Today's Birthday (Nov. 28).

Shortages inspire your budget this year. They could inspire creativity and a group effort, as well. You're flexible in December. Drop a bad habit forever. You're not broke in January, but you're careful with your cash. Spend time instead of money on your favorite charity. In February take a class to make a dream come true. Take on a tough project in May for the money, not the fun of it. Make time in June for romance and go shopping for your household items in July. Accept congratulations from your friends in October.

Announcements

Aries (March 21-April 19).

- Today is a 5 - An older person demands your attention. Give it freely, along with respect. Although you and this person don't always agree, you have a lot to teach each other. Have that be your intention, and this encounter will be more interesting.

Announcements

Taurus (April 20-May 20).

- Today is a 7 - You're anxious to get away, but it might not be possible yet. Something important still needs to be done. Make travel plans and get your reservations. The sooner the better, for that.

Announcements

Gemini (May 21-June 21).

- Today is a 5 - Your primary concern is money now. This includes your debt and money you want to borrow. If you and your sweetheart want to do something special soon, you can find the funding now. Watch out for that interest rate, however.

Announcements

Cancer (June 22-July 22).

- Today is a 6 - Let an expert take the lead. Although you're not making the final decision, you're offering valuable insights. Your input, plus the other person's expertise, helps you make the right decision. It's a partnership effort.

Announcements

Leo (July 23-Aug. 22).

- Today is a 6 - Your work could take you into an area you don't know much about. You'll have to learn more, quickly. If you have the foresight to anticipate problems, find the manuals you'll need now. You won't have time to look for them later.

Announcements

Virgo (Aug. 23-Sept. 22).

- Today is a 7 - You and a loved one want to celebrate, but there's a problem. The money you wanted to spend has been spent on something else. Don't fret. The gift you give doesn't need to cost a lot. Sometimes it's better if it doesn't. This is one of those times.

Announcements

Libra (Sept. 23-Oct. 22).

- Today is a 6 - The best place for you to be tonight is home with the family. A close relative may need your advice. If you provide the safe place to talk, you won't have to provide all the answers. Somebody else will do that. Just be the moderator.
