Advisory Budget Commission. The 1945 General Assembly, in passing the law creating the Veterans' Commission, appropriated \$65,000 per year for operating expenses. The Veterans' Commission is asking that the additional \$71,000 be allocated by the Council of State from the Contingency and Emergency Fund.

The budget calls for appropriations of \$22,500 to the Veterans Hospital at Fayetteville; \$84,000 for the salaries and expenses of the 10 assistant State service officers; and approximately \$28,000 to the Veterans' Commission headquarters here to take care of the salaries of the director, the assistant director, two stenographers, office expenses and office supplies, and equipment for the 12 district offices.

Attlee Runs Into Publicity Trouble

London, July.—The new Prime Minister, Clement Attlee, might have escaped the crowds jamming the exits of Westminster Hall where he addressed a party rally tonight—but he forgot where he had parked his car.

Whisked through the throngs by his escort he reached the lines of parked automobiles and started an anxious search for his own. Then the hand-shaking, back-thumping crowd was upon him, jostling him and his guard almost off their feet.

Attlee located the car and stepped upon the running board.

"Speech," someone yelled. Others cried "quiet," and a hush settled as the hundreds who had missed the speech inside the hall waited while the nation's new chief cleared his throat, lifted his head and said:

"Will you folks please let my daughters through?"
