WE BUILD THEM

Because You're Worth It

When we decided we wanted to build a home, we knew we wanted someone who was knowledgeable on the latest technology. We plus we wanted it to be as energy efficient as possible. We found the perfect contractor in Corey Davis Construction. We now have a high quality home with an energy star rating in the top 2%. Our home is 3000 sq. ft. with both primary and secondary air ducts with only \$21500 with no gas to buy. Corey Davis has excellent ideas and superior craftsmanship. We highly recommend Corey Davis Construction for any construction project.

Corey Davis Construction

All homes are not created equal. To learn more about our Energy Star Built Homes contact Corey Davis Construction at 503-7320.

Dear Corey,

I want to let you know that the completion of my home is the early part of December but you not only was much appreciated, but it made for a very Merry Christmas!

Upon moving to the Eastham area I started to research builders and I soon discovered that you from the community and was of local "trust", someone that the people in this area know and respected. I also wanted the company that built my home to take pride in their work. I was looking for someone that would be honest, a person of integrity and someone that paid attention to detail.

As I asked around, and now that you know me I'm sure that you will agree that I did ask, your company and your name were consistently mentioned as a quality builder.

Then I would always ask the question "is he a good person?" The answer always came back the same, "would be nice, good builder, but even a better person", not only did you fulfill all of my requirements, you exceeded them.

I would be more than happy to provide a reference for you if the need should ever arise.

Thank you for the opportunity to do business with you, my wife, Julie and I couldn't be more pleased with our new Energy Star home!

Sincerely,

Bill Miller
