Israeli Attacks Continue, Expand

RAMALLAH, West Bank - Israeli troops backed by armor intensified an offensive across the West Bank on Monday, pounding a Ramallah building with anti-aircraft guns, briefly pushing into Bethlehem and sending the deafening echo of tank shells through Palestinian streets.

Spurred by a wave of bloody suicide attacks that claimed more than 40 lives in five days, Israeli leaders said the military drive was meant to smash a terrorist infrastructure.

Palestinians, for their part, said Israel's tactics amounted to a campaign of state terror against the civilian population. Troops searching for Palestinian mili-

tants and weapons caches carried out house-to-house searches and engaged in running battles with gunmen. In the center of Ramallah, soldiers used vehicle-mounted anti-aircraft guns to pul-verize the facade of a building where Palestinian gunmen were holed up, sending chunks of masonry plunging into the street. into the street.

Israeli forces also moved into the northern Palestinian towns of Qalqilya and Tulkarem on Sunday night and

Israeli forces advanced. Palestinian militants were killing Palestinians suspected of collaborating with Israel. Ten bodies were found in the West Bank, including seven taken by militants from a temporary jail and shot in the streets of Tulkarem.

In the sixth Palestinian attack in six days, a car bomb exploded near down-town Jerusalem, killing the driver and a policeman. Police said the policeman stopped the car and the driver, a Palestinian, set off the bomb.
