HOROSCOPES
Today's Birthday (April 14)
Friends are your key to success this year - friends, and a creative team. You can accomplish a whole lot more by working with creative folks. They'll look to you for leadership.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aries (March 21-April 19)
- Today is an 8 - You're smart and witty. That's why it's so important for you to think carefully. Make sure you're leading the folks in the right direction before you speak.

Taurus (April 20-May 20)
- Today is a 5 - Try not to fret too much about things that haven't yet happened. Although things may not be going the way you want right now, you can turn that around.

Gemini (May 21-June 21)
- Today is an 8 - It's getting to be time to increase your responsibility. An unusual request from an older person could be just the challenge you need. Think about what you want.

Cancer (June 22-July 22)
- Today is a 6 - If you've been saving your money & investing wisely, a vacation may be in order. It's best to wait until after April 20.

Leo (July 23-Aug. 22)
- Today is a 7 - You don't have to come up with all the answers yourself. Have your advisors consult one another. Let them figure it out.

Virgo (Aug. 23-Sept. 22)
- Today is a 7 - A person who hasn't always been there for you in the past could surprise you by coming through in a pinch. Or not. Better find yourself a backup.

Libra (Sept. 23-Oct. 22)
- Today is a 9 - One of the most important things to do in a relationship is to come up with a project that you can work on together. Discuss the possibilities.

Scorpio (Oct. 23-Nov. 21)
- Today is a 6 - The hard part is almost over. You'll still have a tough assignment to finish, but you know that love is on your side.

Sagittarius (Nov. 22-Dec. 21)
- Today is an 8 - You'll find it easier to think clearly over the next several days. This is good, since you've been bogged down lately. Don't fret, you'll make up for lost time.

Capricorn (Dec. 22-Jan. 19)
- Today is a 6 - The further you advance, the more challenges you face. This is a great comfort if you were afraid you'd die of boredom. You won't.

Aquarius (Jan. 20-Feb. 18)
- Today is an 8 - If you're so smart and lucky, why aren't you rich? All in due time, good friend. All in due time.

Pisces (Feb. 19-March 20)
- Today is a 6 - You have a vivid imagination, but that doesn't mean you can't be a logical scientist, too. In fact, the combination of the two is awesome.
