**Horoscopes**

**Today's Birthday (November 14th)**  
You're strong, but it will be a big help if you're also a diplomat. Get a high-energy person to work with you, instead of against.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

**Scorpio (Oct. 23-Nov. 21)**  
- Today is an 8 - They say that opposites attract. That may be true, especially if you admire the differences. You'll get to see if you do, or can, soon.

**Sagittarius (Nov. 22-Dec. 21)**  
- Today is a 6 - If you've got any untried ideas, save them until later. People who are short on time are not in the mood to listen.

**Capricorn (Dec. 22-Jan. 19)**  
- Today is a 9 - You're so cute, your biggest problem involves scheduling. Be careful not to promise to be in two places at the same time.

**Aquarius (Jan. 20-Feb. 18)**  
- Today is a 5 - Careful contemplation is required, so just relax. Take your time and don't be pushed into making the wrong decision.

**Pisces (Feb. 19-March 20)**  
- Today is an 8 - It's time to go back to school, via your own home study program. Practice your skills in private, and you'll go far.

**Aries (March 21-April 19)**  
- Today is a 6 - Now that you've figured out what you have to accomplish, you need a plan. Don't go shopping yet - that'd be premature.
