HOROSCOPES

Today's Birthday (August 24)
Although you're definitely a pragmatist, this year you'll be amazed to discover that a happy stroke of luck turns the tide in your favor, and not a moment too soon. Be bold.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Virgo (Aug. 23-Sept. 22)
- Today is a 7 - Within the parameters you've set, the answer isn't there. Luckily, you're about to start thinking outside that box.

Libra (Sept. 23-Oct. 22)
- Today is a 5 - You're about to go from seeing mostly individual shells, fish and crabs to an overview of the entire ocean. Metaphorically, of course.

Aries (March 21-April 19)
- Today is a 7 - Just when you think your obligations will interfere with the outcome you've been praying for, watch out for a miracle.

Taurus (April 20-May 20)
- Today is an 8 - If you haven't already figured it out what to make top priority, you should know by tonight or, at the latest, tomorrow. Here's a clue: It's something for your home that you've needed for a long time.

Gemini (May 21-June 21)
- Today is a 6 - For the next several weeks, the key to your success is repetition. The more you practice the skills you're learning, the better at them you'll become. Figures, doesn't it?

Cancer (June 22-July 22)
- Today is an 8 - You'll be amazed, for the next several weeks, at how many wonderful ways to save money you find. And some of them are very old. You ought to write a book.

Leo (July 23-Aug. 22)
- Today is a 7 - You get a reprieve, for the next several weeks, to finish things on your list. There are all things you've wanted to do, or have. Get busy.
