Applications for Executive Positions Available

BY KARA HODGES STAFF WRITER

Student Body President-Elect Aaron

Nelson has already made changes. Students interested in serving as student body vice president, secretary or treasurer for the 1996-97 academic year will encoun-ter new job descriptions and different ap-

plications for the positions.
"We are looking for people dedicated to service. It is our mission as a student government to serve students," Nelson said.
"We want people with energy and a commitment to work for the betterment of the lives of University students."

lives of University students."
Nelson said the positions' descriptions and applications were different from last year. He said the new applications focused on leadership style and asked about a job

POVERTY MAZE: Come to the Newman Cen-for our weekly dinner and for a program that will

heighten your awareness of poverty.

6:15 p.m. CAMPUS SCOUTS will meet in the

strengths and weak-

nesses.
"The big change with the position of vice president is that they will now be directly responsible for all appointments to external commit-tees that Nelson has," said John administration transition coordinator There are well over

about 30 different advisory committees that come out of the offices of student body REVIEW

desk. Housekeepers assigned to the building also have master sets to the building.

Students who are members of an orga

nization wanting to gain access to their

group's office can do so if they are on the approved key list at the Union desk and can provide valid student identification.

The students must also sign a key sheet before a Union desk attendant will grant

There have been no changes for the sition of student body treasurer, but changes have been made in the job description of student body secretary, Dervin said.

The treasurer would continue to work with the Student Activities Fund Office,

Nelson said next year there would be

nly one student body secretary.

Nelson said his chief of staff would be junior Christina Reynolds. Reynolds could not be reached for comment Tuesday.

Nelson said the chief of staff would work with committee heads and the secretary. The secretary would act as the office

tary. The secretary would act as the office manager, he said.
"The secretary will work to bring stu-dent archives and old student government records on-line," Dervin said.

Federation, the Honor Court, and the at-

tions also have personal keys.

Desk attendants have been able to find records dating back to last December, but the key list which would have included Feb. 14 and Feb. 15, the day of the election and the day after, when Oliver discovered

them access to an office.

spaces would be offset by the redistribution of permits around other areas of South Campus and by a promotion of the park-and-ride service. Changes for next year include more

stringent enforcement of South Campus visitor lots. Young said visitor lots had been overcrowded because of employees parking in these areas, which are closer to their offices.

Young said 14,389 spaces were available on campus for the 1995-96 school year. Employees were allotted 10,827 and students were allotted 3,562. Figures for the 1996-97 school year have not been

Young said students would still have access to about the same number of per-

mits during the 1996-97 school year.
"The allotment from our point of view is unaffected," Young said.

Young also said the fee for illegally using a lost, stolen or counterfeit permit tag would quadruple. He said the current fee is \$50 but the fee would jump to \$200 for the 1996-97 school year.

"We are not penalizing the victims; we are penalizing the perpetrators," Young

Both Young and Reid were optimistic about the changes for next year and said the changes would not drastically affect

University parking.
Young said, "This is not a situation where grand-sweeping changes will be felt."

to make the executive branch of student government accountable to students. 'We can't be accountable unless we are

He also said the secretary would work

Dervin said. "In order to be accessible, the government wants to provide open records and minutes to whomever would like to see them."

Nelson said, "We want information to be accessible to students at all times about what we are doing, where we are, what our future plans are and where we are going." Applications for these positions are

available to any interested student and are due March 15. "We are looking for people who interact well with other students and clearly demonstrate leadership qualities," Dervin said. "We want people who have shown leadership in the student commu

TRASH

higher fee when dumping trash that in-cluded corrugated cardboard. Heflin said the town would not collect

trash from a dumpster if cardboard was found in that trash bin. Corrugated card-board is a heavier grade of cardboard and takes up more landfill space. The ban is intended to increase the life expectancy of the landfill.

Heflin said the town had collected most of the trash from the 116 sites. "We're down to approximately 20 bins from last week," Heflin said.

The University took a much different stance and violated the ban daily rather than allowing campus trash to build up, said James MacFarquhar, associate direc tor of building and grounds.

"We could not tolerate the situation

that would result from not picking up the garbage," MacFarquhar said. "We are tracking the amount of the fines ... and are leaving our options open at this point." Town Manager Cal Horton said the

fines would continue to be paid for by town taxes. Apartments and private businesses have been targeted in the early stages be cause they are among the largest contributors of corrugated cardboard to the landfill.

Wanda Wheeler, manager of Kensington Trace Apartments, said apartent managers had no real way to enforce the ban. "The public needs to be more educated before they penalize multi-family complexes," Wheeler said.

Horton said the responsibility for en-forcing the ban belonged to the property owners. "In the end the property owners are responsible for providing the proper receptacles for the disposal."

Jewish Faith Celebrated In March

BY JOE MILLER

For the next two weeks, the 750 Jewish students on campus will have the opportu-nity to celebrate their heritage. Hillel, the Foundation for Jewish Cam-

pus Life, is sponsoring the second annual Jewish Awareness Month, which began March 11 and will continue through March 23. The University is one of several schools throughout the country celebrating Jewish Awareness Month.

Darin Diner, Hillel's interim director, said the national office organized the indi-vidual programs of schools throughout the country into one big national event. Diner said the purpose of the celebration was to highlight the offerings of Judaism to students and to educate non-Jews.

Diner stressed a need to make the small number of Jewish students feel like they belong to the University community. "It becomes even more important for those students that are Jewish on this campus to

be able to reach out and become a part of the community," Diner said. Elisheva Ende, president of the Chapel Hill-UNC Hillel, said the programs were planned by the N.C. Hillel. Ende said

planned by the N.C. Hillel. Ende said March was picked as the month for JAM because of the spring weather. Events planned for the celebration in-clude improvisation at Comedy Sportz, a free showing of the film "Crossing Delancey" in the Union film auditorium, a drive to make sandwiches for a local home-less shelter and a shabitation inform people less shelter and a shabbat to inform people out Judaism. There will also be a special exhibit in the Carolina Union Gallery celebrating 3000 years of Jerusalem.

Both Diner and Ende have high hopes for the celebration

"I hope that JAM will be a chance for every student and member of the University community, both Jewish and non-Jewish, to realize the exciting, dynamic program that the Jewish community has to offer," Diner said.

Ende said, "I just want them (people) to know that Hillel is out there and to know what kind of things that we offer, and for Jews to celebrate their Jewishness and for non-Jews to become aware of what Jewish culture and Jewish religion is about." For more information, call 942-4057.
