HOROSCOPES

Today's Birthday (Jan. 17)
All is not as it appears this year. The more you learn, the more interesting life becomes. Just when you think you have it all figured out, something else changes. Might as well get used to it. Don't take anything for granted. Pay attention!

Capricorn (Dec. 22-Jan. 19)
- Today is an 8 - Hit the books! You'll learn that something you were worried about can't hurt you at all. You might decide to start avoiding something else.

Aquarius (Jan. 20-Feb. 18)
- Today is a 7 - Stay pragmatic for a little while longer. Close the deal, and get it all down in writing. Take care of business.

Pisces (Feb. 19-March 20)
- Today is a 7 - Is something happening that you don't agree with? Is an authority figure trying to push something through? Something that affects your life? Don't just sit there. Make lots of noise!

Aries (March 21-April 19)
- Today is a 6 - You're good at moving quickly. You see what needs to be done, and you do it. But don't trust that impulse now. Proceed with caution. What you see on the surface isn't all that's going on.

Taurus (April 20-May 20)
- Today is a 7 - What would you have to do to get that promotion? If it's something you wouldn't feel good about, don't do it. But don't turn down an opportunity just because it's a stretch. That goes for whatever challenge you're contemplating.

Gemini (May 21-June 21)
- Today is a 6 - All of a sudden you're running into problems. Something that looked like a sure thing could go sour. It's harder to get your message across or to make the sale. Just wait a while. Things are changing. Pay attention.

Scorpio (Oct. 23-Nov. 21)
- Today is a 7 - You're luckier with love now than you are with money. You can promise your sweetheart the moon, but save the fancy presents for some other time. Give each other encouragement instead, and dig in. You can weather a financial setback.

Sagittarius (Nov. 22-Dec. 21)
- Today is a 6 - Things are shifting in a mass, but conditions are home in your favor. By this weekend, everything will seem possible again. You will have solved this puzzle.
