Horoscopes
 Libra (September 23-October 23)

Today's Birthday (Oct. 11).
 You could have a great adventure this year. Do some planning to keep costs from soaring. Share a dream with a loved one in October. Gather more money in November. Dig for buried treasure in December. Make plans for the future in February. Join up with your opposite in April. An old place seems brand-new in June. Mum knows best in July. Pay the piper in September.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aries (March 21-April 19)
 - Today is an 8 - You should be in a feisty mood. A delicate, intellectual type could find you fascinating. You have a certain animal magnetism that's hard to resist. But, don't let it run rampant.

Taurus (April 20-May 20)
 - Today is a 5 - Things may move a little too fast for your tastes. You might feel like the referee at a ping-pong tournament. Follow your routine and make sure the regular chores get done. Ignore whatever else is going on.

Gemini (May 21-June 21)
 - Today is an 8 - Finally, some relief! A friend's eager to help you, but you'll need to maintain some control. Let this person know what to do to make sure you both end up winners. Your friend has the energy, but you've got the experience.

Cancer (June 22-July 22)
 - Today is a 7 - The game board's changed. Now you have to contend with somebody who wants to be helpful. Instead of resisting, have this work to your advantage. Figure out what this person wants or needs and find it! This could be quite profitable.

Leo (July 23-Aug. 22)
 - Today is an 8 - Your luck's gone up considerably. A bold move today could turn out well. You're liable to get a tempting offer from someone who's far away. If this is a person you can trust, you're in for some fun.

Virgo (Aug. 23-Sept. 22)
 - Today is a 5 - You'll have no trouble staying busy, but concentrating may be hard. Somebody who's worried about their money could be a pain. It's even worse if your money's involved, too. Stay calm, especially if nobody else is.

Libra (Sept. 23-Oct. 22)
 - Today is a 7 - Today you may want to let your partner take the lead. Make sure you're both headed in the right direction. You're full of great ideas but may find it hard to choose among them. Let somebody else!

Scorpio (Oct. 23-Nov. 21)
 - Today is a 4 - Hold your tongue around an irritating co-worker. You may not have a chance to get a word in edgewise, anyway. Go along with the other person's agenda, for now. You can fix things later.

Sagittarius (Nov. 22-Dec. 21)
 - Today is an 8 - Love's on your mind, and you're not the only one. Stars could be in your eyes before this day is over. If you've already got somebody in mind, make the call. If you don't, a sporting event would be a good place to find one.

Capricorn (Dec. 22-Jan. 19)
 - Today is a 6 - All it takes is a little work and a lot of money, or the other way around. You can have your house ready for company even if it's all torn up. Setting priorities is a good way to start, and you're naturally good at that.

Aquarius (Jan. 20-Feb. 18)
 - Today is a 9 - Dreams come in all shapes and sizes, but the one looks fun. It can be done on a weeknight, too, not necessarily in the privacy of your home, either. How about booking a suite at that luxury hotel? They're sometimes cheaper on a Wednesday.

Pisces (Feb. 19-March 20)
 - Today is a 6 - You can find a way to get what you want. It's complicated, but if it were easy, you would have done it by now. Private information leads to the money you need. Make sure you have a way to pay it back and that the interest rate's not too high.
