Wendy's Employees **Halt Robbery Attempt**

Chapel Hill police arrested Richard Wilson Garrett of 508 Colony Wood Drive for armed robbery at the scene of

the crime Friday.

The 5-foot-9-inch, 170 pound Garrett came into the employee area behind the counter of Wendy's, located at 100 Scarlett Drive, where he pointed a revolver at the manager on duty, who

Garrett, also known as "Will" grabbed the money from the manager's hand and demanded the rest of the money in the drawer.

Police reports state that Garrett attempted to steal \$920 in \$20 bills.

But before Garrett could escape, a second unidentified employee jumped on him and a struggle ensued in which a third employee recovered the gun.

When police arrived, Garrett was outside the store, on the ground in the parking lot and surrounded by about four to five Wendy's employees. The gun was still inside.

Chapel Hill police spokeswoman

Chapel Hill police spokeswoman Jane Cousins discouraged others from taking such actions if faced with a simi-

"We had positive results this time, but this isn't something we would encourage victims in that situation to do," Cousins said.

"There's a great amount of risk in doing something like that."
Garrett was charged with one felony count of armed robbery and was taken to Orange County Jail in lieu of a \$20,000 secured bond.

His court date was set for Sept. 5 in Orange County District Court in Chapel Hill.

Results of the proceedings were unknown at press time.

TECHNOLOGY CAREER FAIR

Campus Calendar

6 p.m. – Interested in volunteering and getting involved at UNC? All students are welcome to Carolina Campus Civitan New Member Night.

11 a.m. - Members of Alpha Phi 11 a.m. — Members of Alpha Phi Omega, a national coed service frater-nity, will be distributing free popsicles and information in the Pit. Formal rush will begin at 8 p.m. in 111 Carroll Hall. 5:30 p.m. — There will be a meeting for all students interested in speech-language pathology and/or audiology in 206 Dey Hall.

For the Record

In the Aug. 29 article "Students Skeptical of Tar Heel Parking Services," the accompanying photo was not of Tar Heel Parking owner Gus Mueller's

property.
The address on Tar Heel Parking fliers indicated the lot was located at 1119
U.S. 15-501 South. The photo in question was of a dumpster with this address on it.

However, Mueller contends the dump-ster was moved from his lot by others who owned property adjacent to his and that the photo, in fact, depicted their land. A subsequent trip to the property by DTH reporters confirmed the actual location of his parking lot. In the Aug. 30 brief "Former Union Director Howard D. Henry Dies," The

Daily Tar Heel incorrectly reported that Henry was from Viroqua, Wis., and began his career at UNC in 1956.

Henry was born in Wisconsin but lived in Chapel Hill for 42 years and began his career at UNC in 1958.

The brief also failed to mention that

he will be survived by his wife, Bee.
The Daily Tar Heel regrets the errors.

Montana Forests Open Following Wet Weather

HELENA, Mont. - Millions of acres of forests and grasslands in Montana were reopening to the public Tuesday because cool, rainy weather and increas-ing numbers of firefighters have less-

ened the danger of wildfires.

The decision by the U.S. Forest
Service and Gov. Marc Racicot affects 20 million acres in areas hit hardest by this summer's wildfires, said Pat Graham, director of the state Department of Fish, Wildlife and Parks. "I am pleased that with the presence

I am pleased that with the presence of additional firefighting capabilities, cooler weather, some precipitation and enhanced moisture," Racicot said.

"We are able to suspend the executive orders previously issued concerning lead sleave."

There were some exceptions to the midday reopenings. Fire-danger

restrictions remained in effect on campfires, smoking outside designated areas and off-

Nationwide, 81 large fires were still burning on 1.55 million acres Tuesday in Arkansas, California, Idaho, Mississippi, Montana, Nevada, South Dakota, Texas and Wyoming, according to the National Interagency Fire Center in Boise, Idaho.

To date, 74,755 fires have burned nearly 6.6 million acres across the nation, the center said.

Monday's announcements of the Montana land opening came as the huge fires in the Bitterroot Valley were on the wane, blunted by cool, rainy
