Cancer (June 22-July 22)

Today's Birthday (July 20)

Early speculation could be risky, but a gamble you take later could pay off. The more you learn, the more your confidence grows. In July don't let on how much you know, and you'll find out more. Turn news from far away into profit in August. Save most of November for relaxing with loved ones. Changes in plans keep you scurrying in December. Stick with the tried and true in February, but it's OK to try something bold and new in March. An older friend's advice hits home in May, and a secret keeps you smiling in June.

To get the advantage, check the day's rating 10 is the exact day, 9 the most challenging.

Aries (March 21-April 19)

Today is a 6 - Take care of a household matter. That will get somebody off your back. Once this is done, you'll have more peace and quiet. Meanwhile, don't complain. That would just lead to the confusion.

Taurus (April 20-May 20)

Today is an 8 - A friend of yours has quite a bit to teach you. Don't learn this lesson the hard way. Also, don't loan money to a person who can't pay you back. Have it be a gift, instead.

Gemini (May 21-June 21)

Today is a 6 - Watch what you say. The more polite you are, the more you'll profit. Look good, be thoughtful and generally be on your best behavior. You could be well-rewarded.

Cancer (June 22-July 22)

To get the advantage, check the day's rating 10 is the exact day, 9 the most challenging.

Leo (July 23-Aug. 22)

Today is a 5 - You have some important things on your mind. Maybe you could hide out for a while and think this out. Everybody has their own ideas about how you should proceed, but they're not much help. Figure out what's best for you.

Virgo (Aug. 23-Sept. 22)

Today is an 8 - This is a good day for a double date with your steady and best friends. If you don't have a steady, ask your friends to set you up. Or maybe a friend would like to upgrade your friendship to a romance. That's the best kind.

Libra (Sept. 23-Oct. 23)

Today is a 7 - You are busy again today. This is most likely creative work, but it doesn't pay all that well yet. Don't worry about that. Do what you love, and you'll get really good at it.

Scorpio (Oct. 24-Nov. 21)

Today is an 8 - Expect a bit of financial difficulty, but don't even worry about it. You have plenty of love, and that's the most important part. With all that love, who needs money? Together, you'll manage.

Sagittarius (Nov. 22-Dec. 21)

Today is a 5 - Something you're trying at home may not go according to plan. This problem has a solution, but it's not what you thought it would be. Stand back, take a few deep breaths and then call somebody who knows how to do this.

Capricorn (Dec. 22-Jan. 19)

Today is a 7 - This should be an interesting day. Your partner may be bold. He or she may even try to tell YOU what to do. That's not normal, but it could work. Listen.

Aquarius (Jan. 20-Feb. 18)

Today is a 7 - Money may come your way, and you've earned every cent. You've done a good job just for the sheer joy of it, but it wouldn't hurt you to get paid, too. Don't hesitate if you get the chance for a bonus.

Pisces (Feb. 19-March 20)

Today is an 8 - You have love all around you. You could have a slight clash with an older person, but try not to take it too seriously. Even if this person does say something rude, just let it go. Who needs it, anyway?

Linda explains what's going on in greater detail at (900) 950-9000, for 99 cents per minute. To leave a message, call (688) 522-9533 for free.
