**HOLLOWAY'S OINTMENT A MOST MI-**RACULOUS CURE OF BAD LEGS, AFTER 43 YEAR'S SUFFERING.

Extract of Letter from Mr Wm. Galpin, of 70 St. Mary's Street, Weymouth,dated May 15th 1951.

To Professor HOLLOWAY:

Sin-At the age of 18, my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months togeth-er she was deprived entirely of rest and sleep. Every remedy that medical mon advised, was tried, but without effect—her health suffered severely, and the state of her legs was terrible. I had of-ten read your advertisements, and advised her to try your Pills and Ointment : and, as a last re-

THE MEXICAN MUSTANG LINIMENT Has been used quite extensively in the stables of ADAMS & CO'S GREAT SOUTHERN,

EAST IRN and WESTERN EXPRESSES, for CURING Galds, Chafes, Scratches, Sprains and Bruises, and it has proved very effectual. Many of their men have also used it on themselves and their families, and they all speak of its healing and remedial qualities in the highest terms. One of our hostlers got kreked, and baily cut and bruised on his knee-as usual the MUSTANG LINIMENT was resorted to, and the soreness and lameness was soon removed, and it was per feelly well in three or four days. We have no hesitation in recommonding it as a valuable pre-paration, to be trace externally on man or beast.

J. DUNNING, Foreman of Adams & Co.'s Express Stable, New York.

We take great pleasure in recommending the MEXICAN MUSTANG LINIMENT to all our friends and customers as the best article we have ever used for Sores, Sprains, or Galds in Horses. We have used it extensively, and always effectually, Some of our men have also used it for severe Bruises and Sores, as well as Rheumatic Pains, and they all say it acts like magic-we can only say that we have entirely abandoned the use of

any other Liniment. J. M. HEWITT, Foreman f.r AMER#CAN EXPRESS CO., 10 Wall st. HARNDEN'S EXPRESS, 74 Broadway, PULLEN, VIRGIL & CO S. 16 Wall st., WELLS, FARGO & CO'S, 16 Wall street. Principal Offices, 304 Broadway, New York and St. Louis, Mo. A. G. BRAGG & Co., Proprietors.

## Dover, N. H., Jan. 26, 1853.

MESSRS. A. G. BRAGG & Co.-I had a valuable horse that about three weeks since was wounded severely in his thigh, with a sharp hook opening a gash three inches in length and an inch or more deep. I tried various articles to heal it, but inflammation getting into it caused large quantities of matter to collect, and the limb was quite stiff. A friend of mine asked me if I had tried the Mustang Liniment, to which I re-plied in the negative, but thinking it might do some good, was induced to try it. I had only one half bottle when the inflammation be used gan to be removed, and the wound to heal. Now it is entirely healed and the hair is growing over the wound, making it look as well as ever. ping that others may be benefitted by a trial of your valuable compound, I remain yours.

CHAS. E. WHITEHOUSE. RUSSELL COUNTY, Ala. F.b. 1st, 1853.

In justice to the proprietors, and for the bene-fit of the afflicted, I feel it my duty to state publiely, the remarkable cures that have been effect ted in my tamily by the use of the Mustang Liniment. A Negro of mine had what was called a Bone Felon, or Whillow on her middle finger; the pain was most intense and excruciating. The inflammation had been so extensive that the whole finger had become almost a mass of corruption, and the only hope of saving her hand, and perhaps her life, appeared to be to have it cut off. As her general health was very delicate, the physician advised us to try the Mustang Liniment a few days, till she could be sent to a surgeon in Columbus, as it could do no harm, and might prevent mortification. To the astonishment of the doctor, and uyself, the pain soon ceased, the inflammation subsided, and the wound rapidly healed. The finger is now perfectly well and sound! One of my boys was severely burned. The skin was entirely taken off from the knee to the ankle. The Mustang Liniment was freely applied, and nothing else was used.

throughout the country.

Our knowledge of the superior remedial pow ers of this composition, and its excellent and ind influence upon the female constitution. are founded upon the truths of medical science, and confirmed by the experience of thousands of ladies who have taken of this CATHOLICON with the most happy and universal success for the diseases and derangements commonly called FEMALE COMPLAINTS.

Among these are Prolapsus Useri, or Falling of the Womb, or Chronic Inflamation and Ul-veration of the Womb; Incidental Hæmorrhage or Flooding: Fluor Albus, or Whites; Chloro-sis; Painfill, Suppressed, and Irregular Men-vin de antiput the second program. struction, \$c., with all their accompanying evils, (Cancer excepted,) of whatever duration and seerity. ALL THESE COMPLAINTS can be pleasantly, safely, and certainly remedied by this prepa ration.

The general failure of the worthy attempts of the medical faculty to cure this class of diseases heretofore, is greatly to be attributed to their reliance upon local remedies, aside from the want of a knowledge of the proper treatment for the general economy. Already, very many of the profession, having witnessed its salutary effects, have thrown aside their conventional prejudice and are manifesting a due regard for the wel-fare of their patients, by recommending the use of this Medicine, and resorting to it themselves in the treatment of all the complaints for which it is intended.

The influence of this composition upon the female constitution is of the most friendly kind; the most delicate and feeble female need have no fears in its use for any length of time, for it contains no mercury, nor any article which can prove in any way injurious, being made entirely of vegetable extracts, and prepared so as to taste like a pleasant cordial.

I had recourse to a va-riety of medical advice, without deriving any be-nefit, and was even told that the leg must be ampatated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact.
