HOROSCOPES

Today's Birthday (January 27)
Tally up your resources this year and don't forget to count the stuff you've hidden away. It's worth more than you thought.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aquarius (Jan. 20-Feb. 18)
- Today is a 5 - If you've figured out what you want, now figure out how to pay for it. Balance the checkbook, take care of the bills and see what you have left to play with.

Pisces (Feb. 19-March 20)
- Today is a 5 - You're just about to the point where you're going to have to start delegating. The objective is not to be the only person who can do the job, it's to get the job done.

Aries (March 21-April 19)
- Today is a 10 - The next few days will be busy, and your full attention will be required. Don't do a messy job - put in the effort and take care of others well.

Taurus (April 20-May 20)
- Today is a 7 - Once you're made all the important decisions, kick back and relax. You've earned a treat, and a romantic interlude at home is perfect.

Gemini (May 21-June 21)
- Today is a 7 - Focus on fixing your place up for the next day or two. Only you can get yourself out of the mess you've gotten into. But maybe you can get the family to help.

Cancer (June 22-July 22)
- Today is a 6 - For the next couple of days you'll find it easy to do the math. Bring all your bookkeeping up to date, and turn what you have into more.

Leo (July 23-Aug. 22)
- Today is a 7 - You may be doing what you're doing because you enjoy it immensely. Don't overlook the practical aspects, however. They're important for keeping body and soul together.

Virgo (Aug. 23-Sept. 22)
- Today is a 7 - The more you tidy up the place, the better you feel. You're getting stronger, physically and mentally. Plan something special for tomorrow, or even later tonight.

Libra (Sept. 23-Oct. 22)
- Today is a 7 - You like to get along with everybody, but that sometimes leads you to make promises. Hurry and keep them, before you forget. You can bet the others won't.

Scorpio (Oct. 23-Nov. 21)
- Today is a 6 - You've achieved a new level of status in the community. This opens the way to new contacts and new privileges. For the next day or two, enjoy to the fullest.

Sagittarius (Nov. 22-Dec. 21)
- Today is a 7 - Consider the possibility of taking on more responsibility. Generally, you avoid that like the plague, but think again. You might actually get more free time.

Capricorn (Dec. 22-Jan. 19)
- Today is a 6 - Once you've got your supplies, you can take off on your expedition. Whether this voyage is virtual or actual is a choice that you must make. And that's just the beginning.
