Horoscopes
 Virgo (August 23-September 23)
Today's Birthday (Sept. 5)
 Have you been thinking about buying something big? Maybe a house, or paying for renovations to the house you already have? This is the year to make it happen. Trust your frustrations to steer you out of a bad situation, and trust your intuition to lead you to a better place. Faith helps, too, and it definitely pays to do your homework.
 To get the advantage, check the day's rating 10 to the easiest day, the most challenging.
Aries (March 21-April 19)
 - Today is a 9 - If at first you don't succeed, sit back, wait a few hours and try again. By this afternoon or evening, or maybe tomorrow, something that was impossible earlier becomes easy. It's all a matter of timing.
Taurus (April 20-May 20)
 - Today is a 6 - You're still under pressure, but you're doing well. Even if you can't see how, you should get the feeling that this story has a happy ending. If you're negotiating a deal, hold out for what you want.
Gemini (May 21-June 21)
 - Today is an 8 - Some folks may still be critical, but most are on your team. The naysayers are in the minority. Don't ignore them completely, though. Incorporate their best suggestions.
Cancer (June 22-July 22)
 - Today is a 5 - The world should be pouring in, and the money should be good. The boss is watching, you can bet on that. If you do what's expected, you might make a bonus. It'll be easier if you pretend you don't know you're being evaluated.
Leo (July 23-Aug. 22)
 - Today is a 9 - A journey of 1,000 miles begins with a single step. First, figure out which direction you want to go. Then, take that first step. It wouldn't hurt to have a final destination in mind, either.
Virgo (Aug. 23-Sept. 22)
 - Today is a 6 - If you can scrape the money together - and you probably can - you might find an awesome deal on something for your home. If you're in an apartment you're outgrowing, it's a good time to shop for a new domicile.
Libra (Sept. 23-Oct. 22)
 - Today is an 8 - Forgive your partner for that colossally insensitive remark. He or she has forgotten all about it anyway. Instead of brooding, get out there and have fun. Hurry, or the gang will take off without you!
Scorpio (Oct. 23-Nov. 21)
 - Today is a 6 - Put your social life on hold for a while. Focus on finances. If you can find a way to do more work in less time, the money will come pouring in. Study the procedure and make suggestions to help everyone become more efficient. You're great at that.
Sagittarius (Nov. 22-Dec. 21)
 - Today is an 8 - Somebody you know is a judgmental nitpicker who's obsessed with trivia. That's their problem. Do what you need to do to avoid getting chewed on, but don't stress about it. There's nothing that person could take away that you couldn't live without.
Capricorn (Dec. 22-Jan. 19)
 - Today is a 5 - Your attention is drawn inward, toward your own home. Let the job and other worldly events take care of themselves for a while. Focus on family.
Aquarius (Jan. 20-Feb. 18)
 - Today is a 9 - Worry about what's possible being able to fade as the lines between fantasy and reality dissolve. Why be limited by the fears of less imaginative people? Focus on your goal, and invent what you need to get there.
Pisces (Feb. 19-March 20)
 - Today is a 6 - Find the courage to act boldly. Ask for what you want in a strong, determined way. No whining. If you're willing to work, the odds are in your favor.
