**Horoscopes**  
 Libra (September 23-October 23)  
**Today's Birthday (Oct. 17).**  
 You've got the advantage this year, so use it. Talk your way into or out of anything in October. Provide for a moody person to gain status and a raise in November. Something you never expected brings a lucky break in December. Let a fix-it person tune you up in February. Money you've saved comes in handy in May. Travel farther than you have ever gone before in June. Know where the money is in July and let an upset motivate you in September.  
 To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

**Aries (March 21-April 19)**  
 - Today is a 7 - You and a close friend or relative have a lot to talk about. Don't let it happen on company time, however. A co-worker's liable to snitch even if the boss isn't around. Later should be excellent for partying, so all's not lost.

**Taurus (April 20-May 20)**  
 - Today is a 6 - Bring in more money, rather than spend it. Something a loved one's been nagging you about is your motivation. A tedious chore could be your means to the end. If it's something you love doing, so much the better!

**Gemini (May 21-June 21)**  
 - Today is an 8 - A mess at home could get you off on the wrong foot. As the day goes on, your luck improves. Remember that exotic restaurant you've been thinking about visiting? Well, somebody else would love to go there, too. What? Another beautiful encounter?

**Cancer (June 22-July 22)**  
 - Today is an 8 - If you can't get to your errands first thing, don't worry, you will eventually. Find the perfect thing for dinner, too. A private conversation by candlelight could lead to forever romance. All it takes is planning, and you're great at that.

**Leo (July 23-Aug. 22)**  
 - Today is a 5 - A friend's risky scheme isn't ready. You can help by pointing out an obvious problem. Then, help find the answer. A book you've been reading or a skill you've been learning could give you the clue. Offer a Plan B that will work.

**Virgo (Aug. 23-Sept. 22)**  
 - Today is a 7 - A quiz is likely, so you'd better know what you're doing. Luckily, you do. Right? Well, now that you've been tipped off, do some research and find out. If you get all the answers right, you could get a bonus.

**Libra (Sept. 23-Oct. 22)**  
 - Today is a 7 - A minor mishap pertaining to travel is possible, but you'll handle it well. Just steer around it. You're agile, both mentally and physically. Pay attention to where you're going, however, and wear your safety belt.

**Scorpio (Oct. 23-Nov. 21)**  
 - Today is a 7 - People are talking in private, and you should find out what they're saying. Ask your favorite informants. They'll sing like birds for a few crumbs. If your informants are kids or men, cookies work well. If women, chocolate.

**Sagittarius (Nov. 22-Dec. 21)**  
 - Today is a 6 - Your competition, partner or mate has a slight advantage. Well, OK, a big one. Pick the battles you can win and save your energy. Relax, chill out and maybe even hide out. Whatever works.

**Capricorn (Dec. 22-Jan. 19)**  
 - Today is an 8 - Things are running more smoothly now. Is that due to your intervention? If so, you can bet someone notices. You could profit nicely for your efforts. Your stock is going up.

**Aquarius (Jan. 20-Feb. 18)**  
 - Today is an 8 - Are you worried that you can't afford a gift you'd like to buy? Does your sweetheart or child want something that you'd have to pay dearly for? Don't say no yet. Look around. Maybe something would be even better, a little farther away.

**Pisces (Feb. 19-March 20)**  
 - Today is a 7 - Do you want something that your house mate keeps vetting for your house? No doesn't mean never; it just means not now. Try again. You've been finding everybody can live with it if you keep looking - together would be nice.
