## HOROSCOPES

**Today's Birthday (Nov. 18)**  
 You're interested in security this year. Once you and your partner figure out how to get along, you'll notice others doing the same. If you draw the best from each other, not only will you be more successful, but you'll be setting a good example.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

**Scorpio (Oct. 23-Nov. 21)**  
 - Today is a 7 - Stability is what you're after. No more revisions or modifications for a while. Work the system you've got, and you'll discover what won't be a problem. It'll come naturally.

**Sagittarius (Nov. 22-Dec. 21)**  
 - Today is a 5 - Might as well relax and stick to your old routine. Nobody's interested in new ideas, even if they're improvements. Give 'em time to mature.

**Capricorn (Dec. 22-Jan. 19)**  
 - Today is an 8 - Others will be stalling, but that could be to your advantage. Don't get stuck behind them. Take the road less traveled, and you'll have it all to yourself.

**Aquarius (Jan. 20-Feb. 18)**  
 - Today is a 5 - Got any vacation days coming? Sick leave? If you have your own office, you could lock the door and put out a "do not disturb" sign. Schedule any action for Wednesday.

**Pisces (Feb. 19-March 20)**  
 - Today is an 8 - Use your natural intuition and a few things you've learned recently to avoid a difficult situation. No point in offering advice to people who aren't listening.

**Aries (March 21-April 19)**  
 - Today is a 4 - Money's the name of the game now. Save it, earn it, work more to get more, do what's required. It's not a grind, it's the way to get that new toy you're after.

**Taurus (April 20-May 20)**  
 - Today is a 7 - Your basic structure should be just about complete. Don't let anybody mess it up. You may have to fight for what you want, but that won't be a problem. It'll come naturally.

**Gemini (May 21-June 21)**  
 - Today is a 5 - Hold onto your radical, innovative suggestions for a couple of days. Nobody wants to hear them yet. Work on the facts, figures and your presentation. Make it short and solid.

**Cancer (June 22-July 22)**  
 - Today is an 8 - You've recently made advances and taken new ground. Take some time to explore your new boundaries. Don't push them yet, just find out where they are.

**Leo (July 23-Aug. 22)**  
 - Today is a 5 - Remember your manners. Show respect. No goofing off. Somebody important is watching, & they could be thinking about giving you more responsibility. Could be a talent scout.

**Virgo (Aug. 23-Sept. 22)**  
 - Today is an 8 - Reach out a little farther, just for the fun of it. You won't get as far as you'd like to go, but you can stretch your boundaries a little, and it will feel good.

**Libra (Sept. 23-Oct. 22)**  
 - Today is a 4 - You're the creative type, and you don't really like much restriction. It's good to have a strong foundation to build upon, however. Work on that now.
