Aries (March 21-April 19)

Taurus (April 20-May 20) - Today is a 6 - An outing this week-end will do wonders to brighten your spirits. This doesn't have to be expen-sive. Mearwhile, but one of your wor-ries to rest or simply toss it out.

Gemini (May 21-June 21)

Cancer (June 22-July 22)

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Libra (Sept. 23-Oct 22) - Today is a 7 - The more you learn, the more powerful you become, but you don't know everything yet. A silly household frustration could have you stalled, but you can figure it out. Keep trying.

- Today is a 6 - A financial reversal inspires you to be more creative and inventive, maybe even more frugal. Make the switch from a bad habit to a good one, and do it for keeps. Sagittarius (Nov. 22-Dec. 21)

Capricorn (Dec. 22-Jan. 19) - Today is a 6 - Your decision should be made. If not, finish your research & make up your mind. You want to be ready when the time is right. You'll know when.

- Today is an 8 - If you're gonna be late for a date, better call and keep your sweetheart informed. "Hanging out with friends" may not be considered a valid excuse, by the way. Pisces (Feb. 19-March 20)

Leo (July 23-Aug. 22)
- Today is a 7 - You're smart but not intallible. A scheme that at first seems brilliant still needs some more work. Be cautious in order to avoid extra expenses.

-Today is a 5 - You're not working hard for nothing, you know. But you can still get somebody to help. That wouldn't be a violation of the rules.
