HOROSCOPES

Today's Birthday (Sept. 30)
A lot of change and confusion this year eventually leads to a happy ending. So if things don't seem to be going right, have faith. You can't see the big picture yet.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Libra (Sept. 23-Oct. 22)
- Today is an 8 - Amazingly, you're starting to learn what you need to do in order to get ahead. It seems simple now, but that's partially because you've also got a tailwind.

Scorpio (Oct. 23-Nov. 21)
- Today is a 6 - You may feel stuck between a rock and a hard place. The more you clear up your surroundings, the more you'll ease your mind.

Sagittarius (Nov. 22-Dec. 21)
- Today is an 8 - Delete some of this and add some of that, and the puzzle is finally solved. Instead of making your life more complex, do what you can to simplify.

Capricorn (Dec. 22-Jan. 19)
- Today is a 5 - This is a good day for learning, but the action is fast and furious. Pay attention to what's going on, but wait until asked before making comments.

Aquarius (Jan. 20-Feb. 18)
- Today is an 8 - If it wasn't for all the bickering, this could be a lovely day. Try not to get into slinging mud. Be the objective, wise bystander.

Pisces (Feb. 19-March 20)
- Today is a 5 - Best keep a lid on your enthusiasm for a while, at least until you see how the wind blows. Make a list of all the reasons why you can't achieve a dream. Then, start crossing them off.

Aries (March 21-April 19)
- Today is an 8 - You may still have difficulty explaining why you're doing so well. Don't worry about that. Just keep dodging whatever is thrown your way. The outcome is in your favor.

Taurus (April 20-May 20)
- Today is a 6 - Keep most of what you're thinking to yourself while you assess the situation. A loved one can help you make the best choices by telling you what you don't work.

Gemini (May 21-June 21)
- Today is a 9 - You'll continue to be most successful with actions instead of words. Try not to get frustrated. It's good for you to practice.

Cancer (June 22-July 22)
- Today is a 6 - Although it may seem as if your progress is stalled, that's not the case. As you develop your skills, you'll find new ways to employ your growing talents.

Leo (July 23-Aug. 22)
- Today is an 8 - Initial confusion gives way as the answer becomes obvious. Why didn't you see it all along? Because it wasn't fully developed.

Virgo (Aug. 23-Sept. 22)
- Today is a 6 - As more money comes in, you'll find a lot of new ways to spend it. Household appliances might need to be replaced soon.
