

# Graduate Research Fellows, the Kauffman Undergraduate Energy Biosciences Scholars, and the Science & Math Achievement Awards of 2005 wish to thank their advisors, mentors and sponsors.

**LAURA LAPHAM, Graduate Mentor**  
*Marine Sciences Department*

Wow, what a summer! I have no doubt you are the best mentor I could have had, thoroughly teaching me along the way, and doing so with the utmost patience! I have truly enjoyed working with you and look forward to doing so in the future!  
-Sam Perkins

**EDUARDO LAZAROWSKI, Faculty Advisor**  
*Pulmonary and Critical Care Medicine, School of Medicine*

... for all your insight and patience with me. You have been a huge influence to me, and I will never forget it.  
-Doug Orloff

**JASON LIEB, Faculty Advisor**  
*Biology Department*

... for your mentorship throughout my research experience. Without your guidance, motivation and inspiration, I would have accomplished nothing. You truly are an amazing scientist and person, and I will be forever grateful to you for this opportunity.  
-Rose O'Rourke

**BO LIU, Graduate Mentor**

*Microbiology and Immunology, School of Medicine*  
... all your time and help.  
-Swathi Eluri

**RICHARD LUBY, Faculty Advisor**  
*Music Department*

... guiding me through my SURF experience. Without your help, I would have never received any of the valuable information that I learned this summer. By setting me up with teachers with expertise in various fields, I was able to become a more well rounded player.  
-Hannah Mark

**SCOTT LUJAN, Graduate Mentor**  
*Biochemistry & Biophysics Department*

... helping me and encouraging me to keep going. And of course, thank you for the answers to my million questions!  
-Dhruvi Patel

**CHRISTOPHER MARTENS, Faculty Advisor**  
*Marine Sciences Department*

I cannot thank you enough for, nor explain the impact of, what you have done for me in allowing me to partake in this research, particularly so early in my time at UNC. The experience is one that will by all means serve me invaluable as I continue in research, college, and life.  
-Sam Perkins

**WILLIAM MARZLUFF, Faculty Advisor**  
*Biochemistry and Biophysics Department*

... allowing me to utilize your lab and your resources to work on my own project. I have learned an incredible amount in the time I have been here, not only about science and research, but also about what I want to do in the years to come.  
-Alexander Berkow

**STEVE MATSON, Faculty Advisor**  
*Biology Department*

The guidance and support you have given me have been invaluable to me. I feel you have made me not only a better scientist, but a better person as well.  
-Steven Pattishall

**TIMOTHY MCKEOWN, Faculty Advisor**  
*Political Science Department*

... your continued patience, direction, and breadth of knowledge as this project moves on. I am looking forward to working with you throughout the rest of the year.  
-Blakely Whilden

**MARSHA MICHIE, Graduate Mentor**  
*Anthropology Department*

Cultural Anthropology is a sticky subject. Sometimes the participant-observer becomes deeply involved in the life of their community. Sometimes the lines become blurry. Thank you for our conversations—over great food and drink—to sort through these experiences!  
-Franklin Horn

**SHANNON O'NEILL, Graduate Mentor**  
*Communication Studies Department*

... all of your support and encouragement. You have truly gone beyond the call of duty for a mentor and been a genuine friend. I could not have completed my project without you.  
-Kelly Barber

**NALIN PARIKH, Faculty Advisor**  
*Physics and Astronomy Department*

... for such a wonderful opportunity to conduct research. The SMART program is advantageous to students because it provides knowledge and experience that students do not receive in the classroom.  
-Maurice Alexander  
... giving me this opportunity to get some exposure to undergraduate research here at UNC. Without the DEBS Program, I don't really know how I would have been able to experience this as a freshman.  
-Jacinta Jones

... choosing me to work in your lab and for pushing me to be the best I could be. You are goal-oriented and always productive. I also appreciate you for been consistent when I may have slacked off.  
-Akin Omofoye

**KARL PETERSEN, Faculty Advisor**  
*Mathematics Department*

... all of the time and effort you put into teaching me and helping with my project. The trip to Vienna was fantastic and I greatly appreciate everything you have done for me. I look forward to continuing to work with you this year.  
-Steve Piantadosi

**SHANTANU PHUKAN, Faculty Advisor**  
*Asian Studies Department*

It was because of our Hindi/Urdu class that I was introduced to the fascinating topic of Sufism, and because of your encouragement that I decided to spend a summer in India studying it - the experience has been invaluable. Thanks for all your knowledge & guidance.  
-Eugene Jacobson

**DANA POWELL, Graduate Mentor**  
*Anthropology Department*

Thanks for everything! Besos!  
-Liz Mason-Deese

**ALI RACINE, Graduate Mentor**  
*Chemistry Department*

... consistently meeting with me and discussing my results and for answering my frequent spontaneous questions because I know I can get annoying.  
-Alex Mitchell

**BHARGAVI RAO, Graduate Mentor**  
*Curriculum of Genetics and Molecular Biology*

I would have been a ship lost at sea if it wasn't for your guidance, patience, and dedication. Everything I know about research is because of you and your willingness to take time out of your own schedule to teach me. You are not only an awesome mentor, but a great friend as well.  
-Rose O'Rourke

**MATTHEW REDINBO, Faculty Advisor**  
*Chemistry Department*

... giving me this great opportunity and all of your support and advice!  
-Dhruvi Patel

**DANIEL REICHART, Faculty Advisor**  
*Physics and Astronomy Department*

... all the opportunities and advice over the last year. I have already learned more in the last year than I ever thought possible.  
-Drew Foster

**ADAM ROBERTSON, Graduate Mentor**  
*Biology Department*

I truly appreciate all the time you have spent assisting me with my research and general education. I know you could have been doing research of your own during these times, so I am extremely grateful for your willingness to help.  
-Steven Pattishall

**JULIO RUCABADO, Graduate Mentor**  
*Anthropology Department*

... all your patience while I was trying to figure out the direction of my research. It was slow going, but I think I ended up finding some things that can be useful. I'm glad I had your help and guidance while trying to sort out my first research project; it's been invaluable.  
-Terence McNamara

**EUNICE SAHLE, Faculty Advisor**  
*African and Afro-American Studies Department*

Without your support I would never have been able to have had such a wonderful and successful experience. Thank you for all the time and effort you have already spent assisting me. I look forward to finishing my thesis with your guidance in the fall.  
-Alyssa Fine

**ED SAMULSKI, Faculty Advisor**  
*Chemistry Department*

I thoroughly enjoyed working as a member of your research lab this summer. You have a contagious enthusiasm for science, you're always available for ideas or advice, and you encourage your students to set high but achievable goals. Thanks for such a valuable experience.  
-Kevin Henderson

**BALFOUR SARTOR, Faculty Advisor**  
*Microbiology and Immunology, School of Medicine*

... giving me the opportunity to work in his lab. Your guidance, thoughts, and insight are admirable and noteworthy. I appreciate your time and the all the help you have given me.  
-Swathi Eluri

**MARK SCHOENFISCH, Faculty Advisor**  
*Chemistry Department*

... your constant encouragement and always intelligent advice.  
-Greg Charville

**MARY SHERIFF, Faculty Advisor**  
*Art Department*

It gave me confidence going into my project knowing that my advisor was an authority on the artist in my study. You offered helpful suggestions which gave my research momentum.  
-Allie Scales

**SARAH SHIELDS, Faculty Advisor**  
*History Department*

... supporting me in this research, and for being so caring and constantly emailing me to check on me to see if I was safe and in need of anything and for encouraging me throughout the whole process especially when at times I felt overwhelmed and insecure. You're the Best.  
-Amir Qaddomi

**KWAN SKINNER, Graduate Mentor**  
*Applied Sciences Department*

... all of the help and information that you gave me about everything from nanotechnology to website design. You truly made me feel more comfortable about my upcoming academic year at Carolina.  
-Angela Garner

**KEITH SOCKMAN, Faculty Advisor**  
*Biology Department*

... introducing me to the wonders of the Colorado Rockies and the beauty of the Lincoln sparrows. I thoroughly enjoyed all of your anecdotes about camping and research, which helped make my first field research trip an unforgettable experience.  
-Sachi Vora

**MARK SORENSEN, Faculty Advisor**  
*Anthropology Department*

... making possible my expedition in Siberia! You helped me open doors to Russian culture, anthropology, and ecology that I could never have opened alone, and I do not believe there is a way for me to really verbally express my appreciation for your guidance.  
-Nitin Sekar

**DMITRY SPIVAK, Graduate Mentor**  
*Physics and Astronomy Department*

... always having an answer to any one of my questions. I learned so much from you in so little time, so I thank you for being such a big help in my learning experience this summer.  
-LaKia Scoggins

**LINDA SPREMULLI, Faculty Advisor**  
*Chemistry Department*

... your enthusiasm towards my experiments and your guidance and help when I needed it. I admire your wisdom, your endless patience, and your kindness towards students. I had a great time this summer, and I look forward to continuing my research with you through chem 99!  
-Kimberly Hung

**GABRIELA LIVAS STEIN, Graduate Mentor**  
*Psychology Department*

You're the best! This summer has been so productive and fun and I feel as prepared as possible for this coming year and all else that will come. I really appreciate you being willing to give me your precious time just to answer my questions and teach me all you know! Thanks!  
-Kim Shumaker

**RICH SUPERFINE, Faculty Advisor**  
*Physics and Astronomy Department*

... the wonderful opportunity to work amongst the gifted advisors in the Physics Dept. The DEBS program and the Physics labs were educational, interesting, and fun and I am extremely happy to have been a part of both.  
-Korsica Lassiter  
... giving me the opportunity to work in the Physics&Astronomy lab, because this has sparked an interest in Physics that I plan on pursuing. This was a wonderful learning experience and I appreciate you all taken the time out to be so helpful.  
-LaKia Scoggins

**JANE THRILKILL, Faculty Advisor**  
*English Department*

... all of your insights and suggestions during the summer. I look forward to continuing this project in the coming months and truly appreciate your constant support.  
-Jason Maxwell

**SALLY TOMLINSON, Graduate Mentor**  
*Art Department*

... for introducing me to the neglected field of women artists and giving me the information about "my" artist which motivated my SURF project and for your knowledge and enthusiasm.  
-Allie Scales

**LINDA WAGNER-MARTIN, Faculty Advisor**  
*English Department*

Your encouragement, creativity, and optimism shaped my research in ways I never imagined. Thank you for sharing your summer with me.  
-Danielle Hartman

**SEAN WASHBURN, Faculty Advisor**  
*Applied Sciences Department*

... your time and involvement this summer. You really helped to make my summer at Carolina a great one.  
-Angela Garner

**HARRY WATSON, Faculty Advisor**  
*History Department*

... your willingness to encourage my research ideas this summer. I had a wonderful experience.  
-Wesley Campbell

**MORT WEBSTER, Faculty Advisor**  
*Public Policy Department*

... all of your support over the summer, and I look forward to working with you more this year (especially if you make some more of those cookies!).  
-Courtney Enlow

**KEVIN WEEKS, Faculty Advisor**  
*Chemistry Department*

... many things, but especially for your trust, which has enabled me to take on an exciting project with a large degree of freedom.  
-Tian Li

**KAREN WENDLING, Graduate Mentor**  
*Chemistry Department*

... helping me learn the technology and get the graduate experience. The experience will greatly influence my future career path.  
-Jeremy Felton

**JAMES WHITE, Faculty Advisor**  
*Political Science Department*

... always being ready to help me whenever I needed your assistance. I've learned so much from you from your class and even from chatting with you in your office. You've been so encouraging, and I really appreciate everything you've done for me.  
-Priscilla Baek

**RHONDA WILKERSON, Faculty Advisor**  
*Elementary Education, School of Education*

Without your gracious willingness to meet me many times for coffee or just a quick meeting to discuss my research and thesis, I would not have been able to collect the data that I needed to complete my thesis. Thank you!  
-Sarah Richardson

**CHRIS WILLET, Faculty Advisor**  
*Biology Department*

This opportunity was a valuable experience from which I have greatly benefited. The experience and knowledge that I gained in the laboratory is something to build and expand on and I thank you greatly for such a great opportunity.  
-Maurice Alexander
