HOROSCOPES

Today's Birthday (Sept. 4)
 You may feel kind of squished by the project you're given, but it's not more than you can handle. True, it's bigger than anything you've ever tackled before. But the time had to come, and now it's here.

To get the advantage, check the day's ratings: 10 is the easiest day, 0 the most challenging.

Virgo (Aug. 23-Sept. 22)
 - Today is a 7 - You're rain't to go, but you may still be unsure of which path to take. You'll increase your income by keeping your promises.

Libra (Sept. 23-Oct. 22)
 - Today is a 9 - Forget about the critics. You're hot, and putting on a stellar performance. Well, don't forget the critics completely. Bow in their direction when you go out for your encore.

Scorpio (Oct. 23-Nov. 21)
 - Today is a 6 - Your friends agree with you, but the boss might not. Better go along with his or her requests, at least long enough to get that paycheck. Be smart.

Sagittarius (Nov. 22-Dec. 21)
 - Today is a 7 - You've probably realized by now that you're not in this battle alone. You have powerful friends. Allow them to comfort and inspire you.

Capricorn (Dec. 22-Jan. 19)
 - Today is a 6 - Don't get distracted by toys and luxuries when you're divvying up your funds. You don't need pretentious displays to make people think you're successful. Hidden wealth is more satisfying.

Aquarius (Jan. 20-Feb. 18)
 - Today is a 8 - Your chances of making significant progress are good, though negotiation is necessary. Give up something you can do without in order to get an important commitment.

Pisces (Feb. 19-March 20)
 - Today is a 5 - Try not to feel overwhelmed. It's good to stay busy, but this is ridiculous. There's more than you can do, so set priorities and delegate.

Aries (March 21-April 19)
 - Today is an 8 - The dreams that once seemed like impossible schemes are materializing everywhere. All your friends want to help, so organize them, and you'll coach a great team.

Taurus (April 20-May 20)
 - Today is a 6 - If somebody insists on getting a specific thing, there's a way it can be done. Consider the cost, weigh alternatives, then suggest they pay for it themselves.

Gemini (May 21-June 21)
 - Today is an 8 - You'll save a bundle by doing as much as you can instead of delegating. Don't pay for something that you can figure out for yourself. Follow the directions.

Cancer (June 22-July 22)
 - Today is a 7 - Changes to your old routine are happening so frequently, you may not have a routine any more. Add the new improvements and don't worry about it. All's well that ends well.

Leo (July 23-Aug. 22)
 - Today is a 7 - What you lack in experience you can make up for with charm and good luck. Well, almost. It's a good idea to also do the work you've been assigned.
