

The University and Towns
IN BRIEF

Area Police Searching For Suspect in Attacks

Two people were assaulted at 12:31 a.m. Saturday morning on the corner of McFarlings and West Franklin Street. The Chapel Hill Police Department is searching for a suspect who will be charged with assault and assault with a deadly weapon inflicting serious injury. One victim was struck in the face and the second one was cut with a knife. Reports state the injury was minor with severe lacerations. The police department has no leads in the case, but is continuing its investi-

gation.

Graduate Student Wins U.S. Army Book Award

Alex Vernon, a doctoral student in UNC's English department, has been awarded the 1999 Distinguished Book Award from the U.S. Army Historical Association.

Vernon and four friends co-wrote the book, titled "The Eyes of Orion: Five Tank Lieutenants in the Persian Gulf War."

The five authors, who commanded U.S. tank platoons in the Gulf War, split the \$1,000 prize.

Service Organization Holds Interest Meeting

Karolina Kids, a service organization that was started in 1996 by a UNC student, will hold an interest meeting tonight in Union 209.

The purpose of this organization is to relieve the suffering of sick and terminally ill children in and around the Triangle.

The organization visits the children in the UNC Hospitals and Duke hospitals. The organization also cooks meals for the Ronald McDonald house.

For more information, please contact Jetonga Keel at 933-7177 or e-mail keel@e-mail.unc.edu.

Jazz Band to Perform At Johnston Center

The UNC Jazz Band is scheduled to play a free concert Sept. 24 at 3 p.m. celebrating the band's July trip to Europe.

The band will perform selections from their trip abroad under the direction of UNC music Professor James Ketch. The UNC Jazz Combos will also perform.

The concert will be held on the terrace of the James M. Johnston Center for Undergraduate Excellence.

The rain location is in the Johnston Center commons room.

Salem College Center Presents Doris Betts

The Salem College Center for

Women Writers will host a gala event with highly acclaimed author Doris Betts.

The center will show a world premiere screening of the film, "This is the Only Time I'll Tell It," which is based on Betts' short story.

The event will be held at 7:30 p.m. today in the Shirley Auditorium, located in the Salem College Fine Arts Center.

Astronauts Finish Supplying Station

The Associated Press

CAPE CANAVERAL, Fla. - Space shuttle Atlantis' astronauts closed the doors to the international space station Sunday after accomplishing all their chores and more.

They planned to pull away aboard Atlantis late Sunday night.

"You did a fantastic job," radioed Mission Control, "and we know the Expedition One crew will really appreciate all the effort you put in getting their new home set up."

Expedition One - the first permanent space station crew - is scheduled to blast off Oct. 30 aboard a Russian rocket and arrive at the complex two days later for a four-month stay.

During their five days inside, the shuttle astronauts stocked the space sta-

tion with more than 6,000 pounds of food, clothes, soap, toothbrushes, ear plugs, pens, notebooks, trash bags, radios, vacuum cleaners, power converters and other gear.

The seven men installed the toilet, oxygen generator and treadmill in the new Russian-built living quarters and, during an excursion outside last Monday, hooked up power and TV cables.

They also plugged in fresh batteries and boosted the station into a 240-mile-high orbit, about 14 miles higher than before.

"I hope all of the rest of the assembly flights will be 50 percent as successful as this flight has been," said flight director Wayne Hale. "We have not only done everything we set out to do, but we had to scramble around and find even more

things to do because everything went so well."

Commander Terrence Wilcutt and his crew spent several hours backing out of the space station Sunday morning, making sure nothing unwanted was left behind and that all the lights and other pertinent equipment were turned off in the three modules.

They couldn't resist adding a few personal touches. "Scooter slept here!" read a note left on the wall; Scooter is pilot Scott Altman.

In all, 11 hatches were sealed. Some of those doors will be opened again in just a few weeks when another shuttle crew arrives to install the station's first piece of truss, or girder.

The truss will serve as a conduit for power cables and hold gyroscopes for motion control.
