HOROSCOPES

Today's Birthday (April 21)
A person you know has lofty dreams. You can help make those dreams come true. Don't do it as a favor, however. Get reimbursed for your service.
To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.
Taurus (April 20-May 20)
- Today is an 8 - You're tough, and you need to be in order to get past all the problems you faced. You may have noticed that it's fun to be tough, in a gentle and loving way.
Gemini (May 21-June 21)
- Today is a 5 - You're under pressure to explain recent activities. Review the things that worked, and make a note of the things that didn't. Be honest.
Cancer (June 22-July 22)
- Today is an 8 - Something you thought was worthless could turn out to be valuable. Isn't it funny how you never know what will be there for you and what won't? The spirit provides.
Leo (July 23-Aug. 22)
- Today is a 5 - The money is flowing your way. Let them know they can depend on you. And always be respectful. Arrogance is expensive.
Virgo (Aug. 23-Sept. 22)
- Today is a 7 - A job you've always wanted could become available. Better check it out thoroughly, though. It may not pay very well, if that's OK, proceed.
Libra (Sept. 23-Oct. 22)
- Today is a 6 - You'll notice that you're worn out from all your activity. Try to get a good night's rest. Tomorrow is a new adventure.
Scorpio (Oct. 23-Nov. 21)
- Today is a 7 - Your partner has been quite decisive lately. It's good to have someone else take the risks and the heat. Settle back and enjoy a well-earned rest.
Sagittarius (Nov. 22-Dec. 21)
- Today is a 5 - You're inundated with work. There's no time to take a break, not even for lunch. Brown-bag it today and set up your rendezvous for Friday. You'll have more time then.
Capricorn (Dec. 22-Jan. 19)
- Today is an 8 - You're so cute! Others are attracted to you not because of your wealth, but because you're imaginative and you shoot for such interesting goals.
Aquarius (Jan. 20-Feb. 18)
- Today is a 6 - It may be hard to get yourself going today. Even if you aren't sick, can you take off to rest? It could prevent a complicated malady from setting in.
Pisces (Feb. 19-March 20)
- Today is a 8 - Remember how to get to Carnegie Hall? Practice, practice, practice. You're good at that now, so take your talent to an even higher level.
Aries (March 21-April 19)
- Today is a 6 - You may feel uncharacteristically slow, deliberative, even exhausted. This is a result of all you've been through and the change in conditions. Take it easy.
