Chas. H. Mebane, Esq., Supt. Public Instruction for North Carolina, made us a pleasant call yesterday. He is busily engaged arranging for the teachers assembly which meets at Morehead City June 12-17. All railroads have given a rate of one fare—plus \$2.00 membership fee, and as the hotels have given a rate of \$1.00 to the teachers and their friends, a good crowd is expected.

Mr. and Mrs. H. C. Sutherland and daughter, Miss Vedah, have returned to their homes in Canandaigua, New York, after spending the winter with Mrs. Foster, at her handsome cottage

Bennett street. No family visiting Southern Pines ever gained more friends than the one above mentioned, and all who knew them regretted very much to have them go. Miss Vedah was a great favorite with the young people, and Mr. and Mrs. Sutherland made good friends of everybody they met.

W. S. Musser, Millheim, Pa., saved the life of his little girl by giving her One Minute Cough Cure when she was dying from croup; it is the only harmless remedy that gives immediate results. IMPROVEMENT SOCIETY.

The regular monthly meeting of the Executive Committee of the Improvement Society met at the residence of Mr. R. M. Couch last Wednesday evening. There was a full attendance also some visitors, who are always welcome. The Arbor day committee reported the day observed March 17th by services by the school children, in the King's Daughters hall. The tree committee reported about two hundred trees planted, many of which were living. A committee of two ladies, Mrs. A. M. Foster and Mrs. R. M. Couch, was appointed to request the co-operation of the Station Agent, store keepers and citizens generally in keeping the streets free from papers and other rubbish. The week beginning May 21st, was suggested as Village cleaning week, when citizens are requested to rake up dead grass and leaves from the sidewalks in front of their premises. Mr. C. D. Tarbell was appointed to employ some one to gather the rubbish from the streets and place it in the barrels, at as little expense as possible.

Mrs. L. M. Young resigned as treasurer, and Mrs. Couch was appointed in her place. Dr. VonHerff favored the meeting with some practical remarks concerning the planting of trees and shrubs.

The Society is in great need of funds and members are urged to pay their dues and gifts from others are solicited.
