Announcements

NOTICE TO ALL DTH CUSTOMERS

Deadlines are NOON one business day prior to publication for classified ads. We publish Monday thru Friday when classes are in session. A university holiday is a DTH holiday too (i.e. this affects deadlines). We reserve the right to reject, edit, or reclassify any ad. Acceptance of ad copy or payment does not imply agreement to publish an ad. You may stop your ad at any time, but NO REFUNDS or credits for stopped ads will be provided. No advertising for housing or employment, in accordance with federal law, can state a preference based on sex, race, creed, color, religion, national origin, handicap, marital status.

HOROSCOPES

If February 26th is Your Birthday. When asked, friends will help with your project this year. They'll offer unsolicited advice and motivation. This may feel like nagging sometimes, but it's mostly meant to assist.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aries (March 21-April 19) Today is a 6 - Careful computation is required, and a good excuse. There may be a few items you'll have to take away from your list. Set priorities, so you can maintain hope you'll get them later.

Taurus (April 20-May 20) Today is an 8 - Set up your team to win. Make sure they know what needs to be done. Provide constant encouragement; this isn't going to be easy.

Gemini (May 21-June 21) Today is a 6 - You're into the difficult part. Your goal seems impossible. Don't lose faith and toss it out, make it into smaller chunks. Get there one step at a time.

Cancer (June 22-July 22) Today is an 8 - Jointly held finances are a hot topic now. This includes the household money, loans and investments. Don't even mention speculation. Don't risk security.

Leo (July 23-Aug. 22) Today is a 6 - Somebody can find disagreement with just about everything that's said. Don't get into the middle of the conflict unless you must, to keep the peace.

Virgo (Aug. 23-Sept. 22) Today is an 8 - You're good at telling the difference between fact & fantasy. You may also find a few superfluous things you could do without. Be careful.

Libra (Sept. 23-Oct. 22) Today is a 6 - Not a good day to gamble. Don't even bid around. The odds are too high you'll trip over your own feet and hurt yourself. Watch where you're going.

Scorpio (Oct. 23-Nov. 21) Today is a 7 - Taking a little risk seems to be a worthwhile endeavor. It isn't, though. Wagers you make now are more likely to go the other way. Better zip your lip.

Sagittarius (Nov. 22-Dec. 21) Today is a 5 - It's good to make long lists. You're still in control, however. Situations change. You can scratch things off without ever achieving them. They're your lists.

Capricorn (Dec. 22-Jan. 19) Today is a 7 - Beware of false friends who are after your money. They may try to sell you something you don't need. Don't take their word for it; do your own research.

Aquarius (Jan. 20-Feb. 18) Today is a 5 - Not a good time to offer financial suggestions. Keep your dreams to yourself; for now keep working the job and you'll get there, eventually.

Pisces (Feb. 19-March 20) Today is an 8 - Expand your search, but keep private what you're actually finding. You don't want to encourage a lot of competition. Hold onto your advantage.

Virgo (Aug. 23-Sept. 22) Today is an 8 - You're good at telling the difference between fact & fantasy. You may also find a few superfluous things you could do without. Be careful.

Female Volunteers Wanted for Nutrition Research Study

The Nutrition Department at UNC-Chapel Hill is enrolling participants for a study to examine the effects of estrogen and certain gene variations on human choline requirements.

Choline is an essential nutrient and is found in many foods. We recently found that the human choline requirement differs from person to person and is influenced by estrogen and common gene variations. The purpose of this study is to improve our understanding of how these factors change a person's need for choline.

We are looking for healthy women, with a BMI range of 18-34, who are 18-80 years of age, with no liver problems, no history of heart disease or blood clots, and no history of breast or endometrial cancer.

Post-menopausal women will be asked to take either Premarin (a form of estrogen replacement therapy) or a placebo. Pre-menopausal women will not take any medication. All participants will ingest diets that are low in the nutrient choline.

Participants who are eligible must only eat food provided by the General Clinical Research Center (GCRC). They must also live and stay at the GCRC in UNC Hospital for up to 62 days and will receive their meals there during this time. The
