HOROSCOPES
Today's Birthday (October 18)
This is an excellent year to attack your home decoration dilemmas. With a few books to teach you how to accomplish your vision, you'll have great success. True, you may have to make a bigger mess before the place is ready to show, but don't let that stop you. It'll be fun - most of the time, anyway.
To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.
Libra (Sept. 23-Oct. 22)
- Today is a 7 - By doing things yourself, you'll learn and save more. Don't sit around and wait for someone else to come to your rescue. Others do it themselves all the time. How hard can it be? (Electrical wiring and dentistry excluded.)
Scorpio (Oct. 23-Nov. 21)
- Today is a 6 - Gather up as much as you can; you'll have new interests soon. Save some money by using instructional books for yourself. Educational videos work even better.
Sagittarius (Nov. 22-Dec. 21)
- Today is an 8 - There's no reason why a great, thoughtful, compassionate person like you should be broke. Allow abundance to come into your pocket. Then don't spend it all on your friends.
Capricorn (Dec. 22-Jan. 19)
- Today is a 5 - The cleaner you get all the nooks and crannies, the better you're going to feel. And the more confidence you'll have when asking for the next thing you want.
Aquarius (Jan. 20-Feb. 18)
- Today is an 8 - Your admirers come from far and near. There's hardly enough time to entertain them all, especially with chores to be done. Tomorrow will be even worse. Send out for food.
Pisces (Feb. 19-March 20)
- Today is a 5 - Figure out what's needed and required, and do what you can to provide it for a person who's slightly confused. You'll acquire a lifelong friend.
Aries (March 21-April 19)
- Today is a 6 - Use what you've recently learned to advance in your career. You don't have to tell anybody what it is; just knowing will boost your confidence.
Taurus (April 20-May 20)
- Today is a 6 - It shouldn't be long before you have the assignment pretty well wrapped up. You may be able to get away for a little while then but not now.
Gemini (May 21-June 21)
- Today is an 8 - You're so darned cute, it's hard for your admirers to leave you alone. In the proper time and setting, there's no reason to resist - which you've probably figured out.
Cancer (June 22-July 22)
- Today is a 5 - As usual, your early expenditure of energy pays off. You're prepared when a critic asks pointed questions. If you're not ready yet, haste.
Leo (July 23-Aug. 22)
- Today is an 8 - By now you should be just about ready to start taking on new projects. You should really well know what you and the others want. If not, do that first.
Virgo (Aug. 23-Sept. 22)
- Today is a 5 - You may feel like you're pouring money into a hole. Hopefully, it has a bottom, and you'll be pleased with the results. Stay in control as much as you can; the worst is just about over.
