trimmed, in the latest style; and a large assortment of Wrought Collars, Undersleeves, Chemisettes, de. de. She will sell at Wholesale to the Country trade on liberal terms. Dress Making, Pressing and Bleaching, in all their branches continued as usual.

VALUABLE PLANTATIONS FOR SALE.

Newbern, April 11th, 1854.

THE entire body of land usually known as the Clermont and Ferry Plantations, formerly the property of the late Governor Spaiglit, on the South side of Trent River opposite to the Town of Newbern is offered for sale. These lands extend from the mouth of Green Spring Creek below Newbern to Brices Creek, about three miles above the Town, Trent River, Neuse River, Brice's and Green Spring Creek constitute their boundaries on three sides.— The two Plantations are separated only by the road leading from Newbern to Beaufort and do not vary much in the number of acres containing together about eighteen hundred acres. There is attached to each Plantation sufficient wood & timber land for the use of the Plantation. The cleared land is in a good state, crops having been taken from no part of it oftener than every alternate year. On the Clermont Plantation is a good and commodious brick dwelling House and all necessary out house a Gin House stables and a large and excellent barn at which any vessel coming to Newbern can load. On these lands are beds of marl, believed not inferior to any that can be found either in quantity, quality, or the facility with which the marl can be used, as it is near the surface and in the fields, where it can be most profitably applied.—
There are other material for manuring, such as Mud &c., in great abundance on the farms.

The Ferry Plantation immediately fronts the

Town of Newbern and has attached to it a Ferry to the Town, with the best channel of the River and Brice's Creek on the Plantation side of the River the whole extent of the lands. On these Plantations are several seine beaches in good order. The Bridge across Trent River on the Beaufort Road gives easy access from both Plantations to the Town of Newbern. The whole could be used as one plantation by a person desiring that quantity of land, or it could be separated advantageously as two plantations,—and the contemplated Railroad to Beau fort or its vicinity cannot approach near Newbern without crossing the body of the lands. The whole or either Plantation is offered for sale and accomo-

dating Terms will be given to a purchaser.

Persons desirous of purchasing are invited to examine the lands and correspond with the subscriber at Washington or Newbern. R. S. DONNELL Newbern, N. C. April 18th, 1854.
