

SPORTS OF THE COUNTY

ARMY AND NAVY

Army and Navy football teams are going to meet this year and when they do the fur is going to fly. Both of these teams are fine. This writer thinks that they are the finest in the nation and would certainly like to be on hand when they meet. I have seen Navy play and this team looked unbeatable. However it is possible that it will be defeated. If I was a betting man and had money I would put it on Army when they meet.

One reason I say this is because of the fact that Army beat Duke by a much larger score than Navy did. Then too Navy had a hard time last Saturday and that proved that she was not the powerhouse that I first thought.

Blanchard and Davis must be two great players. I do not see how any two could be better—BUT—of course there are other good players and when Army plays Navy there will be a lot of good football and a lot of science put into the game.

Pick your team and listen to the game over the radio. Its apt to be a "Corker".

DUKE PREPARING FOR MUCH HEAVIER GEORGIA TECH TEAM

Durham—Eddie Cameron began Devils ready for Georgia Tech. Saturday wiping away the bruises yesterday in Atlanta. No one was injured in Saturday's game. full attention to getting the Blue George Clark and Bear Knotts.

Jack Hughes, Phil Thomas Get Awards

The golf trophies were awarded last night at the Roxboro Country Club to the two golf champions of the county. Jack Hughes was awarded the loving cup as winner of the first flight and Phil Thomas was awarded the cup for being winner of the second flight. Presentations were made by Sam Merritt and Thomas Hatchett. Tom Woody, president of the Country Club, presided

tailback and guard, respectively, are scheduled to play in this week's game. Wingback Jim LaRue, now an ensign will not play.

Duke and Tech will enter the game with the odds about even. Saturday, against Auburn, Tech's passing and running attack got a good workout as the Jackets tromped a stubborn Auburn outfit, 20-7.

Ramblers-Hillsboro Tonight At 7:30

Roxboro Ramblers mix it up with a revenge-seeking gridiron squad from Hillsboro tonight at

over the meeting.

The tournament to determine the winners of the two flights has been going on for the past two months and was finished last Sunday. Jack Hughes defeated Harry Edwards in the finals of the first flight to win and Phil Thomas defeated Earl Bradsher, Sr. in the finals of the second flight to win. There was no third flight this year.

Prior to the presentation ceremony the club members and invited guests were served a delicious Brunswick stew that had been prepared by John Murphy, king of stew cookers in this county. Approximately seventy five were present to enjoy the meal.

For the past five years the first flight cup has been in the hands of a member of the Harris family. Bill Harris III has won it four times and Wallace Harris has won one time.

7:30 on the local high school athletic field. Roxboro defeated the Hillsboro team in the first game played in Hillsboro 7-0 for the first. Roxboro won against Hillsboro in five years—and the game tonight promises to be one of the hardest fought contests of the season.

The tilt originally scheduled for Friday night was changed for tonight due to the high school band making the trip to Statesville to participate in the Truman celebration. The affair, supposed to have taken place tomorrow in Statesville, has been definitely cancelled—but the football game between Hillsboro and Roxboro has not. It will get underway tonight at 7:30.
