

LONG TIME AGO, it happened by chance./ That you would invite me to one special dance./ Hand in hand we walked as our passion sparked./ Hugging you goodbye, I knew you'd stolen my heart./ Through phone calls and emails, this crazy thing grew./ Three years ago this day, I first told you I loved you./ We've conquered my green monsters/ And battled the Atlantic Ocean./ Making sous-pies and warm fuzzies/ With my bear and his love potion./ So, to my best friend, cave-dweller and pud-din' head/ Happy Valentines Day. I love you bunches.

M-I found my soul the day we met, although I didn't see. You held out your heart and said take a trip with me. "We will go on a journey that few will ever travel." I wanted to believe, but my fear filled the road with gravel. Along the way I let lies become like broken glass strewn across our path. And created pot holes of mistrust- please don't do the math. But, you saw beyond the damage and bravely led the way. You became my knight in shining red armor and I am asking you to stay. Our love is rare and more real for the pain. Please let me help you heal and kiss you again. Will you be my eternal Valentine? AM

LISA- I want to see your tongue ring again. Thursday night after the Dook game, I bought you a Kamikaze shot so you could tolerate your boyfriend. What about my needs? Slammin Sammy (969-8791)

A night at the Sheraton: \$120/ Dinner for two at Aurora: \$80/ A dozen roses: \$30/ Laying in the quad, kissing my sweetheart underneath the Carolina blue skies on a fresh spring day in Chapel Hill: priceless.

A CELEBRATION OF LOVE/ I see you standing there./ With a smile on your face./ A breeze goes through your hair/ While you light up this place./ Every moment just right./ As if in slow motion./ You're my ship for tonight./ And I am your ocean./ Life always seems to shine/ When we are together./ You are my Valentine./ This day and forever.

HAPPY VALENTINE'S DAY, Gabe! WE love you immensely...I love you with all of my big (and sometimes clumsy) heart, and our precious unborn baby loves you with all of his (or her!) tiny but perfect heart. You fill us up, you make us whole...Be ours forever!

MY DEAR ENZYME- Let me be your substrate./ Your soul is the one unique key/ To unlock my being./ Together we form/ A complex love./ Unbreakable./ Unyielding./ Unified./ I will embrace you/ Until the end of my days- And Beyond/ My Blood./ My Heart./ My Life.
