## County Food Saving Program Planned At Meeting Here Monday

Every Man, Woman And Child Asked To Help Relieve World Famine.

A County-wide food conservation program, in which every man, woman and child in Person County will be asked to save so that the starving millions of Europe, Asia and Africa may be given all possible aid, was planned here Monday night at a meeting of agricultural leaders, proprietors of eating places, and representatives of civic and religious groups.

The saving of wheat products, fats, and oils will be the keynote of the program, which will last until harvest-time, about mid-July. The slogan will be "Save a Little and Help a Lot."

Detailed recommendations will be publicized soon on how housewives, operators of eating establishments, and all other citizens can do their part in order that food may be shipped abroad to places where it is badly needed to sustain life.

The Person County U. S. Department of Agriculture Council, headed by C. T. Hall and composed of workers in all agricultural agencies, has endorsed the program, and urges that the public cooperate fully.

The food-saving measures recommended to owners of public eating places, as well as the suggested economies for housewives and all other citizens, have been approved by President Truman's famine emergency committee.

Leaders in the movement have pointed out that if every American would reduce his bread consumption by three slices daily, three-fourths of a million tons of wheat would be saved for shipment abroad; and if everyone saved just one teaspoonful of fat each day, the total daily saving would be a million pounds.

The 120-day program started on a national scale March 15. H. K. Sanders, county agent, presided at the meeting Monday night. Present were representatives of the Farm Security Administration, the Extension Service, Roxboro civic clubs, eating establishments, the ministerial association, and the press.

Mr. Hall, as chairman of the USDA Council, appointed Miss Nettie Day, Bill Davenport and Bill Humphries as a committee to advertise the program as widely as possible. The committee will prepare posters giving highlights of the food-conservation program and these posters will be distributed throughout the County.

The other schools in the County are tied up with the Roxboro system, and will continue to operate on the same schedule that the Roxboro schools now follow.

The curb market has been closed for the past three months because of bad roads and lack of a suitable place.

## WILL YOU HELP?

President Truman's emergency famine committee says: The world faces the gigantic emergency of famine among five hundred million people due to war exhaustion or agricultural drought. A great human cry has come to us to save them over a terrible four months until the next harvest. The Western Hemisphere alone has the aid to give, and a heavy part of the burden falls upon the United States.

These people can survive if we provide a minimum of bread and fats to them. Of breadstuffs, wheat can best be transported and used in the famine countries. Therefore we are asking our citizens to make a voluntary sacrifice of 40 per cent of their consumption of wheat products and 20 per cent of food fats and oils during this next 120 days.

We have adequate food beyond what we must ship to meet the needs of the starving. Even if we send them every possible pound of wheat and fats, the quantity of food remaining in our country still will be greater than pre-war. We are asking that all who can, grow victory gardens and thus help to assure continued plenty of all other foodstuffs, we ask that there be no waste. America still throws away the richest garbage in the world.

To avert hunger, we cannot fail to meet this call. If we fail we shall see a world of disorders which will paralyze every effort at recovery and peace. We shall see the death of millions of fellow human beings. Guns speak the first word of victory, but only food can speak the last word.

## Bryant Services To Be Held Sunday

### Earlier Opening For Some Schools Started Yesterday

Starting yesterday, five white schools in the County—Allensville, Bethel Hill, Cunningham, Helena and Mt. Tirzah—and all negro schools, are opening 30 minutes earlier than usual each day, in order that students may get home earlier in the afternoon to help with farm work, Supt. R. B. Griffin said today.

The decision to open 30 minutes earlier at these schools was made at a principal's meeting held in Mr. Griffin's office Monday.

The other schools in the County are tied up with the Roxboro system, and will continue to operate on the same schedule that the Roxboro schools now follow.

Principals of the Roxboro schools contacted a number of parents and found that an early opening would not be satisfactory because of the 11:30 lunch hour, Mr. Griffin said.

### Hovis To Preach In Theresa Revival Starting Tonight

A series of revival services will begin at Theresa Baptist Church, near Chub Lake, at 7:30 tonight, with the Rev. R. W. Hovis of Timberlake preaching, it has been announced by the pastor, the Rev. B. B. Knight.

Mrs. Hovis will play the piano, and Sanford Long will lead the singing. Mr. Knight said. He urged attendance at the services, since Mr. Hovis is well known as a minister who always has an inspiring and worthwhile message.

It is expected that the revival will last about ten days.

## Two Negroes Are Bound Over On Capital Charges

Two defendants charged with capital crimes were given hearings in Person Recorder's court Tuesday, and both were bound over to Superior court, which begins on April 23.

James Cunningham, 22-year-old Negro, was remanded to jail without bond on a charge of first degree burglary in connection with the robbery of Charlie Nelson's general store and filling station, located on the Bushy Fork highway, on the night of March 21.

Janie Thomas, 24, Negro, was bound over on a charge of murder in connection with the fatal stabbing of Pete Cunningham, 35, Negro, on the night of March 29. She is also being held in jail without privilege of bond.

Also in connection with the stabbing case, two other Negro women, Odell Cunningham, 19, niece of the dead man, and Martha Wiley, 23, were found guilty of assault and battery with deadly weapons, namely, rocks and a beer bottle. It was alleged that they assaulted the Thomas woman. Odell was fined \$10 and half the cost, and Martha was fined \$15 and half the costs.

## FSA Borrowers Asked To Double Food, Feed Crops

Joe Y. Blanks, County FSA Supervisor, said today that FSA borrowers in Person County will need to produce and conserve twice as much food and feed this year as they produced and conserved last year, in order to insure an adequate supply for use on the farm and in the home without having to depend on buying food and feed from stock-piles.

The reserve stocks, he said, are badly needed to help prevent the starvation of millions of people in countries that were overrun by the Axis powers.

In a meeting to determine the county goal, H. K. Sanders, county agent, and Joe Y. Blanks, FSA supervisor, heartily endorsed the goals set up by Vance E. Swift, state FSA director, and adopted them as Person County's goal. They are:

1. 42% more corn to be produced and conserved by FSA borrowers this year, by increasing the per acre yield of corn by not less than 4%.

2. 54% more hay to be produced this year than produced in 1945 by increasing the per acre yield of good hay harvested by not less than 37%.

3. Permanent Pasture—15% more grass production from pastures already established.

4. Garden—Produce enough to feed the family well, and enough to insure 100 quarts per person in out-of-season months.

A substantial increase in all food and feed crops can be obtained through increasing the yield per acre by planting good seed, proper preparation of land, adequate fertilization, early planting, proper spacing, cultivation, and harvesting at proper time, FSA officials said.

## 'Buddy' Long Now Has Law Office Near Draft Board

Robert E. "Buddy" Long, Roxboro attorney who returned to the City December after after more than three years of military service, has now opened a law office in the Pass, Woody and Long building.

Mr. Long's office is located on the second floor of the building in one of the offices formerly occupied by the Selective Service board. It is directly across the hall from the Chamber of Commerce, and has a telephone, the number being 5661.

## Humorist To Speak At School Meeting

Cullen Johnson, humorist, who is now connected with radio station WRAL in Raleigh, will be principal speaker here next Wednesday night, April 17, at a joint meeting of the Person County School Masters club and the Person County unit of the North Carolina Education Association, Supt. R. B. Griffin announced yesterday.

Mr. Johnson spoke in Roxboro last fall at the Rotary Ladies night program, and is well-known here and elsewhere as an entertaining speaker.

The joint meeting of the School Masters and the NCEA, which is an annual affair, will be held in the Service Center beginning at 8 o'clock.

Special guests of the occasion will be the County Board of Education, district school board members, and their wives, the Superintendent said.

A third defendant in the assault and battery case, Rosa May Worthen, was found not guilty.

In the hearing Tuesday, Janie Thomas admitted killing Pete Cunningham with a knife, but claimed she did so in self-defense.

The first-degree burglary charge in the James Cunningham case resulted from the allegation that Henry Moore was sleeping in the Nelson station at the time of the breaking and entering.

A death sentence is possible in a first-degree burglary case, since it is a capital offense, like murder, rape and arson.

In Recorder's court, Cunningham pleaded guilty to the burglary charge and also to breaking and entering service stations of George Solomon, on the Bushy Fork road, and Tip Slaughter, on South Main street. He also pleaded guilty to stealing a pistol from the home of Claude Harris on the Bushy Fork highway.

Other Recorder's court cases: Arthur and Clara Frasier of Alexandria, Va., charged with illegal possession of whiskey and transportation—(See NEGROES age Eight)—

## New Method Of Watering Tobacco Beds Worked Out

A time-and labor-saving arrangement for watering tobacco plant-beds has been worked out by one Person County farmer, it was reported by C. C. Jackson, assistant county agent.

He is J. H. Shotwell of Roxboro, Route 2. The arrangement, as explained by Mr. Jackson, follows:

First, Mr. Shotwell lined a wagon bed with galvanized tin, so it would hold water, and put a top on it. Then he obtained a belt-driven water pump and bolted it on the rear of his farm tractor. A short belt on the power take-off of the tractor furnishes power to operate the pump.

Mrs. Shotwell simply hooks the wagon, tin-lined body and all, to the tractor, and goes to his water supply point, which is a creek or small stream. By means of a hose, the water is pumped up from the stream and run into the wagon bed.

Then the tractor and wagon are moved to the plant-bed, where the same hose, with a sprayer attached, is used to draw the water out of the wagon bed and distribute it on the plants.

The spray enables the farmer to water the tender plants gently, without bruising or breaking them.

Mr. Shotwell says that one man, using the above arrangement, can spray 1,000 yards of plant-bed in just one hour's time—and do a better job of it than by the old method, which takes much longer. Between 20 and 90 gallons can be pumped every minute.

Upon motion of the Rev. J. Boyce Brooks, the club voted to give its aid in the establishment of a planned recreational program for the community as advocated here last week by Dr. Harold D. Meyer.

With final plans now being made Roxboro Kiwanians today were predicting that their second annual Horse Show, scheduled for Saturday, April 20, will be an even bigger success than the event was last year when more than 4,000 persons attended the two performances.

Many Roxboro merchants have agreed to display spectator fashions for several days preceding the show, Mrs. L. S. McWhorter of the publicity committee announced. Prizes of \$5, \$3, and \$2 will be given to merchants with the best window displays, and every store entering the contest will receive one free pass to the horse show.

Judges for the window display contest will be the heads of local civic organizations.

At the Kiwanis club meeting Monday night, J. J. Woody, chairman of the event, discussed general plans, and E. B. Craven of the ticket committee distributed tickets to all Kiwanians for them to sell. After the Kiwanis meeting, the committees for the horse show met to make plans for their work during the next few days preceding the show.

R. D. Bumpass, chairman of local interests, today said that a number of Person County horses have been entered in the show. He urged other persons wishing to enter horses to get in touch with him immediately. More than a score of stables are being constructed for the use of horses entered in the show, and they will be ready within a few days.

Programs will be turned over to the printer soon. All persons who plan to enter horses should do so immediately so that the programs, when printed, will be complete, Mr. Bumpass said.

## Lejeune Marines Receive Sweaters Knitted Locally

Officials of the Person County chapter of the American Red Cross have received a letter from Glenwood McComb, Red Cross field director at Camp Lejeune, expressing the appreciation of the Marines there for sweaters knitted by Roxboro and Person County women and distributed to the Marines before overseas shipment.

"The sweaters were very nice," Director McComb wrote, "and were appreciated by the members of the United States Marine Corps, who received them here. We thought you would like to know the disposition and to whom the sweaters were presented."

"The military expressed their hearty appreciation and as explained to us of the military authorities, the sweaters will not only be beneficial to the health of the servicemen but will also reduce the number of cases of illness due to exposure. This tends not only to adequately protect the men, but will also give this branch of the armed forces on duty more man hours. As you know, their presence throughout the world is paramount to our country's welfare."

"Please convey to the ladies responsible for these sweaters, our personal thanks and the deep appreciation of the United States Marines and their Command."

Highway Commissioner George W. Kane, chairman of the delegation, stressed the fact that the delegation came before the commissioners in a spirit of helpfulness, realizing that the board must have the backing of the business men and women of the town if any improvement program is to be carried out successfully.

Mayor S. G. Winstead replied, thanking the group for their offer of cooperation and their interest in civic improvement. The Mayor assured the delegation that their recommendations would receive careful study.
