ASTONISHING CURE.

Patterson, N. Y., 20th, 1851. Messrs. A. B. & D. Sands: Gentlemen,-Having witnessed the most beneficial effects from the use of your Sarsaparilla, it gives me pleasure to send you the following statement in regard to my son. In the spring of 1848 he took a severe cold, and after eight weeks of severe suffering the disease settled in his left leg and foot, which soon swelled to the ut most. The swelling was lanced by his physician, and discharged most profusely; after that no less WM H. MAYHEW, Principal than eleven ulcers formed on the leg and foot at one time. We had five different Physicians, but none relieved him much; and the last winter found him so emaciated and low that he was unable to leave his bed, suffering the most excruciating pain. During this time the bone had become so much affected that piece after piece came out, of which he has now more than twenty-five preserved in a bottle varying from one half to one and a half inches in length. We had given up all hopes of his recovery, but at this time we were induced to try your Sarsaparilla, and with its use his health and appetite began immediately, to improve, and so rapid was the change that less than a dozen bottles effected perfect cure. With gratitude, I remain truly yours,

. DARIUS BALLARD. We the undersigned neighbors of Mr. Ballard heerfully subscribe to the facts of the above statement
