HOROSCOPES

Today's Birthday (Dec. 2)
 You're a dominant force this year. Others look to you for guidance. You're a good listener. You're a wise counselor, but there's something you may have to learn. It's OK to plan ahead and to vigorously protect your privacy.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Sagittarius (Nov. 22-Dec. 21)
 - Today is a 7 - Something that has you worried may be a false alarm. If the plan isn't working the way you expected, rework the plan.

Gemini (May 21-June 21)
 - Today is a 6 - You'd better pack a lunch, because you might not have time to go out. You could get so involved in a fascinating project that you forget about food. Plan ahead.

Capricorn (Dec. 22-Jan. 19)
 - Today is a 6 - Leave your money in your pocket or in your savings account, whichever applies. You won't need it to have a good time. And leaving it behind will keep you from buying something you'd have to take back.

Aquarius (Jan. 20-Feb. 18)
 - Today is a 5 - You're making suggestions, but somebody is coming up with reasons to reject them. This game gets old fast. Stop playing and wait for a better time.

Pisces (Feb. 19-March 20)
 - Today is a 6 - Travel isn't such a great idea now. You might even have trouble getting your e-mail through AOL extra time.

Aries (March 21-April 19)
 - Today is a 7 - Just say "no" to friends who want you to overindulge. You can't afford to squander, even to have a good time. And, truth be told, neither can they.

Taurus (April 20-May 20)
 - Today is a 7 - All is not well for somebody you care about. You can offer comfort, and that might be enough. A foot rub? A hug? You'll know.

Virgo (Aug. 23-Sept. 22)
 - Today is a 7 - Don't get pushed into making a foolish mistake. Don't do something just because it's good for somebody else. Make sure it's good for you, too.

Libra (Sept. 23-Oct. 22)
 - Today is a 7 - As you're comparing your lists, don't despair, if you don't have a fortune to spend. Make that your excuse to get creative.

Scorpio (Oct. 23-Nov. 21)
 - Today is a 6 - Feel like you're not getting anywhere? Don't struggle or complain. Wait, and conserve your strength. You may need it soon, along with your other resources.
