## Standard Time To Be Adopted

Washington.—The nation can go back to standard time at 2 a. m., on Sunday, September 30, under a bill approved today by the House interstate commerce committee.

Acting Chairman Alfred L. Bulwinkle, D. N. C., said he would try and have the House act on it tomorrow. Little, if any, opposition is expected.

"The measure was introduced by Rep. Lyle H. Boren, D. Okla., and was one of 50 to abolish war time. War time, one hour earlier than standard, has been in effect since February, 1942. It has been unpopular with many and particularly distasteful to farmers.

## Protective Crop Program Urged For Person Area

Three Percent Of Person's  
Cropland Had Cover Planting  
Last Year.

Person County Farmers are now in the stage of the crop season when thinking should be concentrated on "protective crops" for the soil during the winter months, Claude T. Hall, Chairman, Person County AAA Committee said here today.

"From all reports," he said, "there is a definite prospect for continued high demand of food for use at home and for the peoples of the starving war-torn countries. To meet these demands in 1946, we must lay the ground work now by seeding every bare acre to a cover crop."

Protection of our soil, during the coming months when rains and frosts will cause leaching and washing away of plant nutrients, is a "must" in the farm program," he said. "Besides protecting the soil, these legumes also store fertility by adding nitrogen that has a direct effect upon next year's yields of the crops that follow," Mr. Hall added.

He announced that Ryegrass, and Austrian Winter Peas are being furnished to the farmers in the County through the AAA Office, and that payments will be made not to exceed \$4.00 per acre for Austrian Winter Peas, crimson clover and vetch; and not to exceed \$2.00 per acre for annual ryegrass.

2457 acres, 3 percent of the cropland in the County was seeded to Winter Cover Crops last year. Mr. Hall stated that he would like to see this acreage increased to 10 percent this fall with farmers keeping in mind that payments are made for establishment of a good growth and good stand of these legumes.

Mr. Hall emphasized the following specifications for best results: (1) well-prepared seedbed, (2) full seeding of adapted seed, (3) application of liming material.

Owner-operators of the warehouses here will be as follows: Winstead, Traynham T. Mitchell; Planter, T. Owen Pass, Robert Hester and Louis Long; Hyco, George W. Walker, Robert Lunsford, W. Wade Jones and Frank J. Hester, and Pioneer, Wharton Winstead, John H. Merritt, Jr., D. L. Whitfield and Lindsay Wagstaff.

Chief change of operation occurs at the Pioneer, with active participation of Mr. Winstead and Mr. Merritt, together with Mr. Wagstaff and Mr. Whitfield.

All four houses will have Tuesday sales, it is reported. Pounds sold here last year reached 8,755,810, largest since sales were first recorded here in 1917.

Okinawa news... flash... is the way a recent letter from Hill B. Stanfield, son of Mr. and Mrs. L. G. Stanfield, who is stationed there might read. Going to see his brother-in-law, Walter Chadwick the Roxboro man says he also met "Buddy" Parham, of the Signal Corps, and George Cushman, Jr., and Louis ("Red") Day, both in an Airborne unit. That thinks Stanfield, was pretty good representation for Roxboro on Okinawa, one man for each one thousand of Roxboro's incorporated population.

The letter also relates that Chadwick, husband of the former, Miss Margie Stanfield, is expected home soon.

## Game Wardens On Full Time

Raleigh.—Game Commissioner John Findlay today said that a recent report quoting him as saying game wardens were on duty only nine months in the year was an error. Wardens are on duty the year around, he said, and his remarks were meant to imply that all wardens would be expected to give their full time to their jobs.

The error occurred when the State News Bureau picked up a story published in an Eastern, N. C. paper which had quoted Findlay as making the remark which he disavows.
