## HOROSCOPES

**Today's Birthday (Jan. 22)**  
 You have a lot to think about this year. You've got theories to prove, details to analyze, fantasies to explore and gadgets to invent. With all this mental exercise going on, you don't need any other changes. Keep your surroundings intact. Only fix the things that break. And try to be more creative.

**Aquarius (Jan. 20-Feb. 18)**  
 - Today is a 7 - You may feel inhibited or weighted down. You're going through a tugging phase. Don't worry. Just answer your own questions.

**Pisces (Feb. 19-March 20)**  
 - Today is a 5 - It'll be easier to concentrate. That's always a problem, but now you can manage it. Nest, put a lid on your worries. Guilt is a big waste of time. If there's something you can do about whatever you regret, do it. If not, confess. Promise not to do it again, then get on with your life.

**Aries (March 21-April 19)**  
 - Today is a 6 - There are
