HOROSCOPES
by linda c. black

Today's Birthday (April 24)
This year travel could be your reward for a job well done. You're lucky in May, especially if you play by the rules. Move boldly forward in early June. Study in the summer semester so you can speak the language. Save your pennies through September. Be the leader in November. Don't take risks in December so you can if you want to in January. Be back to reality by February. Share your dreams with a caring friend next April.

To get the advantages, check the day's rating. 10 is the easiest day. 0 the most challenging.
Aries (March 21-April 20)
- Today is a 7 - Your work doesn't seem to increase, but your income might. If you ask for a raise, point out how perfectly you've played by the rules and how much experience you've accumulated. Those will be good selling points.

Taurus (April 20-May 20)
- Today is a 7 - This could be a good day for you to travel. A private conversation with an old friend could be productive. You may have to deal with a few problems soon, but they're not here yet, so relax.

Gemini (May 21-June 21)
- Today is a 6 - You may be worried about money that you owe or money you're trying to borrow. If you're trying to pay off a debt, talk to an expert. You may be doing this the hard way. Make it easy on yourself.

Cancer (June 22-July 22)
- Today is a 5 - You may have a conflict with your partner or mate. If you can't understand each other, bring in a translator. A mutual friend, or even a group of friends, can help you settle this silly squabble so you can get on to more interesting things.

Leo (July 23-Aug. 22)
- Today is a 6 - You're doing the work, but you're not making much money. If you've noticed that, don't despair. There's a way too much effort involved, but just think of it as paying dues. You'll get your reward later.

Virgo (Aug. 23-Sept. 22)
- Today is a 9 - You're lucky today. You get the prize. You should be in a fabulous mood all day. Set up an interview with a person you want to sell and/or a date with Libra (Sept. 23-Oct. 23).

Libra (Sept. 23-Oct. 23)
- Today is a 6 - You'd like a lot of things, but you have to choose what you can afford. That's where the partner comes in. Between the two of you, it'll be easier to figure out what to get now and what to wait on.

Scorpio (Oct. 24-Nov. 23)
- Today is a 6 - You want to be in control of the situation, but today you may be the student. If you're getting ordered around, don't argue. Take notes instead. You can figure out what's useful and what's not, later.

Sagittarius (Nov. 23-Dec. 22)
- Today is a 7 - You could make yourself a lot of money. If you hustle, and maybe even work overtime, you could amass quite a fortune. Put your experience to use! and kick yourself into warp speed. If you don't, the opportunity could pass you by.

Capricorn (Dec. 22-Jan. 19)
- Today is a 9 - You should be in a marvelous mood. Put your chores aside this evening and relax. If you can surround yourself with family and friends, so much the better. You don't have to work all the time. Tonight, the more, the merrier.

Aquarius (Jan. 20-Feb. 18)
- Today is a 5 - You might need to fix something. If you're not sure how to make the change, do more research. Find another book to read or another expert on the topic. To leave a message, call (888) 522-9533 for free.

Pisces (Feb. 19-March 20)
- Today is a 8 - Get together with friends today and try something new. You may find you have a talent that you didn't know existed. You have a tendency to be shy around people, sometimes. Put that aside for now. Fitting in will be easier than you expected.

Linda explains what's going on in greater detail at (900) 950-9000, for 99 cents per minute. To leave a message, call (888) 522-9533 for free.
