Student & STUDENT ELECTIONS **Student Body President Platforms**

Lacey Hawthorne

No greater formula for success exists than proven experience combined with strong vision. It is because I possess both these characteristics that I am uniquely qualified to be your next SBP.

Throughout my term in Student Congress and my experience in the exec-utive branch as student body secretary and as an executive assistant, I have worked to improve food service, stu-dent-faculty relations and I am currently leading the University effort to reform advising. As SBP the

Lacey Hawthorne ideas, but with your support we cannot and will not be denied. Let's build together.

gthening our academic for

Advising reform: I am leading campus efforts to reform advising by working for: fewer students per advisor, full-time advisors and a stronger link between advising and career services Implement online registration:

Decrease dependency on Caroline. Carolina career network: A pro-gram to match students with young alumni in their prospective career field to facilitate career planning through one-on-one interaction

Serving student needs

Textbook rental (save student money): A common sense change that allows you to save money by renting your textbooks instead of buying them Student parking: Fight for equal

access to parking for students. **Explore transportation alterna- tives:** Point-2-Point service to nearby tments and Greek houses, extension of Chapel Hill Transit bus hours and a cooperative effort with local cab com-panies provide reduced rates for stu-

dents to discourage drunk driving. Housekeepers: To ensure a clean living and learning environment for all, I will open communication lines between housekeepers and the adminis tration.

■ Low-cost remote storage: Not all of us are from the Chapel Hill area. Access affordable storage is a necessity for many of us.

■ Keep residence halls open: open residence halls over extended breaks, such as Fall Break. Keep residence halls open longer for those of us with late exams.

Encourage the creation of a 24-hour rape crisis hotline.
Cable: Now that cable is coming,

ve must have a say in its programming Increase the number of Internet jacks in classrooms and libraries.

Fighting for students

Tuition freeze program: I will lobby the General Assembly to implement a program freezing your tuition rates when you enter Carolina; thus preventing any increases during your stay. Demand equal enforcement of alcohol laws.

Fight to reduce the open contain-er violation from a misdemeanor to an

infraction. Improve town safety: Better light-

 Inprove town starty, better ngint-ing on town streets and bar paths and call boxes at off-campus locations
Housing search engine: I will cre-ate an online search engine linked to the University of the start of t University home page which locates housing for students.

Student representation: I will lobby for the creation of non-voting stu-dent seats on both the Chapel Hill Town Council and the Carrboro Board of Aldermen.

Uniting UNC communities

Council for Common Ground: A conversation on affirmative action: A solution-oriented approach which brings together representatives from both sides of the affirmative action debate to collectively discuss ways of finding a solu-tion. It is time for students to speak with a united voice and find our own solution before the state mandates one for us. Greek life: Provide student gov-

ernment support to the Greek commu-nity in its pursuit of autonomy from the University. Students, not administrators, should run the Greek system.

Learning the ropes: A year-long peer mentorship program coupling interested upperclassmen with incoming freshmen to ease the transition from

high school to college. Support the education drive of the Sonja H. Stone Black Cultural Center.

Faculty-student interaction: Create majors associations which include students and faculty of each department to encourage interaction

beyond the classroom. Graduate speakers bureau: A program to link graduate students with communities needing expertise in their respective fields of study.

If you have any questions please visit ir Web page at our Web page http://www.unc.edu/~lhawthor.

From today until Wednesday, The Daily Tar Heel will present candidate platforms for the Feb. 10 student body elections. Today, we will present the student body president platforms. Senior class president and vice president, as well as Graduate and Professional Student Federation president platforms will run on Tuesday; Residence Hall Association and Carolina Athletic Association presidents' platforms will run on Wednesday. Endorsements by the DTH will begin on Thursday, so watch this space for further developments.

trees of Coker Woods and a black cultural center? Is the University trying to drive a wedge between environmental-ists and those that believe in a black cultural center? Why do we want a black cultural center in a location that will flood as much as the Student Recreation Center? How hard would it be to switch two letters in SRC for a quick solution? Why is the University eager to do construction everywhere but the BCC? What's with all these acronyms? Who oversees University Police? Do

ey have guns, too? Why does The Daily Tar Heel think th

it runs the election? Why was the dead-line for platforms moved up a day with 16 hours notice? Why don't we just turn in our platforms to them and have them decide? Do we? If you have any answers to these

questions please e-mail danny@email.unc.edu rintin@email.unc.edu

Too many times, students fall through the cracks, not knowing where to turn at a large university. Look around you. How many doors are closed? How many of your questions go unanswered? Student government must enable you to find solutions — that's what it is for. My vision of student government is about opening doors, from the time you apply to the day you grad-uate. These are the key points on our plan of action:

Opening the doors

Students are entitled to every resource at our University. To utilize these resources, you first have to know where to look.

Our student gov-ernment will be the place to start. Student 1.0 input with sur-veys, small meetings and e-mail. Going doorto-door to find out what students are really concerned Anne Neville about

Student gov-ernment must be accessible. In order to ensure this goal, we will hold office hours on South Campus and at Granville Towers at least once a week Recruit a diverse student government.

Advising

Answers lie outside Steele Building. We will support reform in traditional advising methods and will seek innovative approaches. Freshmen should have the option

of registering with their advisers - real ng for those who need it most.

Upperclassmen Pairing Program: Pairing older students with incoming freshmen to supplement academic advising. Students are the most valuable resource at our university. Not only seniors, but sophomores and juniors can also guide freshman through the UP

Program. Continue improvements to registration through online registration and more Caroline lines.

Tuition

As student body secretary, I fought against tuition increases first-hand. We must form a strong foundation to combat unfair tuition increases. Here's how we do it:

Create a Student Network to mobilize students against unfair tuition increases during the summer and school

Bridge the

Anne Neville

Increase student interaction with state legislators through Legislative Days and a strengthened Student Ambassador Program, our frontline against any state policies unfavorable to UNC.

Combat future increases, including retroactive increases, which are unacceptable.

Student life

■ Off Campus Housing Department: Administrators must rec-Housing

Department: Administrators must rec-ognize that housing problems do not stop at the edge of campus. **Carolina Culture:** I started this program to bring talents of performing groups into the spotlight. We will con-tinue weekly performances on Polk Place Place.

Bolster student self-governance in

the Greek Community. Support Technology Initiatives with funding that does not unfairly burden students.

Academics

Student input: Include students on ew faculty hiring committees.
The Black Cultural Center:

Continued support of the BCC's mis-sion and fund raising for a freestanding center

■ Minor in American Indian Studies: With North Carolina having a high population of American Indians, there is a need for this addition to cur riculum.

Continue to support affirmative action policies at UNC. This requires a definitive stance.

Develop more issue-oriented classes like the current Nike Seminar.

Town relations

Bike Paths: There is a need for them on and off campus; it's that simple.

Security: Lobby the town to install lights in heavy student traffic areas.

■ Parking: Fight to keep student parking spaces available and oppose proposals limiting student acce to park

Town Council Days: Increase interaction between students and town council members to further the already existing relationship.

Student Government is uniquely positioned within the University. We must use our access to help other students and student groups to better achieve their goals. I have the experience, the perspective and the innovation to successfully carry out this platform

and begin to open these doors. Please visit our Web site at www.unc.edu/~neville.

more funding for the campus security officer; work with safety officer to imple-ment more RAD training sessions on

Transportation: fight to maintain

Transportation: light to maintain student parking spaces; work to increase P2P drivers; open P2P telephone lines to offer transportation to and from Student Health Service.

External relations

Local Concerns: improve lighting

on poorly-lit streets (e.g., Rosemary and Hillsborough streets); implement a "Town Council Day" to provide a time

for students to meet with Town Council

State Relations: improve the

officials.

More online campus resources including registration for classes and a complete "Carolina Course Review" cataloging students' evaluations of

courses and professors. A centralized tracking system of all campus events incorporated into an informational Web page to aid in event planning

Establishing a voice in govern

As a large portion of the Chapel Hill and Carrboro population, students need to exercise their voices in town and state matters. I plan to mobilize individuals to form a coalition for student rights outside the University beginning by:

Fighting all tuition and fee increases at both University and state levels. Establishing "Students Vote,"

"Our responsibility as privileged women's issues. human beings is to pay back for the opportunities we've received." – Kathryn Anastos.

or

This quote reflects why I am running for student body president. If elected, I will give back to Carolina all of the won-

derful opportunities that have been afforded to me. Guided by representation and ser-vice, the five points of my platform offer a clear outline for a successful student

Role of Student Government accountability to students Send student government newslet-

ters to on-campus residents and place on

Schedule office hours in residence

government.

reserve in libraries.

We attend a first-rate institution with academics at its core. I am a proponent of programs that actively engage students in their learning experience. With

this goal in mind I propose to: Extend pass/D/fail declaration Allow no weekend reading days. Instituting a more team-oriented approach to advising, pairing freshmen with both faculty and student advisers. Establish Undergraduate Research Fellowships: allotting money to undergraduate research modeling the success-ful program at the University of Texas. Implement a student internship program

Increase student-faculty interaction through departmental events.

Student living issues

The UNC campus could better serve the student experience. I support the following changes to reduce inconveassociated with college life:

Health 24-hour operation of Sciences, Davis and School of Law libraries.

 Improved housekeeping and maintenance in residence halls.

More trash cans and recycling bins at building entrances.

both directions

Improving bicycle lanes to cam-pus; combating any proposal forcing stu-dents to pay for night-time parking per-

Safety matters

The UNC campus is our home away from home, where we should feel safe walking to class in the morning, from the library at night and at all other times. To achieve this I will:

 Reduce drunken driving by implementing safe transportation options. similar to systems at Wake Forest University and the University of Texas.

■ Improve lighting particularly at bus stops, apartment complexes and McCorkle Place.

Add SAFE Escorts' services at other highly used facilities.

Technology concerns

Computer facilities fail to meet student demand. The changing technologi-cal environment of the 21st century necessitates that all students have access to updated computers. We need: Extended hours at computer facil-

Increased state appropriations for technology.

Carolina Testing and Orientation

Program Session. Working to reduce the open-container violation from a misdemeanor to an infraction.

Providing a system to distribute comprehensive information and evaluation of off-campus housing.

Graduate student issues

Graduate students are an integral part of the University community and deserve more support. I will work for: and

Higher teaching and research assistants' stipends and more tuition remissions to recruit and retain higher caliber graduate students.

■ Increased respect for graduate students

Greek issues

A fraternity member myself, I understand how Greeks are inappropriately blamed for many campus problems. ropose to use the student body president's office to support the Greek community and ensure that realistic stan-dards are established for self-governance. I firmly believe in preserving the integrity of the Greek system at UNC.

If you have any questions or com ments, please contact me at 933-5708.

ng Hall

The Student Organization Council (SOC) will serve as a network between existing campus groups and a resource for students interested in starting organizations.

 Accountability sessions will serve as an opportunity for open dialogue between the SBP and the campus.

Work with the Elections Board to start a "Get out the vote" campaign to increase campus election voter turnout.

University con

Graduate Student Issues: advocate affordable transportation to and from the new off-campus child care location; work to give health insurance to more graduate students, establish a standard for technological resources within graduate departments; decrease possible disparities of such resour

Sonja H. Stone Black Cultural Center: continue to co-sponsor programs to educate the campus on the BCC mission and assist the BCC in its fund-raising efforts.

Women's issues

■ Encourage the University to open the Women's Center in a timely fashion. Co-sponsor programs with the Women's Center to raise awareness of

Affirmative action: continue the objective research started this year and tate dialogue between various org nizations.

Reyna Walters

 Improve orientation programs to ease international and transfer student

 Initiate Research, Information. Development and Dissemination to deal with difficult issues effectively. Deve

Student Services

Libraries: create a student advisory committee on libraries to ensure a student voice in the Undergraduate Library renovation; extend weekend library operating hours.

Technology: publicize campus Internet resources, increase computer lab hours.

Student Health: examine afterour fees and weekend service hours to assess what is fair and reasonable.

■ Campus Resources: advocate awareness of University Career Services and the Learning Center by sponsoring a series of programs with these offices expand campus services for sexual assault survivors by advocating interaction between Orange County Rape Crisis Center and Student Psychological Services; create a liaison to Disability Services; develop a consumer guide for out-of-state students.

Safety and Security: advocate

Student Ambassador Program; evaluate tactics used in legislative efforts; work to nt unreasonable tuition increases.

■ Voter Registration and Education: register voters to prepare for the upcoming election year; provide objective voter education through "GOTV."

Academic Affairs

Advising: implement a mentoring program with community leaders for graduate students; bring the advising consultant to UNC; implement gradu ate/undergraduate mentoring program. Faculty/Student Relations:

encourage more faculty/student interaction on University Day; push the University to hire and give tenure to more people of color and women; implement more "Dinner Discussions with faculty and students.

Academic Policies: push for revisions of the Pass/D/Fail options; inves-tigate problems in majors and minors; tackle possible curriculum reform options

Through my involvement in various campus organizations, I have been pre-pared for the office of student body president.

From joining a sorority to fighting for graduate student health insurance, I have had experiences both outside and inside student government.
