## Tar Heel basketball fans thinking 'repeat' | Peach Bowl champions

The catch word around Chapel Hill

ese days is "dynasty".
When the 1993 NCAA champion North Carolina Tar Heels returned home from New Orleans, it didn't take long for the repeat question to surface. Ir fact, the players didn't even need to be asked — they brought it up.

"I'd just like to say we're not going to just do it again next year, we're going to do it the year after that and the year after

at," UNC guard Larry Davis said.
"Hopefully, we'll bring back four or five more national championships, echoed fellow freshman Ed Geth.

Ludicrous? Perhaps. But rest assured when the preseason college hoops poll come out this fall, the Tar Heels will be at the top of everyone's list.

North Carolina enters next season

much like their neighbors from Durham entered the '92 campaign — with a trophy in hand and enormous pressure to make it two in a row. And like Duke, UNC will return with most of its title

team intact.

Dean Smith's squad returns four starters, nine lettermen and a 7-foot-1 redshirt and welcomes the most star-studded trio of freshmen in recent memory.

The starting backcourt features per-haps the best on-ball defender in the nation and one of the deadliest strokes from beyond the 3-point arc in the game.

Derrick Phelps now has ample time off to nurse his numerous battle wounds and will command the point guard slot for the third straight season. Phelps scored 8.1 points per game and dished

out 5.4 assists per contest.

Donald Williams, the Final Four MVP, assumed the starting off-guard role late in the season and had an amaz-ing postseason shooting stretch, averaging 23 ppg in UNC's last four games, and 14.3 ppg for the season. Dante Calabria played more minutes

than any of the three freshmen on the Tar Heel team, and will provide solid back-up minutes at the point. Fellow freshman Larry Davis should compli-

ment Williams on the perimeter.
Eric Montross, a second-team All-American, has evolved into the country's best low-post center. Montross led UNC with 15.8 ppg, grabbed 7.6 rebounds per game and shot a blistering 64.6 percent from the field in the NCAAs.

Swing forward Brian Reese emerged from the shadows to become a serious offensive threat this season. Reese hit for 11.4 ppg, scored a career-high 25 against Florida State and even made the

## Men's basketball schedule released

Staff report

The defending national champions won't be taking it easy next year.

UNC announced its 1993-94 men's basketball schedule this week, and it appears again that the Tar Heels will face one of the toughest schedules in college basketball.

North Carolina head coach Dean Smith will take his 33rd team into a schedule with 21 possible games against

teams that participated in post-season play last season.

The Tar Heels open the regular season Nov. 17 in the
Smith Center against Western Kentucky in the Preseason NIT tournament. The Hilltoppers, coached by Rick Pitino-disciple Ralph Willard, lost to Florida State in overtime in

last year's NCAA Sweet 16. Six other NCAA teams from a year ago — California, Cincinnati, Kansas, Massachusetts, UC-Santa Clara and St. John's — are in the Preseason NIT, as well as postseason NIT champ Minnesota.

Four starters return for UNC in '93-94 — Eric Montross, Derrick Phelps, Brian Reese and Donald Williams. Highlights of the rest of North Carolina's schedule:

■ Dec. 3-4, UNC plays in the Diet Pepsi Tournament of Champions. The Tar Heels face another Sweet 16 team, George Washington, in the opener. The other TOC participants are South Carolina and Brigham Young.

■ UNC returns to the Louisiana Superdome on Jan. 22 to face LSU. The Tigers will be without heralded prep guard Randy Livingston, who injured his knee at the U.S.

Olympic Festival in San Antonio in July.

Duke visits the Smith Center Feb. 3. The Tar Heels wrap up their regular season against the Blue Devils in Cameron Indoor Stadium on March 5.

cover of Sports Illustrated.

Seniors George Lynch (14.7 ppg, 9.6 rpg), a first-team all-ACC selection, and Henrik Rödl (4.3 ppg), who started 26 games, depart, but the Tar Heels have plenty of bodies - and talent - to

Exit Lynch, enter 6-8 forward Pat Sullivan — at least at the outset of the 1993-94 season. Sullivan averaged 6.4 ppg his junior year, shot 52 percent from the field and was the team's second-leading free throw shooter (78.9

Or maybe 7-0 backup center Kevin Salvadori, giving the Tar Heels a twin tower tandem in the paint. Salvadori (4.5 ppg) is still one of the league's premier shot-blockers, but his trademark fadeaway jumper doesn't pose a severe offensive threat to opposing big men. Redshirt Serge Zwikker will get his first chance to shine in a Tar Heel uniform. And don't forget Ed Geth is still in the house.

But if you take a poll around campus, the consensus would be that both Sullivan and Salvadori will spark the Tar Heels off the bench come January. 1993-94 Men's Basketball schedule

# return to Kenan Stadium

By Zachary Albert

If you hear a roar rise up from the woods near the Bell Tower on Saturdays in the fall, you know that the Tar Heels are doing something right.

The noise comes from Kenan Staturdays in the fall you have the same that the same

dium, home of the 1992 Peach Bowl champion UNC football team, which teems with 52,000 fans on weekends.

Attending a game at Kenan is an experience unlike any other. The crisp autumn air curls through the surround-ing woods into the stadium, providing

an invigorating atmosphere.

The stands fill with fraternity brothers sporting their Sunday best, spirited alums who tailgate in their BMWs and the occasional riffraff from Raleigh.

The Carolina Fever section points to the press box, chanting, "Woo-dy! Woo-dy!" in hopes of glimpsing a hearty wave from Woody Durham, voice of the Tox Heales

The mikeman gives the cheerleaders a boost with a booming voice and a unique dance style. You can't miss him. He's the one wearing overalls and a straw hat when UNC hosts N.C. State.

Kenan Stadium was a friendly place for the Tar Heels in 1992. UNC went 5-1 at home. However, bowl prospects wasn't as encouraging halfway through

In mid-October, UNC held a 4-2 mark In mid-October, UNC neura + Zimar, overall, 1-2 in the conference after disappointing losses to the Wolfpack and Florida State. The schedule didn't promise to get any easier, but that was when the Tar Heels buckled down.

the Tar Heels buckled down.

UNC faced down a must-win situation against No. 16 Virginia at home
Oct. 17. Now-San Diego Charger
Natrone Means scampered for 216 yards
to lead the offense as UNC upended the Cavaliers, 27-7.

The win was North Carolina's first over a nationally ranked opponent in a decade. UNC's performance thrust the team into a sea of national recognition.

ABC broadcast the Homecoming

game against Georgia Tech, putting the Tar Heels on national TV for the first time in six years.

UNC didn't disappoint. The Tar Heels downed the No. 19 Jackets 26-14 in the

final home game of the season, and the fans could smell a bowl bid. The Kenan faithful turned rabid in

the waning minutes of the game as cups flew and students streamed onto the field. Both goalposts fell victim to the

Carolina Blue mob.

The boost from the fans would have to last through a three-game road trip to

UNC split the first two, eking by Maryland 31-24, but losing to Clemson 40-7 in Death Valley.

The Tar Heels now stood at 7-3. A

win would almost guarantee a postseason appearance, while a loss would place UNC on the bowl-game

The stage was set for a Nov. 21 showdown in Durham with arch-rival Duke. The Blue Devils had nothing to lose, having lost all their previous con-

Duke pulled every trick play in the book, but the Tar Heels squeaked by the Blue Devils, 31-28. Scouts from the Peach Bowl met head coach Mack Brown in the locker room to present the bid, and the deal was done: UNC would play one extra game in 1993.

The game was scheduled for Jan. 2 in

the all-new Georgia Dome in Atlanta. UNC would face the 24th-ranked Mississippi State Bulldogs in front of an ESPN national television audience.

The Peach Bowl set attendance records for the Dome. A crowd of 69,125 UNC supporters and cowbell-toting MSU fans watched a struggle between two evenly matched teams. The Tar Heels fell behind 14-0 in the

first quarter but averted two more Bulldog scores, which were called back by

penalties in the second.

In the second half, the UNC defense

brought the team back into the game. Bracey Walker blocked two punts in the third quarter, returning one for a touchdown to even the score.

In the final quarter, Walker again caused the big play, laying a hit on MSU's Chris Jones that deflected the

ball into the hands of UNC's Cliff The senior cornerback trotted 44

yards for the game-winning score. UNC held on to win, 21-17, and Brown finally earned the postseason victory ride in his fifth year as head coach.

This year poses new challenges for the Tar Heels. UNC will have to find a replacement in the backfield for Means, the ACC's top rusher.

Because of the team's losses, Brown

should have an adventurous job restruc-turing his team chemistry. Regardless of the team outlook, the prognosis is the same for Kenan Stadium: Carolina blue skies and great football.
