

Hitler's Last Testament Has Lush Build-Up

Nuremberg.—Adolf Hitler's last political testament, apparently prepared as Berlin tottered before the Russian onslaught, is revealed as a masterpiece of propaganda in which he built himself up as a martyr and bequeathed to the German people the Nazi creed of fierce loyalty to the state and hatred of the Jews.

His final admonition was: "Above all, I enjoin the Government of the nation and the people to uphold the racial laws to the limit and resist mercilessly the poisoners of all nations, international Jewry."

The testament, dated April 29, 1945, also disclosed that Hitler expected Reichsmarshal Herman Goering and Gestapo Chief Heinrich Himmler from the Nazi ranks for attempting to seize control of the state, and "negotiating with the enemy without my knowledge."

The text of the political testament—together with texts of Hitler's personal will, an appendix to the testament by Propaganda Minister Paul Goebbels and a document recording Hitler's marriage to Eva Braun—was released yesterday by Allied authorities.

Hitler's testament indicated he preferred suicide in a Reichschancellery bunker to trial before an Allied court.

"I shall not fall into the hands of an enemy who requires a new spectacle presented by the Jews to divert their hysterical masses," he said.

Urging Germans to keep alive the Nazi doctrine, Hitler said the "establishment of a national socialist state represents the work of centuries to come and obliges each individual person always to serve the common interest before his own advantage."

"The seed has been sown that will grow one day in the history of Germany to the glorious rebirth of the national socialist movement," the document added.

Good Record

San Francisco—Lt. Col. John Galoway of Wichita, Kan., an Army public relations officer, telephoned a railroad office to find out about a train his wife, Elizabeth, was arriving on.

"Is that train normally on time?" asked John.

"Normally, yes," replied the information clerk, "but it hasn't been for four years."

College Houses Promised For G. I. Students

Raleigh—"Bachelor" husbands attending two of North Carolina's colleges can now begin to look forward to the G. I. Bill of Rights with a "white fence" around it.

Official of Carolina and State College, faced with the housing shortage and a lot of downcast veterans who could not bring their wives to school with them, have been given the go-ahead signal by Gov. R. Gregg Cherry.

As director of the budget, Cherry has pledged his support to a program for obtaining surplus Federal housing for ex-servicemen at both institutions.

Under an act passed by Congress, the Federal Government may supply the houses and pay for dismantling, transporting and re-erecting. However, the schools had to give assurance that they would provide sites with streets, sidewalks, sewers, and other utilities, as well as assume obligations for annual deficits resulting from management or operations.

In giving his approval, Cherry did not say what amount the State would appropriate for this purpose. He did say, however, that it all probably could be "worked out."

Under our law no county or municipality may levy any license or privilege tax in excess of \$1.00 per year upon the use of any motor vehicle licensed by the State. In addition to this \$1.00 tax, cities or towns may levy a tax not in excess of \$15.00 per year upon each vehicle operated as a taxicab in such city or town.

Limited Number Of Cars To Be Produced Soon

Detroit.—Limited production of 1946 model passenger cars was resumed in about half the nation's automobile factories today.

Remaining closed were the strike-bound General Motors assembly lines which normally assemble approximately 50 per cent of all cars and trucks made.

Ford, Chrysler and Hudson, which closed last Friday night, were among the plants returning to production. Supplementing their output were Studebaker and Willys-Overland, enabled to reopen after many weeks following settlement of labor difficulties in the plant of a major parts supplier.

In nearby Windsor, Ont., the Ford Motor Co. of Canada, Ltd., brought back 10,000 production workers, following a 99-day wage and union security dispute which has been submitted to negotiation and arbitration.

Most of the plants reopening today obtain vital parts like fuel pumps, spark plugs and wiring harnesses from General Motors. They cannot count on accelerating their production volume until the 43-day old G. M. strike is settled.

Byrnes Will Take 4th Trip

Washington, Jan.—Secretary of State Byrnes is preparing for his fourth trip abroad in six months after telling American why he believes his third contributed to lasting peace.

Also in his radio report on the Moscow conference of foreign ministers, Byrnes assured the nation that new international machinery set up for control of Japan will not obstruct "the outstanding and efficient administration" of Gen. Douglas MacArthur. It will, he insisted, leave the United States in a top policymaking role.

The cabinet officer ignored a tartly-worded statement MacArthur issued in Tokyo earlier in the day in which the supreme commander said he had not been consulted during the Moscow talks and declared: "I

decisions which were made there." Speaking from the conference room of the State Department, Byrnes described how this country, Russia, and Britain reached agreement on issues involving Japan, atomic energy, peace treaties, China, Korea, Rumania and Bulgaria.

He said too he and Foreign Ministers Bevin of Britain and Molotov of Russia also agreed on a three-power commission to study problems of troubled Iran. He added he was "not discouraged" by the news.

He might have said they will have another opportunity to agree on an Iranian policy in London at the first meeting of the United Nations assembly next month.

The Iran government has said it will lay before the assembly its charges that the Azerbaijan revolt

was assisted by Russian occupation forces.

Lord Haw-Haw Dies On Gallows

London, Jan. 3.—The career of Brooklyn-born William Joyce, whose propaganda broadcasts over the German radio during the war won him the nickname of "Lord Haw Haw," ended on the gallows in grim Fentonville Prison this morning.

Joyce lost his chance to escape execution on a charge of high treason when Home Secretary James Chuter Ede declined to grant him a reprieve. The House of Lords previously had denied his appeal from the conviction.
