

# Hornets' Wesley to Face Charges of Reckless Driving, Drag Racing

**Associated Press**  
**CHARLOTTE** — Charlotte Hornets point guard David Wesley will be charged with reckless driving and drag racing in the crash that killed friend and teammate Bobby Phills, Wesley's lawyer Ed Hinson announced Wednesday. Hinson said he was told Tuesday by the Mecklenburg County assistant district attorney, Anne Tompkins, that she will authorize police to charge Wesley with the two misdemeanor counts. It was not clear when Wesley would be charged. He was in Houston on Tuesday night for a game against the Rockets. Phills and Wesley were driving at more than 100 mph in their Porsches when Phills lost control and collided with a car, police said. A police report said that Phills and Wesley were driving "in an erratic, reckless, careless, negligent or aggressive manner," and the men were "involved in a speed competition" before the collision. Wesley was also driving with a suspended license at the time. Tompkins did not immediately return phone calls Wednesday morning. Speed competition, also called drag racing, and reckless driving are each punishable by up to two months in jail and a \$1,000 fine. Motorists convicted of speed competition also can lose their licenses for up to a year. If convicted, it is unlikely that Wesley would spend any time in jail, legal experts said. However, he could be ordered to perform community service.

**HOROSCOPES**  
by Linda C. Black

**Today's Birthday (Feb 3)**  
 You're full of new ideas this year, but it's your experience that really pays. Draw up your blueprints in February. Put your money down in March. Practice makes perfect in April. Listen to a teacher in May. Let a Leo lead you in August. Feedback from your friends is good in December. Old love serves you best next January. To get the advantage, check the day's rising: 10 is the easiest day, 0 the most challenging, Aries (March 21-April 19).  
 - Today is a 6 - You've been under a great deal of pressure for the past few days. And, guess what? You still are! Luckily, you work well in this sort of situation. No need to get angry if the heat's turned up. You can always pull up stakes and go somewhere else.  
**Taurus (April 20-May 20)**  
 - Today is a 7 - You're most likely in an entrepreneurial mood. You could come up with an idea, but don't be dismayed if it doesn't work right away. You don't know everything you need to know, yet, but you're learning!  
**Gemini (May 21-June 21)**  
 - Today is a 6 - You may have to curtail your activities for a while, due to lack of funds. Well, you do have the money, but if you spend it on one thing, you won't be able to spend it on the other. If you think of this as a game instead of a dilemma, it'll be a lot more fun.  
**Cancer (June 22-July 22)**  
 - Today is a 5 - Things aren't going as smoothly today as they have been. Make sure you're being properly respected. Delegation is good, but if you're responsible for the results, you'd better stay tuned in to the proceedings - in detail.  
**Leo (July 23-Aug. 22)**  
 - Today is a 7 - Take things slowly and carefully now. Rely on a partner who knows more about what you're doing than you do yourself. If you don't already have somebody like that on your team, get one immediately. If you don't, your competition has a distinct advantage.  
**Virgo (Aug. 23-Sept. 22)**  
 - Today is a 8 - You could encounter a difficult situation. Oh, sure, you're still lucky and popular, but you may be a little bit strapped for cash. You want something you can't afford. No big deal. What you've got is better than what you lack. You can do without it.  
**Libra (Sept. 23-Oct. 23)**  
 - Today is a 6 - One last issue may need to be dealt with. If you're charming, as you usually are, you should be able to get most of what you want. Resist the temptation to have a fit if it feels like things are not going your way. You're more apt to win if you don't fear losing.  
**Scorpio (Oct. 24-Nov. 21)**  
 - Today is a 7 - You are a high-energy person. If anybody could be in two places at the same time, it would be you. Today, that would come in handy. Maybe you can do it by letting your fingers do some of the walking. Phone ahead.  
**Sagittarius (Nov. 22-Dec. 21)**  
 - Today is a 5 - Whatever you're doing now is more difficult than you'd like it to be. It's also taking up too much of your time. You may even have to postpone a date you were eagerly anticipating. Romance will be much easier over the weekend, anyway. Reschedule.  
**Capricorn (Dec. 22-Jan. 19)**  
 - Today is a 8 - You could find a way to make more money. This could be either by taking on another job or by getting a better deal on something you always buy. Look for bargains and other opportunities. Don't let a minor breakdown stop you.  
**Aquarius (Jan. 20-Feb. 18)**  
 - Today is a 7 - You're intelligent, of course. You already know that. What you may not have known is that's not enough. You also have to be perseverant. Tenacity may actually be more important than creativity now. Sorry, Luckily, you can learn that.  
**Pisces (Feb. 19-March 20)**  
 - Today is a 8 - You're still most effective working with a team. You don't quite have what you want yet, but that's OK. Get your act together now, so you can take on an even bigger challenge tomorrow. The problem gets more complex, but you're getting smarter. Don't give up.
