

Safety Tips

- Don't walk alone at night, or in secluded places anytime.
- Plan your route in advance so you can stay in well-lit areas. (See the lighting corridors marked on the map.)
- On campus at night, call the Point-To-Point shuttle at 962-PTOP (962-7867) or Safe Escort (students only) at 962-SAFE (962-7233). If neither is available, call the University Police at 962-8100.
- Be alert to your surroundings. Be prepared for the unexpected.
- If you are being followed, go to a well-lit area where there are other people and call the police.
- Don't accept rides from strangers, or give rides to strangers.
- Never prop open outside doors of a residence hall or campus building. Make sure the door closes behind you when coming in or going out of a building.
- Don't let strangers into any locked campus building. Instead, direct them to the courtesy phones outside residence halls or ask them to call the University Police or the friend whom they are meeting.
- Don't leave valuables, like purses and wallets, in plain sight.
- When going on a date with a new acquaintance, let someone you trust know where you are going and with whom, and when to expect you to return.
- Lock your doors whenever you leave your residence, office or car.
- Don't leave valuables, like computers and expensive jewelry, unsecured.
- Be aware that alcohol and drugs affect your judgment and ability to react.
- Notify the police if you see anything suspicious or out of the ordinary.
