**Horoscopes** by Linda C. Black

**Today's Birthday (Feb 10)**  
 You may know a lot, but you don't know it all until you can listen even better than you speak. By February, you should have your agenda worked out. Be quiet and move quickly in March. Show off what you're learning in April and ponder a new development in May. Your enemy is your best friend in August, and your plans come to fruition around December. Hide out and count your blessings in January.

**Arries (March 21-April 19)**  
 - Today is an 8 - You should be in a good mood. With the moon and Jupiter in your sign, you feel like there's plenty of everything. A person you're attracted to might be a little standoffish, though. Go ahead and prove you're the best. You've got it, so flaunt it.

**Taurus (April 20-May 20)**  
 - Today is a 7 - You may be off to a slow start this morning. You could have complications, some of which are due to causes beyond your control. Finish up as much old stuff as possible, but don't take on anything new yet. Tonight, catch up on your beauty sleep.

**Gemini (May 21-June 21)**  
 - Today is a 7 - You're generally doing well, but you could encounter a snag. One older person in particular could take offense if you miss something he or she thinks is important. No need to start a fuss. Offer your apologies freely if the other person wants one.

**Cancer (June 22-July 22)**  
 - Today is a 6 - You and a partner are after the same objective. You have different ways of approaching the problem. This can be good, but not if you keep expecting the other person to do what you would have. Stay in communication and be flexible.

**Leo (July 23-Aug 22)**  
 - Today is an 8 - You're forceful, dynamic, self-confident and enthusiastic. You might even be right. Others think you are, but don't believe them. You're the one who's more likely to know for sure. Once you've convinced yourself, they'll follow whatever you say.

**Virgo (Aug 23-Sept 22)**  
 - Today is a 6 - There may be a conflict between what you want to do and what other people want you to do. If the other people are signing your paycheck, better do what they want. The people you love will understand. Tomorrow's much better for romance and family matters, anyway.

**Libra (Sept 23-Oct 23)**  
 - Today is a 5 - If you and another person are locking horns, get a friend to intervene. You're good at helping other people sort out their issues, so don't hesitate. You may not be able to mediate if you're personally involved, but who can? That's what friends are for.

**Scorpio (Oct 24-Nov 21)**  
 - Today is a 7 - Even though you're facing some big jobs, you've got a lot going for you. Tempers are short, but you don't have to get rattled. You're good at staying calm even under a great deal of pressure. That's good because others are betting you will.

**Sagittarius (Nov 22-Dec 21)**  
 - Today is a 7 - There's plenty of love in your life, and that makes up for whatever you lack. Keep your sense of humor, and even a whiner roommate won't mess up your good mood. Listen to the complaint, but don't feel like you have to fix it, especially if it's expensive.

**Capricorn (Dec 22-Jan 19)**  
 - Today is a 5 - Your focus is on home and family, buying and selling, wheeling and dealing. Money is coming in and going out. Pay attention so you end up with a profit. You should be able to make some good deals, especially if you put in the extra work.

**Aquarius (Jan 20-Feb 18)**  
 - Today is a 7 - If you could study all day long, you'd be in heaven. The day would go by in about five minutes. That's what it would seem like, anyway. You could make several awesome discoveries, too. Cancel all your other appointments. You don't need the distraction!

**Pisces (Feb 19-March 20)**  
 - Today is a 7 - You're not sure of the outcome, but you're creative. Don't leave it up to chance. Get yourself into the proper environment, and the proper attitude, to have a great idea. You can make it happen, and you should. Others are depending on you. Just do it.
