HOROSCOPES

Today's Birthday (Jan. 29)

This is a great year for making commitments: romantic, business, whatever. Get married, have another child, take on a business partner. If you're single, don't worry. Love is in the air and you look marvelous. Same's true if you're married. Fall in love with your spouse all over again.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aquarius (Jan. 20-Feb. 18) - Today is a 9 - The attraction - or maybe the repulsion - between you and another person is phenomenal. You're pouring energy back and forth to each other.	Leo (July 23-Aug. 22) - Today is a 5 - You'll be most effective working with a partner in perfect harmony. That won't be easy to accomplish. When in public, keep your disagreements to yourself. Bring them up when the two of you are alone.
Pisces (Feb. 19-March 20) - Today is a 6 - Pay attention so that you can modify your plans as you go along. Don't feel bad if you didn't think of everything. Pretend you're perfectly prepared, and you'll be able to handle any situation.	Virgo (Aug. 23-Sept. 22) - Today is a 5 - Look for a change in your assignment. At the last minute, somebody could want your work done differently. Luckily, you're flexible. You'll really impress them if you ask before they think to tell you. It may also give you extra time.
Aries (March 21-April 19) - Today is a 8 - You should be in a good mood, but you sure have a lot going on. Everybody wants your attention. Don't stretch yourself too thin. Pay total attention to the people you're dealing with.	Libra (Sept. 23-Oct. 22) - Today is a 9 - You're forceful, dynamic and more confident than before. All of that studying is paying off. Those who love you are cheering you on. Accept their prayers and advice.
Taurus (April 20-May 20) - Today is a 5 - There's a slight conflict of interest in your life right now. You need to take care of the person or the paperwork that will bring in the money, but you also have domestic responsibilities.	Scorpio (Oct. 23-Nov. 21) - Today is a 5 - No need to tell an older person all that's going on with you. He or she probably isn't interested. Tell this person what he or she wants to hear. That will be more likely to get both of you what you want.
Gemini (May 21-June 21) - Today is an 8 - Don't assume you understand the whole truth just because you listened to a single source. Get the other side of the story before you make up your mind. You'll end up wiser for being more thorough in your investigation, and so will the people who depend on you for information.	Sagittarius (Nov. 22-Dec. 21) - Today is an 8 - A loved one thanks you can take on a new challenge. You know that person would never lie to you. You're thinking of all the reasons why you shouldn't. You can fix some of the problems before you start. Ignore old psychological limitations. You've outgrown them.
Cancer (June 22-July 22) - Today is a 5 - It might be wise to spend a little more for something that will last longer. Can you think of another way to justify the expense? If not, forget it.	Capricorn (Dec. 22-Jan. 19) - Today is a 5 - Stash away as much luck as possible. You don't need to have much on hand. Looks like you have the Midas touch.
